DEMOCRATIC STRENGTH INCREASING.

The Democratic party in the nation is daily growing in strength and numbers. Democrats who opposed Bryan in 1896 are constantly returning, and it is estimated by the national committee that at least 90 per cent. of the gold Democrats have already announced their intention to support the ticket.

Republican Senator Wellington, of Maryland, and ex-Senator Fowler, of Tennessee; Ex-Governor Boutwell, of Massachusetts, and ex-Governor Andrew J. Holt, of Kansas, have within the last few days declared against McKinley and his administration, and announced their intention to work and vote for Bryan.

Ev-Congressman John A. Finnerty, of Chicago, and Johnson, of Indiana, have denounced McKinleyism in most bitter terms and praised Bryan and the Democratic platform. These men have always heretofore been prominent in the councils of the Republican party, and their change to Bryan must undoubtedly bring many votes to the Democracy.

In addition to these leading politicians, many leading bankers and business men among the Republicans have announced their intention to support Bryan, and are not only offering to vote for him but will actively engage in the campaign in behalf of the Democratic ticket.

Among the leading gold Democrats who opposed Bryan four years ago, and who have returned to the support of the ticket are Hon. Bourke Corcoran and Hon. Perry Belmont, of New York; Gov. Patrick H. Collins and ex-Mayor Josiah Quincy, of Boston; Hon. Allen McDermott and ex-Senator Smith, of New Jersey; Ex-Mayor Hopkins, of Chicago, and hundreds of others of like standing and influence.

Many of the leading Democratic papers in the large cities were strongly advocating the election of McKinley in 1896—notably the New York World, Chicago Record, Baltimore Sun, and Louisville Courier Journal. They are all for Bryan now, and such papers as the Philadelphia Record, Boston Transcript, New York Herald, and others brought on the American Revolution.

McKinley in practice is no less a tyrant than was George III and his colonial policy is equally dangerous and reprehensible.

Fire caused by an exploding oil stove last Thursday destroyed \$85,000 worth of property in Punxsutawney. The heaviest losers are Greer & Osterholt, hardware dealers; H. J. Loeb, clothier; J. B. Eberhart, dry goods dealer. The insurance aggregates half the loss.

A Mother Tells How She Saved Her Little Daughter's Life.

I am the mother of eight children and have had a great deal of experience with medicines. Last summer my little daughter had the dysentery in its worst form. We thought she would die. I tried everything I could think of, but nothing seemed to do her any good. I saw by advertisement in our paper that Chamberlain's Colic, Cholera and Diarrhoea Remedy was highly recommended and sent and got a bottle at once. It proved to be one of the very best medicines we ever had in the house. It saved my little daughter's life. I am anxious for every mother to know what an excellent medicine it is. Had I known it at first it would have saved me a great deal of anxiety and my little daughter much suffering—Yours truly, Mrs. George F. Burdick, Liberty, R. I. For sale by J. H. Ross, Linden Hall; S. M. Swartz, Tusseyville; F. A. Carson, Potters Mills; J. F. Smith, Centre Hall.

DON'T FAIL TO REGISTER.

Democrats remember that you must be registered and assessed in order to enable you to vote next November. Monday and Tuesday the 3rd and 4th days of September are the last days upon which you can be registered and assessed. Every vote is important and every voter should be duly qualified. See to it that you are properly registered and assessed, and see that your neighbor does not neglect this important duty. The result of the election may depend upon a few votes. Four years ago 22,000 votes properly distributed would have changed the result. It has frequently occurred that a few would have changed the result and that may be the case this year.

OVER THE STATE.

That was a good retort quoted by Mr. Bryan in his Lincoln speech. "Not long ago," he said, "A Republican was chiding one of our people with the fact that the Filipinos were looking to a Democratic election for the securing of their rights," and the Republican said, "are you not ashamed that the Filipinos are expecting aid from the Democrats," and this man replied to the Republican, "Do you know of any people in all the world who are fighting for liberty who are looking to the Republican party for help?" The party which once shouted the battlecry of freedom now withholds sympathy from every people that is fighting for liberty.

"I helped to create the Republican party, a party of justice, and principle, and honesty. I now believe it is a party of injustice and despotism, and will help to destroy it. I am for Bryan. I believe Bryan is as honest in his purpose to redeem the country from degradation and its policy of imperialism as any man who sits in this audience. Therefore for one, I am in favor of Bryan."

The above is an extract from the speech of ex-Senator George S. Boutwell as permanent chairman of the "Liberty Congress at Indianapolis. Senator Boutwell helped to organize the Republican party, and has always heretofore been a staunch Republican, but the administration of McKinley and Hanna has driven him out of the party, and he is ready to aid in the defeat, because it has become the party of injustice and despotism. The great majority of the delegates to the "Liberty Congress" were Republicans like Senator Boutwell, and all are ready and anxious to aid in the election of Bryan and the Democratic ticket.

Representative Vandiver, of Mo., has been investigating a cost of government by Commission, under the McKinley administration. Owing to mixed systems of bookkeeping he has only partially succeeded, but he shows that more than two and a half million dollars have been directly appropriated for commissions, not including the Postal Commission, the California Debris Commission, or the Mississippi River Commission. That the expenses of these various commissions have been much larger than the direct appropriations is certain, but the Treasury gives no details. They are included in items which appear on the books for "National Defense," "Miscellaneous" and "Emergency," and which aggregate a total expenditure for the last fiscal year alone of within a fraction of twenty-two million dollars.

"Republics cannot have subjects. To tax without allowing representation; to govern without the consent of the governed—that is imperialism."—Bryan.

The American colonies rebuffed against England, because that country attempted to impose taxes upon them without allowing to be represented in the English parliament, and then undertook to enforce its mandates by the strong arm of the English military power. This was the English imperialism which brought on the American revolution, and resulted in the Declaration of Independence by the colonists.

The McKinley administration has undertaken to convert Porto Rica and the Philippines into subject colonies, and impose upon them taxes without granting to these people the right to be represented in the government. When an attempt is made to resist these aggressions by the people who are thus wrongfully oppressed, the military power of the government is brought into requisition to enforce obedience. This is what has been, and is now being done in the Philippines. This is American imperialism. In principle and in practice the same as the English imperialism against which our fathers rebelled, and which brought on the American Revolution.
