

# THIS IS FOR YOU.

For people who value the almighty dollar.

For people who care to dress well.

For people who care to save money.

For every man, boy or child who wears clothes.

We want your trade. We want it bad enough to give you inducements such as you will find no place in Centre County.

## ..Inducements That Merit Your Patronage..

A stock—an assortment five times larger than you will see any place in the county. It is worth something to you to know that you have made your selection from a showing of clothing that embraces every good style in the market—not a few—BUT ALL—NOT A SINGLE THING MISSING.

You will admit it is some satisfaction to be able to buy what you had intended to—not to be persuaded into buying a substitute.

This is surely one advantage our many times larger stock affords you.

### Enormous Purchases—All Placed before the Advance,

Orders that would be considered large for the biggest dealers in Pennsylvania, thereby permitting us to sell at the old prices. Less the saving that Big Cash Buying is honestly entitled to.

### 30 per cent. Saving on every Clothing Purchase

You make of us a very modest assertion.

In many instances you will find our prices fully one-half less than others. This is an advantage you surely cannot afford to overlook. Many years of experience in catering to your clothing wants. A thorough knowledge of STYLES AND MAKERS, assuring you the cream of America's best makers from which to make your selections. Goods that fit perfectly. Goods that are made by tailors of the highest class. Goods that will undoubtedly meet with your approval in every way. All this backed by a concern that has been with you for years, and who expect to be with you for many years to come, a concern who insist that every purchase made of them must be satisfactory, or

YOUR MONEY AWAITS YOU FOR THE ASKING.

## Is This Not An Advantage to You? Think it Over.

### FAUBLES,

Brockerhoff House Block.

#### Result of Unaccustomed Exertion.

Sudden emergencies sometimes necessitate severe labor or exertion, which bring into play certain muscles, that have been comparatively inactive for a long time. A stiffness of the muscles generally results, which prevents them from performing their regular duties for several days. Exposure to a draught, or the drenching of a rain-storm are frequently followed by rheumatism or neuralgic pains. The loss of time and money, as well as the suffering of pain can well be obviated by the proper and timely external use of the H. H. H. Medicine. See that the signature and portrait of the inventor D. Dodge Tomlinson, 400 North Third Street, Philadelphia, Pa., appears on the wrapper. For sale by J. D. Murray.
