KNIGHTS TEMPLARS INSTALL

Their Officers Publicly in Armory-Penns

Valley Masons are Guests. Last Friday evening Constans Commandery No. 33, of Bellefonte, held a public installation of officers for the ensuing year. Some time ago the members of the Commandery concluded it would be appropriate to have the work of installing their officers done in public, and accordingly they procured a dispensation from the Grand Commander permitting them to do so.

Invitations were sent to the neighboring commanderies at Lock Haven, Philipsburg, Huntingdon, Altoona, and several hundred invitations were given to persons who were not members of any branch of the Masonic fra-

The evening trains from Lock Haven and Tyrone brought in about one hundred Sir Knights and their ladies, and by eight o'clock the spacious hall in the Armory building was filled styles, ideas, shapes and with Sir Knights, Blue Lodge Masons lasts in gents' \$3.00 shoes and other invited guests, together with

Shortly after eight o'clock the Coleville band began to discourse sweet strains of music which was followed by a quartette of two male and two female voices, after which Em. Sir Knight Wilson I. Fleming, Division Commander of the 11th Division, conducted the installation services which were enlivened by several vocal selections. The officers for 1901-1902 are:

Eminent Commander, En. Sir Harry Keiler; Generalissimo, Sir W. Harrison Walker; Captain General, Sir J. S. McCargar; Treasurer, Em. Sir Hammond Sechler; Recorder, Sir W. Miles; 2nd Guard, Sir George C. Watson; erd Guard, Sir Robert Morris; Sentinel, Sir J.

After the installation was over, refreshments were served to the entire assembly. The young people then amused themselves tripping the light fantastic toe to the music of the Chappel orchestra, from Williamsport, while the older ones passed the time in social conversation. High School Closes.

The Centre Hall High School closed Wednesday of this week. Prof. Albert T. Ilgen, the principal, is entitled to more than ordinary praise for the manner in which his school was conducted. The good work in the High School can be judged from the fact that one of his pupils is the most advanced scholar in Dr. D. M. Wolf's Spring Mills school of about eighty scholars. Several others lead in their respective classes. There was no attempt made on the part of Prof. Ilgen to make a show of his abilities, but the good work done by him is forcibly illustrated by actual results. This modest notice does not do justice, but is sufficient to express the general sentiment of the public concerning the High School principal.
