That Stand on Their Own Bottoms

That is true literally and it is just as true metaphorically. Our shoes stand on their own bottoms. They rest on their well earned reputation. People know them. People like them. People buy them. People wear

We carry no shoes that must be bolstered up with clever names and elaborate advertising. We advertise our shoes to let the public know what we are doing, but our advertising is merely an incident. With some it is the whole thing. Without advertising some business would die. This is not that sort of a busi-

Upon examination it was found his leg was crushed, and broken at two places, several ribs were broken, and several ugly gashes about his head. While being dragged over the rough ground and stones the clothing was almost all torn from his body, and the flesh on his back terribly lacerated.

On Saturday a consultation was held by Dr. Kidder, of Boalsburg, and Dr. Park, of this place, and under their able treatment the young man is getting along as well as can be expected, and it is hoped he will recover from the serious injuries received. The young man is unable to be removed to his home in Tylersville, but is carefully attended by the family of Mr. Ging-
