## HENRY P. SANKEY

DIED TUESDAY, MAY 21, 1901.

Henry Pennington Sankey died peacefully at his home at Potters Mills, Tuesday evening at eight o'clock. Mr. Sankey had been in his usual health, which was however rather feeble, up to four o'clock on the day of his death, when he was stricken with paralysis while lying on a couch at his home. After that time he spoke but two words -yes and no.

The funeral services will take place Saturday morning at 9.30 o'clock at the house. Interment in the cemetery at Sprucetown, at which church further services will be conducted by Rev. Haven, pastor of the Methodist Episcopal church. The Independent Order of the Odd Fellows Lodge, No. 895, interest in the affairs of the township, Centre Hall, of which order the deceased was a charter member, will attend the funeral services in a body.

The Commemorative Records of Central Pennsylvania, 1898, speaking of the Sankey family says in part: "It would be difficult to find in Potter town-Cave, and Miss Effie Long, of Boals. | ship a man who has more friends than H. P. Sankey, who has spent his entire life here, and has so lived as to win the high regard of all. In an old log house, which was weatherboarded and painted red, and which stood on his present farm, he was born June 19, 1834. Different branches of the family claimed descent from French, English and Scotch ancestry, and probably there flows in the veins of the progeny the blood of all these races. Thomas Sankey, the great-grandfather of H. P. Sankey, was the first to locate on the farm which the latter now owns. He died in 1797, and his will, which is dated August 17, 1794, and was recorded at Lewistown, Penn., is now in the possession of H. P. Sankey. Jeremiah Sankey was the grandfather and James Sankey the father of the subject.

H. P. Sankey has been a prominent resident of the community, and was looked upon as a leader in questions that concerned the public welfare. He began his education in an old school house, long since destroyed, in Potters Mills, his first teacher being John Gilliland. After leaving the common Postmaster George M. He met the enemy on one battlefield, was taken prisoner, confined in Confederate military prisons for one year; his term of service as a soldier was fourteen months.

Returning to his home, he was married, October 10, 1865, in Potter township, to Elizabeth E. Rhone, a daughter of Jacob and Sarah Rhone. April 1, 1866, they moved to their present home, and the following children bless their union: James A., of Vernon, Woodson county, Kansas; Edith M., Mabel S., and Marcellus A., at home. The family occupy a high position in social circles, and one of the charms of their home is its free-hearted hospitality.

For several years Mr. Sankey has been unable to attend to the duties of the farm owing to ill health, resulting from hardships which he endured as a prisoner of war, but he gave to the farm his careful supervision, and its business interests were ably managed. In politics he was a Republican with Prohibition proclivities, and was well informed on the issues of the day. He has held various offices in church and Sunday school. Few men in Potter townfarmers to know that their crop pros- ship were more widely known than Mr. Sankey, and he commanded the highest respect of all. He was a man of the strictest integrity, benevolent and Lancaster county brothers, and that the kindly, and his life has been ever upright and true.

bringing down and keeping down the prices on many articles of merchandise? During these few years you have been the gainer, as well as we, from the fact that you have bought your goods at the right figures and because of your liberal patronage, we have moved many goods. Did you ever notice how fearless we quote you prices? You understand that the store that gives you a price is not alraid of you getting a lower one. The store that gives you the actual price,

not an article quoted from one price to another, but the low and only price. It's the old story, no rents, no drayage, being close by depot, buying for cash and only from ash houses who employ no salesmen, and lastly but surely not least, selling for cash. This is it in its simplest form. Is it not plain? Furthermore we have and will continue to make prices that
