ANNOUNCEMENTS.

PROTHONOTARY. We are authorized to announce that M. I. Gardner, of Bellefonte borough, will be a candidate for the office of Prothonotary, subject to the decision of the Democratic County Convention.

DISTRICT ATTORNEY. We are authorized to announce that N. B. Spangler, of Bellefonte, will be a candidate for the office of District Attorney, subject to the decision of the Democratic County Convention.

BRYAN NOT A CANDIDATE.

William Jennings Bryan announces through the Commoner that he is not a candidate for the presidential nomination in the Democratic party. He says however, that "I shall say whatever I think ought to be said and shall write whatever I think ought to be written."

Ex-Governor Pattison and ex-Governor Beaver must feel a little flat these days because of their inability to correctly interpret the constitution of Pennsylvania. They never dreamed that they had the power to change appropriation figures at their own sweet will. Neither of these distinguished governors could see the hole in the constitution that Governor Stone found—a hole that will swallow him in time, sure as fate.

Bills Passed by the House.

Directing the County Commissioners to pay constables in making election returns since January 1, 1897, in all cases where the same remains unpaid.

Fixing the salaries of county commissioners in the several counties.

House bill amending an act relating to judicial sales and the preservation of the lien of mortgages.

House bill validating mortgages conveyances and other instruments which have been defectively acknowledged.

House bill validating official acts done and performed by burgesses holding offices under irregular elections or appointments.

House bill preventing burgesses and councilmen of boroughs from soliciting or receiving bribes and to punish any person who may offer to bribe the same.

House bill amending an act creating and defining the offense of disorderly conduct by persons on the public highways, so as to provide for the right of appeal.

House bill fixing seventy-five cents as the fee to be charged by constables for executing an order of a pauper and allowing six cents per mile for mileage.

Providing for the prevention of the spread of disease from the carcasses of animals that die of dangerous or virulent diseases or are killed while afflicted with such disease.

BILLS PASSED IN SENATE.

Protecting trees, shrubs and plants of the kinds bearing market products against destructive diseases and insects.

House bill providing for the better protection of timber lands against fire and providing for the expenses of the same and directing what shall be done with the fines collected and costs paid.

BILLS PASSED FINALLY.

An act to encourage the preservation of forests, providing that the owner or owners of lands having on it forest or timber trees averaging not less than 50 trees to the acre shall be entitled to a rebate equal to 80 percentum of all taxes local and county not to exceed the sum of 45 cents per acre, provided that no one property owner shall be entitled to receive rebate on more than 50 acres.

A supplement to an act for the taxation of dogs and the protection of sheep provides that in the application thereof for the payment of damage to sheep the tax may be applied to the payment of horses, cattle, mules and swine bitten by mad dog or dogs or necessary to be destroyed by reason thereof.

The State Senate courteously took an adjournment of ten minutes recently to listen to a breezy speech from ex-Lieutenant Governor Chauncey F. Black. He declared he had no faith in any of the ballot reform bills pending in the Legislature, and held that only by a constitutional convention could needful results be accomplished. We admit that the constitution must be changed to secure a safe ballot system, but we see no signs of the probability of a convention. An amendment is on its way to the people for a personal registration system, and will probably be submitted and ratified. That would accomplish one thing needful. With personal registration and the reform bill agreed on by the ballot reformers, we would have a reasonably good system—not perfect, but much better than we have ever had in Pennsylvania. Mr. Black altogether took rather a gloomy view of politics and administration in the State.

sonably good system—not perfect, but much better than we have ever had in Pennsylvania. Mr. Black altogether took rather a gloomy view of politics and administration in the State.

Oak Hall.

Miss Nellie Holder, of Howard, is staying with her aunt, Miss Anna Kaup, at this place. Clifford Close, who is working for Luther Dale, at Pine Grove Mills, was home over Sunday.

Spring Mills.

Go to Mrs. Wolf to see the new hats. Parties who have been in the habit of fishing with throw net in the streams had better take a word of advice and stop it, as it will not be tolerated. The name of every one who is caught in the act will be handed to the fish warden; a word to the wise is sufficient.

H. F. Rossman has remodeled his store building, widened the shelves, etc., which makes a great improvement in appearance and convenience. Mr. Rossman is one of the up-to-date merchants in this section.

Dr. Peter Leitzell sold one of his horses to Rev. Haven. The Dr. is now looking around for a pacing horse.

T. G. Wilson, of Centre Hall, of the firm of Wilson Bro's., who operate a number of creameries in different localities, was in town last Friday evening transacting business with Smith Bros.

Prof. Reiarick made a business trip to Philadelphia.

Prof. Krise, of Centre Hall, was seen in town one day last week.

The ladies mite society of the Lutheran church of Spring Mills, will hold a festival on the evening of Decoration Day. Ice cream, cake, etc., will be served.

Potters Mills.

W. H. Smith, the hustling furniture dealer, of Spring Mills, with his wife, spent Sunday with his brothers and sister at this place.

Philip Leister and son Frank, of Maitland, Milroy county, passed through here last week.

Quite a number of John McClenahan's friends from Milroy visited him Sunday, owing to his serious illness; also his sons, Jesse, of Erie, and Lot, of Philadelphia.

All are pleased to see Miss Linnie Evans back and looking so much better; hope she may get entirely well.

Merchant Frank Carson was sick but is around again; all the others who were sick are improving, with the exception of John McClenahan.

Coburn.

Mr. and Mrs. H. R. Smith (?), of Latrobe, registered at the Coburn House Monday night.

The water pipes leading to the creamery sprung a leak on Monday, but the break was repaired by superintendent Andrew Harter.

Miss Mechtly, of Adamsburg, and Mr. Leitzell, of State College, were guests at the Coburn House Monday night.

T. B. and James Witmyer, of Carroll, were in town over Sunday.

John Eisenhuth says "It's a big boy, sure enough."

T. A. Hosterman is getting ready to build a new house in Mandaville.

Now that warm weather is approaching, L. H. Stover has commenced to manufacture his noted summer drinks. All the latest constantly kept "on tap."

Mrs. J. F. Garthoff and daughter spent a few days visiting in Rebersburg last week.

Bone and Cheek United.

Dr. R. G. H. Hayes performed an exceedingly difficult and delicate operation on Miss Kate Baldridge, of Milesburg, last Thursday morning. Since the girl was six years old both her cheeks have been grown fast to her jaw bones, making it impossible for her to open her mouth at all. She has lived on liquid nourishment passed through the tiny aperture between the lips for years, but recently a tooth fell out of her jaws and she could not get her mouth open far enough to get it out, says the Watchman. Dr. Hayes' operation was to cut her mouth open from ear to ear, separate the inside of the cheek from the jaws and insert plates to keep them from growing fast again. While we have not been positively informed we have learned that the operation itself, was quite successful. Its future results will be a matter of interest to many who have been acquainted with this singular case.

A Philadelphia company is prospecting for gins ore near Tyrone.

Working for School Appropriation.

A bill appropriating \$1,000,000 for schools passed second reading, and is to come before the House for final passage this week. The appropriation asked in this bill is to take the place of the \$1,000,000 struck off by veto by Governor Stone, and which is forever lost. There is a strong sentiment in favor of the appropriation, and it is not likely that the stalwarts will oppose it, especially since the Governor's action was sustained by the Supreme court, and a precedent established.

She Cleared Her Head.

Mrs. Maggie Solomon, who Saturday night cleaned out in true Chicago style the women's dining room and main restaurant of the People's Eating House in Williamsport by drawing a revolver and threatening to shoot the persons there, and was arrested, said she did it as a joke. The persons who stampeded from the restaurant testified that they did not think it very funny. Alderman Moorhead took their view of it and fined her heavily.

Odd Fellows Anniversary.

At a business meeting of the Eighty-second anniversary of the founding of the order of Odd Fellows held in Williamsport Friday, the old officers selected were as follows: Prest., W. H. Kiess, Williamsport; secretary, Joseph H. Mackey, Williamsport; treasurer, Harry S. Kreamer, Milton. Jersey Shore was selected as the place for holding next year's celebration.

Golden Eagles at Lebanon.

The Knights of the Golden Eagle will hold a big demonstration at Lebanon on the 14th of May. There will be present forty-two commanderies, and over thirty bands of music. One fare rate on all railroads.

LOCALS.

Sim, the Clothier, knows a good thing when he sees it. He has learned from experience the profits gained by advertising on this side the county, and wisely placed his advertisement in the Reporter which enters the homes of the great majority of the residents in this section of the county.

A hen belonging to John Runk, of Ryde, Milroy county, laid an egg with a double shell. It was an egg of extraordinary size which when broken revealed an other normal sized egg perfectly formed and covered with a shell of the usual solidity; in other words it was an egg within an egg.

By a special act of the Legislature Commissioners of Centre County are warranted to pay the cost incident to the attempt to arrest William E. Ellinger at Woodward several years ago. The bill includes the damage claimed by Mrs. Emma Goodman whose house was burned. The amount involved is about \$1,800.

Teaching agriculture by scientific methods will doubtless make farming more profitable and less irksome to the boys who remain on the farm, but the sure way to check the migration from farm to city will be to convince the boys that it pays better, on the whole, to be of some account in a country neighborhood than to become an uncounted unit of a city rabble.

Ira C. Corman, implement dealer, of Oak Hall, made a business trip to Centre Hall Friday of last week. Mr. Corman does an extensive business in the implement line, his trade covering a large section of the county. During the summer months he devotes his whole time to the sale of machinery. Mr. Corman's advertisement will be found in another column and what he advertises he will do without fail.

"It is with a good deal of pleasure and satisfaction that I recommend Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Druggist A. W. Sawtelle, of Hartford, Conn. "A lady customer, seeing the remedy exposed for sale on my show case, said to me: 'I really believe that medicine saved my life the past summer while at the shore,' and she became so enthusiastic over its merits that I at once made up my mind to recommend it in the future. Recently a gentleman came into my store so overcome with colic pains that he sank at once to the floor. I gave him a dose of this remedy which helped him. I repeated the dose and in fifteen minutes he left my store smilingly informing me that he felt as well as ever." Sold by Mrs. J. W. Keller, Linden Hall; J. F. Smith, Centre Hall.

Planting Peach Trees.

Messrs. W. B. Mingle and J. J. Arney this week planted a number of peach trees on their farm near Farmers Mills. This orchard already contains many hundreds of trees and is being increased by hundreds every year.

Miss Florence Newman, who has been a great sufferer from muscular rheumatism, says Chamberlain's Pain Balm is the only remedy that affords her relief. Miss Newman is a much respected resident of the village of Gray, N. Y., and makes this statement for the benefit of others similarly afflicted. This liniment is for sale by Mrs. J. W. Keller, Linden Hall; J. F. Smith, Centre Hall.

Beware of a Cough.

A cough is not a disease but a symptom. Consumption and bronchitis, which are the most dangerous and fatal diseases, have for their first indication a persistent cough, and if properly treated as soon as this cough appears are easily cured. Chamberlain's Cough Remedy has proven wonderfully successful, and gained its wide reputation and extensive sale by its success in curing the diseases which cause coughing. If it is not beneficial it will not cost you a cent. For sale by Mrs. J. W. Keller, Linden Hall; J. F. Smith, Centre Hall.
