ASSEMBLY.

We are authorized to announce that J. W. Kepler, of Ferguson township, will be a candidate for Assembly, subject to the decision of the Democratic County Convention.

We are authorized to announce that J. H. Wetzel, of Bellefonte, will be a candidate for Assembly, subject to the decision of the Democratic County Convention.

We are authorized to announce that Robert M. Foster, of State College, will be a candidate for Assembly, subject to the decision of the Democratic County Convention.

We are authorized to announce that John W. Conley, of Potter township, will be a candidate for Assembly, subject to the decision of the Democratic County Convention.

The trusts are down on the list for six million dollars to help re-elect McKinley.

McKinley is losing respect and support with each passing day, and his reelection is doubted by many in his own party.

A few hours after the Republican county convention had its war dance, Tuesday of last week, the Salvation Army entered the town. Significant coincidence.

Democrats in every county want to guard against nominating for assembly candidates with Quay hankering—there were a few of that breed of kittens in the last session.

Admiral Dewey's presidential candidacy coming too late to win the excited position for next term, some of his influential friends favor putting him on the ticket with Bryan, for Vice President. That'll do, and it'll take, too. Bryan and Dewey, what a vote getter!

The lower House of congress on 13 passed a resolution favoring an amendment to the Constitution favoring the election of United States Senators by a direct vote of the people—years 240, says 15. This is the right thing and will avoid such disgraceful scandals like those of Quay, Clark, and others.

If resolutions introduced in the New York Conference in New York city and in the New York East Conference at Danbury, Conn., are adopted members of the Methodist Church will be allowed to dance without fear of being subjected to church discipline. They may also, if the General Conference agrees with the suggestions, play cards and attend theatrical entertainments.

McKinley's administration is controlled by four gigantic trusts absolutely. These are the oil, tobacco, sugar and rum trusts. What can be done about it? Well, let the people who burn oil at double price, those who use sugar and tobacco, and the ladies of the Temperance Union, take the white house Pharisee in charge and see that he be laid on the shelf next November.

In the past two weeks 40 car loads of emigrants have passed through Pittsburgh on the Pennsylvania railroad and 34 on the Baltimore and Ohio, making a total of 74 car loads in twelve days. An official of the Pennsylvania railroad says that more than 45,000 emigrants from Europe will pass through over their line this summer. He expects the emigrant travel to be heavier than for many years, and says that the better class of people are coming here and will take up farms in the west.

What's the use having a committee trying to find out what has become of the Democratic vote in Philadelphia? Everybody knows it was sold to help the Quay machine by city Democratic leaders. Quit nonsensical investigating and fire the guilty out, as proposed by the country delegates in state convention two weeks ago. Follow the example of the state convention at Lancaster, over a dozen years ago, in firing Sam Josephs. There are more of him—Ryan, Donnelly, et al.

The list of British losses in the Boer war is a big one. A few days ago the war office in London issued a return of the total British casualties up to April 7, as follows:

Killed in action, 211 officers and 1900 men; died of wounds, 48 officers and 465 men; missing and prisoners 168 officers and 3732; died of disease, 47 officers and 1485 men; accidental deaths, three officers and 34 men; repatriated invalids, 288 officers and 4934 men. To this must be added the losses of the last week and the wounded, aggregating about 10,000 men, making a grand total upwards of 23,000 officers and men put out of action.

Persons are wondering what causes the demand and high prices for horses. The Spanish and the Boer war explain it. The British have shipped thousands of horses from the United States, and are wanting thousands more.

Not less than 10,000 and perhaps as many as 35,000 horses for military service in South Africa are to be purchased in the Chicago stock market by the British Government.

An English officer who has been in Chicago for three weeks making arrangements for the extraordinary purchase has left for New York to meet the Government inspectors, who recently arrived from England. The best in the horse market will be selected from the producing centers of Illinois, Kentucky, Indiana, Missouri and Iowa.

Porto Rico has her dark period, the cruel step-mother at Washington inflicting woe upon distress. From Ponce comes intelligence that at no time since the hurricane of August 8 last has the condition of the poor of Porto Rico been as bad as it is to-day. No one who understands the situation there will deny that much of the former good feeling between Porto Ricans and Americans has been lost. Besides Americans are fewer in numbers in Porto Rico to-day than at any time since shortly after the troops first landed, and those departing have left a long list of defunct companies, bankrupt business, wrecked schemes and anxious creditors who in some cases hold choice collections of worthless notes and checks.

Ex-Senator Edmonds, Republican, greatest of constitutional lawyers:

"I believe that the Porto Rican tariff bill is clearly unconstitutional, and violates all our agreements with and pledges to the Porto Ricans."

Ex-Speaker Reed:

"The attempt to make three-quarter citizens out of Porto Ricans is certainly original."

General Miles' declaration to Porto Ricans:

"Porto Rico under the American flag will enjoy the same privileges and the same immunities as the citizens of the United States and Territories of the Union."

McKinley in his December message:

"Our plain duty is to abolish all customs tariffs between the United States and Porto Rico and give her products free access to our markets."

McKinley in his address to 29,000 Methodists at Ocean Grove, Aug. 25:

"Our flag does not mean one thing here and another thing in Cuba or Porto Rico."

Last week congress passed this bill wronging the poor and stricken people of Porto Rico, and going back on his own declaration of "plain duty." McKinley signed it, yielding to the demand of the trusts.

VOICE FROM THE GRAVE—JUDGES IN POLITICS.

Judge Jonathan Walker, the first President Judge of Centre county, having been appointed a judge of the United States District Court for the Western district of Pennsylvania, in a letter, dated Bedford, July 24, 1818, taking leave of the people of this district, he states some maxims which he endeavored to conform to in his judicial career. One was, "To avoid all appearances of evil." On this he says:

"For this reason it was my invariable practice to avoid all political association and meeting of every kind and nature. This maxim is considered as important for a judge as for a minister of the gospel. A party and electioneering judge is the greatest curse that ever fell upon a free people. Public satisfaction cannot be given, nor public confidence inspired. If he were as pure as the ermine of an apostle, his motives would be often suspected, his motions jealously watched, and his most virtuous intentions constantly thwarted. I pity such an unfortunate judge."

A volume of golden truth, that holds as true to-day as it did in 1818. The Reporter cannot improve its force. Every Judge in the land should paste the above in his hat.

Readable Clippings.

London is 12 miles broad one way and 17 the other, and every year sees about 25 miles of new streets added.

Ladysmith received daily during the siege a dose of three tons of Boer explosives, 12,000 shells being thrown into the town before relief came.

The ignorance and stupidity of the Boers are now demonstrated beyond dispute. Lord Roberts has had them whipped, surrounded and stampeded for over a month, and they do not know it yet.

The Carnegie Steel Company is the largest owner of iron ore in the ground in the world, and it is steadily adding to its holdings by purchase and discovery. It is now employing near 8000 men in ore mining activity.

Here is a problem for military mathematicians. If 7000 Dutchmen drive 40,000 Tommies into the Tagela river, 4000 Boers hold Buller's 55,000 men in check, and it takes 16,000 British soldiers to force 2000 Free Staters to retire in good order, how many British troops will be required to capture Pretoria and assassinate the South African republics?

Probably the greatest profit ever enjoyed by the Government as a result of the destruction of money was in connection with the fractional currency or shinpasters issued during the Civil War. The total amount issued was \$33,724,079, of which \$6,890,558 has never been presented for redemption. A large amount has been preserved as curios by collectors, and occasionally even now it is offered for redemption.

Two Fires at Lewistown. A fire which started in the engine room of the planing mill owned by Johnson Muthersbough, on Monday, burned his dwelling, the houses of Wm. Smith, Jr., and Wm. Smith and the foundry and machine shop of Bearley Brothers. Muthersbough's loss is \$7000; insurance, \$800. The other losses \$5500.

The large frame house owned by J. H. Mann, and occupied by Irv Brout and Lazarus Steeley, at the Junction, was destroyed by fire Monday evening. Loss \$1500; insurance \$500.
