The wipe-up Quay got in Allegheny was a clean scrub.

The Senate still has too much other business to bother with Quay's Stone certificate-postponed again.

Our representative in congress, Hon. J. K. P. Hall, is rising to prominence and will be a credit to his constituents He will be chosen as one of the delegates to the Democratic National Convention.

Confessions made by parties under arrest for the murder of Governor Goebel, of Kentucky, implicate Governor Taylor and most of the prominent Republican officials around him, and s number of these are now under arrest.

Bill Andrews, Quay's leading manager, was defeated by 1000 majority for assembly at the Republican primariein the First Allegheny district, on Saturday, along with Simon, his running mate. This is a heavy blow for the machine.

The Boers on Saturday captured s large force of British 30 miles southeas of Bloemfontein, consisting of the 10th Hussars, Household Cavalry, two horse batteries and a force of mounted infantry. The British walked into a trap and were captured without a gub being fired.

The Republican party, so long as it remains in control of the Government, will never give the country tariff laws for revenue only, and so long as the present protective system is in force, the people cannot hope to escape eutirely from the clutches of the trust, even though the States should pass the most rigid anti-trust laws.

Russia has given a semi-official announcement to the effect that neither now nor at the end of the war can the Boers hope for Russian intervention, a fact which it is desirable President Krueger should understand. Russia has no interest in South Africa, and will not depart from a strictly neutral

In Beatty, Kansas, the Mayor and all other town officers are women, being elected a year ago, and are now candidates for re-election. Opposed to them is a ticket composed entirely of men nominated by a citizen's mas-

The women favor strict prohibition, and the men want to run things on a liberal policy.

Thus far the Republican primaries held in about a dozen counties within three months, show a loss of 4 or 5 delegates for the Quay machine.

In this county the Quay forces will barely make a stand as the Reform element in the Republican ranks is too strong, to its credit be it said, and ex-Governor Hastings has a powerful hold upon the rank and file.

The funeral of General Joubert, the

Diarrhoea Remedy, or who has been great Boer commander, was held on Friday. Tokens of esteem were received from British officers who are prisoners, in wreaths for the coffin.

It is reported the Queen cabled to Lord Roberts asking him to convey by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters asking him to convey to Mrs. Joubert, the widow of the Boer General, an assurance of her Majesty's sympathy. The Queen added that the British people regarded Gen. Joubert as a gallant soldier and an honorable forman.

In India nearly five million persons public sale, at the Court House, in the Borough of Bellefonte, Pa., on SATURDAY, APRIL 21, 1990, were in receipt of regular relief on account of the famine and the cost for At 10:30 o'clock a. m., the following described count of the famine and the cost for the ensuing year is estimated at 16 million dollars, as the Viceroy reports. The Government, he said, hoped during the forthcoming year to spend 3 million dollars in irrigation, but he could see no chance of cutting down the military estimate. "There are two duties of Indian statesmanship," said the Viceroy, "One is to make these millions happy and the other is to keep them safe. For the sake of the keep them safe. For the sake of the one we must not neglect the other."

The Porto Rico bill-to tariff-skin the people of the war and cyclone ravaged island—is on a fair way to make a wide breach in the Republican party. One portion is for performing a "plain duty" in behalf of our new island, while McKinley and his friends the Trusts, want no "plain duty" nonsense, but in the language of the Ohio congressman, Grosvenor, the President's spokesman on the floor of the House, "We want to make all the money out of them we can."

inder McKinley's treaty of Paris, under which we gave Spain \$20,000,000 for an unfinished war and an empty title to sundry islands. A provision lost sight of by that treaty was the payment to American citizens of claims against Spain. The United States undertook that burden. A bill has just been introduced in Congress for a commission to adjudicate these laims. The commission road is the avorite one to the treasury these days. At the lowest estimate these claims will aggregate \$20,000,000. Awards nust be reported to Congress for special appropriation before final payment. This commission will cost anqually \$50,000. Here is another evilence of the incompetency, prodigality and negligence of our representatives at the Paris congress. They obligated us to pay 20 million dollars for the Philippine islands after they were ours by conquest, and besides covenanted we should pay all just claims for Spanish wantonness in the acquired islands. These claims may run into hundreds of millions.

The action of the Iowa Legislature in passing a resolution condemning the passage by Congress of the iniquitous Porto Rican tariff bill is a stunning blow to those Republican Representatives who voted for the measure. Individual protests from all over the country had been received by these Congressmen, but though somewhat dismayed by the number of them, they flattered themselves that the whole thing was something of a tempest in a eapot, and would soon blow over.

It has brought to the Congressmen a better realization of the temper of the people of the country regarding their effort to saddle a heavy load upon the people of Porto Rico at the demand of the trust magnates, and it has proportionately increased the demoralization and division of the Republican majori-

The efforts of influential Russian newspapers to show that Germany's interests lie with Russia and France, against England, are attracting some attention in Berlin. The Kreuz Zeitung quotes an article by Prince Trubetzkey showing that the Franco-Russian alliance does not now have a threatening character, but that England is threatening the peace of the world, and that Germany, seeking a new weapon in her augmented fleet, needs an ally in order to enable her to withstand British pressure.

The Kreuz Zeitung treats this sympathetically, but asks some guarantee that the Ru sian Government would follow of a policy friendly to Germany upon the next explosion of French Chauvinism.
