School Shoes

That Stand

EVE just opened a line of the noblest shoes f r school boys and girs that we have ever shown at any price. and these are not the most expensive sorts, either.

The man who owns and runs the factory in which these shoes were produced has been a practical shoemgker all his life. He used to make shoes by hand and did loads of cobbling for school children. It was during his early days that he studied the needs of children add saw the need of better shoes than had been made for the woungsters.

youngsters.

The result of his thought and experience in this direction is manifested in these shoes.

The shapes, the toes, the addition of strength here and there where most of the strain comes, and the little touches of beauty make these shoes very much different and very much better than the commonplace, clumsy shoes usually turned out for children.

\$2 pays for a sair of the best in the lot. Some are \$1.75, \$1 50, \$1.25 and \$1.00, all very low-priced hen the quality is considered. Will you come in and look at them?

A Correction.

In an article referring to the death of A. B. McNitt, of Siglerville, which took place in Philadelphia last week, it was stated that gentleman had gone to the city to have an operation performed. That was an error. Mr. Mc-Nitt and his wife had gone to the sea shore on a pleasure tour, and on their way home he took sick with acute peritonitis, for which medical aid could the news for one dollar a year in adgive no relief.

IMPROVEMENTS.

everal New Houses Nearing Completion Foundations Laid, etc.

Edward Foreman has his new house under roof and is finishing the inside as rapidly as possible. The building was constructed in a very short space of time, which shows that he and his associate mechanics are rapid work-

erection of his dwelling on account of the bricklayers taking sick. The W. B, Packard, of Bradford; D. C. Kenne The Strain. structure is near enough completed, however, to show that he will have one of the prettiest homes in Centre Hall when completed. The interior arrangement is convenient and the exterior presents an elegant appearance, but not too good for the retiring days of a couple who spent many years of hard labor on a farm.

building operations will begin before road rate.

The Centre Hall fire insurance company has almost completed the repairs on the house of J. Wesley Whiteman, caused by the recent fire. This is the second time the company was called upon to do work on that house, the first damage being caused by light-

A \$520.64 SCHOOL APPROPRIATION The Borough Would Have Considerable More, But for Stone's Veto.

H. G. Strohmeier, treasurer of the Centre Hall school board, received \$520.64 from the State Department Saturday of last week, that being the proportionate amount due the borough from the general appropriation of \$5,500,000 made by the legislature during the session of 1899, and from which Gov. Stone deducted \$500,000 by veto.

The state appropriation last year for the borough amounted to \$541.84. It Allman, Col. J. A. Weaver, County will be seen that the appropriation is \$21.00 short, but that does not represent the exact amount the borough is losing by Gov. Stone's act of economy (?). The act under which the appropriation is distributed directs that one-third be distributed upon the number of children between six and sixteen years of age; one-third on the number of resident taxables and onethird on the number or regularly paid teachers. This is the first time the borough profited by the addition of the fourth school, so far as pertains to increase of appropriation. From the benefit derived from increase of the number of schools, the increase of children between six and sixteen years of age, and increase of resident taxables, the present appropriation should have been considerable more.

GRANGE ENCAMPMENT.
