STRINGENT HEALTH LAWS.

If New Bills Pass Boroughs and Townships Must Organize Sanitary Boards.
The associated health authorities of the state are much interested in two bills introduced in the house this week at the instigation of Edward S. Wagner, chairman of the legislative committee of the associated authorities.
The bills amend the acts authorizing the organization of health boards in boroughs and townships. They are practically substitutes for those acts and are great improvements over the existing laws on the subjects. If they are passed they will result in boards of health being organized in every borough and township of the state.
The borough bill provides that the town council must support a board with a monetary appropriation sufficient to cover its legitimate expenses and places the council of towns disobeying the law subject to mandamus by the courts. In townships the boards of health are to be appointed and appropriations for their support made by the respective school boards. Failing to support a board or supply it with funds will be followed by the withdrawal of the state school appropriation of the district disobeying the law. With these two provisions in force it is thought that the health conditions of the state in general can be greatly improved and epidemics of contagious diseases prevented.

WORKED OUT A PUZZLE.

A Young Man in Centre Hall Got a Prize of \$100.00 (?)
Lured into solving a puzzle by the offer of a cash prize of \$100.00, a young man in Centre Hall is in possession of a lot of worthless trinkets, is out a quarter of a dollar for postage, and in a lot of worry and a two-cent postage stamp as his share of the \$100.00. The puzzle was very simple; a child could solve it, but the answer had to be accompanied by a cash consideration for which, of course, valuable jewelry, etc., were returned. The puzzle solver was then notified that his answer was correct, and that if no one else guessed right the \$100.00 would be his; if others solved the puzzle, the prize would be divided, but a plea was made to send more money to buy new goods to put himself into better grace with the \$100.00. After corresponding for several weeks the finish came, by the young man receiving a two-cent stamp as his share of the \$100.00. The air castles were destroyed.

A Good Cough Medicine for Children.

"I have no hesitancy in recommending Chamberlain's Cough Remedy," says F. P. Moran, a well known and profitable baker, of Petersburg, Va. "We have given it to our children when troubled with bad coughs, also whooping cough, and it has always given perfect satisfaction. It was recommended to me by a druggist as the best cough medicine for children as it contained no opium or other harmful drug." Sold by Mrs. J. H. Keller, Linden Hall; J. F. Smith, Centre Hall.

An Honest Medicine for La Grippe.

George W. Walt, of South Gardiner, Me., says: "I have had the worst cough, cold, chills and grip and have taken lots of trash of no account but profit to the vendor. Chamberlain's Cough Remedy is the only thing that has done any good whatever. I have used one bottle of it and the chills, cold and grip have all left me. I congratulate the manufacturers of an honest medicine." For sale by Mrs. J. H. Keller, Linden Hall; J. F. Smith, Centre Hall.

As a result of the lifting of the revenue stamp act on bank checks many Federal employees are likely to find themselves out of a job.

The editor of the Vindicator has had occasion to test the efficacy of Chamberlain's Pain Balm twice in each case. First, with rheumatism in the shoulder from which he suffered excruciating pain for ten days, which was relieved with two applications of Pain Balm, rubbing the parts afflicted and realizing instant benefit and entire relief in a very short time. Second, in rheumatism in thigh joint, almost prostrating him with severe pain, which was relieved by two applications, rubbing with the liniment on retiring at night, and getting up from pain. For sale by Mrs. J. H. Keller, Linden Hall; J. F. Smith, Centre Hall.
