DEMOCRATIC STATE TICKET.

- FOR AUDITOR GENERAL, Bellefonte
FOR CONGRESSMAN-AT-LARGE, Williamsport
FOR COUNTY TICKET, Liberty Twp

Rev. Dr. Swallow seems to be fixed upon as the Temperance candidate for President.

This time Quay did not cut a big figure in the Convention. Hanna was the big figure and cut the other figures leaving Quay as the dolly of the Pennsylvania delegation.

For a war that is "over," as General Otis says, the Philippine unpleasantness is a mighty costly affair.

The new Republican platform in order to pull the wool over the eyes of the people, pretends to be unfavorable to trusts.

Roosevelt & McKinley, that is what leading Republicans admitted their ticket should be—the heavy end at the top.

Wolcott in his speech opening the convention said we must hold on to the Philippines for the reason that we have soldiers buried there.

The new McKinley platform claims credit for bringing "prosperity" to the country. Well the farmer didn't prosper, and to him it was specially promised.

The great McCormick works, in Chicago, employing 5,000 men and shipping from 80 to 90 carloads of harvesting machinery daily, have reduced their force by nearly one half.

It is an admitted fact, that McKinley's weakness made it necessary that a popular warrior, Roosevelt, be hitched to him to pull him through.

The County Commissioners have voted \$1000 for the fund of the County Centennial, their action was proper as the Centennial is a county affair.

If every city of the country received the nominations of McKinley and Roosevelt with the same stolid indifference as did Pittsburg, says the Post, we fail to see where the enthusiasm is to come from.

The legislative committee of the patrons of husbandry has put out strong resolutions advising fusion in the nomination of members of the legislature.

Mr. John Dalzell, remarks the Pittsburg Post, in his recent convention speech, devoted to trust tariff glorification, speaking of the enactment of the Dingley tariff, declared: "All that the ardent friends of the Dingley law expected of it has been realized and more."

BRYAN'S OPINION OF THE MCKINLEY PLATFORM.

Bryan arrived in Chicago, Saturday, and being interviewed, said of the McKinley platform:

"The platform is the best illustration we have recently had of the desire of the Republican leaders to deceive the people as to their plans. The only position taken in the platform which is at all positive and free from ambiguity is the declaration in favor of a single gold standard.

"The Trust plank means nothing when taken in connection with the fact that there is no condemnation in the platform of the Trusts which have grown up under a Republican Administration.

"Regarding imperialism, there is no definite policy outlined. While every intelligent reader knows that the Administration intends a colonial policy patterned after the policies of the European monarchies, the platform does not candidly and honestly assert the party's purpose.

"Again, while the military spirit was a noticeable feature of the convention, the party did not dare endorse the President's demand for a standing army of 100,000.

"Another noticeable feature of the platform is that no mention is made of the principles set forth in the Declaration of Independence. Although the convention was held in the city where the Declaration of Independence was signed, and where the first Republican convention was held, there was no specific indorsement of the principles.

"I have carefully read the so-called Boer plank, but no one can tell from reading it whether the Republican party sympathizes with the English or the Boers.

"The great questions agitating the people are barely hinted at in the platform. It is a dodging, deceptive document, just as deceptive as the Porto Rico allusion. Two-thirds of it is given up to the alleged prosperity due to Republican administration.

"I said before that I am willing for every man in this country to count his assets, and if those who are not any more prosperous now than in 1896 will vote the Democratic ticket I shall be satisfied with the results. Trusts, corporations and the like may show some prosperity.

"Because a drought destroyed the wheat crop in the Northwest and put the price of wheat up 25 cents a bushel, I suppose Hanna will go down in Kansas, which has the finest wheat crop in its history, and tell the people that the Republican prosperity not only gave them the wheat but also the price."

Outlook Gloomy For the Farmer. The Centre county farmer does not have a rosy prospect ahead for this summer's crops.

First to come in will be the hay crop, somewhat above half, owing to want of rain in May, the clover remained short.

The wheat fields were lacking their winter protection of snow, and the crop will be less than half.

In some sections the grubworm is doing harm in the corn fields.

With season favorable from now to September, corn, oats, potatoes and apples may be a good crop.

In the main the farmer is going to be short in his products this year, all over the state, with no paying prices for what he raises, while on the other hand prices have doubled and trebled on all he must buy.

Dismemberment the Fate of China. Justice George Shiras, Jr., of the United States Supreme Court, in speaking of the Chinese situation, said:

"The present outbreak in China appears to be one of those reactions against the inroads of civilization with which the history of the world is filled. Dismemberment seems to be the fate of that empire, and I am inclined to think it is for the best. If united China, with its teeming millions of people, were to thoroughly assimilate Western methods of warfare and manufacturing it would certainly constitute a menace to the rest of the world. However, there is a want of homogeneity among the people, and this fact is now a potent factor in preparing the way for dismemberment. I regard this as almost certain to come.

"Russia will in all probability absorb those northern portions of the empire contiguous to its Siberian possessions, while England, France and Germany and possibly other of the European powers will absorb other parts of the empire. In this way the great empire will become divided up into practically several nations, with good results, both to the people themselves and the world at large."

Republican congressman, General Grosvenor, of Ohio, McKinley's deputized spokesman on the floor of the House and a delegate to the late Philadelphia Convention, openly charges there was a dodge and fraud committed in framing the platform and has started a rumpus over it. That platform is a cowardly dodge was the opinion given by the Reporter last week.

Carnegie to Help Bryan.

A special to the New York Times from Columbus, O., says: "Mr. Chapman, one of Ohio's 'big four' to the Kansas City convention, is of the opinion that imperialism will be one of the chief issues in the coming campaign. In discussing the probable issue with Andrew Carnegie recently, Mr. Chapman says Carnegie told him that he decided to raise a big fund to elect McKinley in 1896, but he would raise one twice as large to elect Bryan in 1900.

"Carnegie's views on the money question, Mr. Chapman says, do not coincide with Mr. Bryan's, but Carnegie holds this question to be secondary to the issue of imperialism and believes that with the present tendency toward a monarchical form of government all issues should be subservient to militarism and imperialism."

Speaking of the Roosey-McKinley platform, the World remarks: "The platform recognizes the necessity and propriety of the honest co-operation of capital to meet new business conditions, but condemns all conspiracies and combinations intended to restrict business, to create monopolies, to limit production or to control prices." The short answer to this is that something less than a thousand such conspiracies or combinations have been formed since Mr. McKinley's inauguration, and that the Republican party has not done the first thing to check or to punish them—not even toward repealing or reducing the tariff duties which promote and protect a large proportion of them.

"The Philippine question is passed over with very brief and familiar generalities. It is held to be the 'high duty' of our Government to 'confer the blessings of liberty and civilization upon all the rescued peoples'—'liberty' being the substitution of our rule for that of Spain without the consent of the 'rescued people.' This is the essence of colonial imperialism as practiced by all land grabbing monarchies, but never yet adopted by a republic, and wholly incompatible with the republican system."

The new McKinley platform boasts of honest Republican rule, but fails to point to proof of it. It can't prove it, in the face of

The Alger embalmed beef rascality. The astounding robberies in Cuba. The oleo frauds in Pennsylvania. The flagrant ballot frauds in Philadelphia.

The unconstitutional acts of Governor Stone. The pardon of defaulters and officials who have robbed the public treasuries of millions.

A score more examples of "honest government" might be added, with all the rascals unpunished and unhung.

The Philadelphia Times strongly denounces President McKinley's action in aiding the Powers that are making war against China as unjustifiable and unconstitutional, and leading us into another war with a foreign nation for reasons that this country never upheld, and against the warnings contained in Washington's Farewell Address against entangling alliances with foreign nations. The McKinley administration may go into history as the rule of war and bloodshed.

A Short Wheat Crop.

The Northwestern Miller says: Serious and irreparable damage has been done the wheat crop. The most conservative view, based on present conditions, does not give hope of a crop exceeding 60 per cent. of that raised in Minnesota and the Dakotas last year.

The greatest damage has been done since June 1, and North Dakota and Northern Minnesota have been the heaviest sufferers. There are few localities in the three States where an average crop is now in prospect. It is believed that North Dakota will raise little more than enough wheat for seed. Conditions are worse in Manitoba.

The Philadelphia Times, independent Republican, is throwing hot shot into the Republican camp on account of McKinley's imperialism as shown most glaringly in the Chinese trouble. The Times declares the President is trampling under his feet the principles of the Declaration of Independence and violating the Constitution, and that from our republican form of government McKinley is rapidly drifting towards European imperialism, and it is the God's truth. The people are becoming alarmed.

There's not the sweetest brotherly feeling among some Republican leaders over the platform scandal shown up by Gen. Grosvenor. The platform is being severely criticised by influential Republicans, not the least of a score being Tom Reed.

Celebrate the Fourth. "A Patriotic Pair" is the title of a beautiful picture which will be given free to every reader of the "Great Philadelphia Sunday Press" next Sunday, July 1. The picture is 20 by 28 inches in size and presents two pretty children equipped for the celebration of the day. It is the work of a famous artist, and cannot fail to please every person. You had better order next "Sunday's Press" at once, so as to be sure to get this picture.

The Juniata valley camp meeting association has issued its twenty-ninth annual circular containing much information about the expenses, accommodations and advantages of the Newton Hamilton grounds. The hotel will be opened on July the first, and the grounds ready for occupancy by August the first, but the camp meeting proper does not begin until August 14.

Would Not Suffer or Gain for Fifty Times Its Price.

I awoke last night with severe pains in my stomach. I never felt so badly in all my life. When I came down to work this morning I felt so weak I could hardly work. I went to Miller & McCurdy's drug store and they recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It worked like magic and one dose fixed me all right. It certainly is the finest thing I ever used for stomach trouble. I shall not be without it in my home hereafter, for I should not care to endure the sufferings of last night again for fifty times its price.—G. H. Wilson, Liverman, Burgetstown, Washington Co., Pa.
