**A WORTHY SUCCESSOR.**

"Something New Under the Sun."  
All doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science; that actually reaches the affected parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure," and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect catarrh cure ever made, and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head.

Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of one dollar. Address, Dept. B734, Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.

**The Ohio Building.**

The Ohio State building has a prominent place at the Pan-American Exposition to be held in Buffalo next summer. The design is plain Grecian

Doric, the beauty of which lies mainly in its classic proportions and commanding position. It is designed exclusively for social purposes and will be the rendezvous of Ohio visitors to the Exposition.

the corridor, hand in hand, whispering softly of the life before them, with all its glorious promise.

Then, pushing open the heavy door, which had swung to but an hour before behind the baron's daughter, they entered the room in which, on its easel, under concealing folds of rich, ruby hued velvet, stood the portrait of Lenore Glenco.

Was poor Griswold still prone before it, with his delicate face pressed against the oaken floor, his sobs still filling the silence?

No, nor was the portrait now shrouded. With the full, red splendor of the dying day striking warmly on the canvas it faced them as they entered.

But what vanda had so marred the serene and lofty loveliness, so chilled and frozen the proud smile on the crimson lips, so changed the blue of the marvelous eyes, until their light was but cruelty, their azure but cold, steel-like glitter, like that which gleams upon the quarry of some merciless lion when the fangs are in its flesh and the life is slowly going from it?

Aghast, shocked beyond words, with a growing horror on his face, the marquis looked, fascinated, yet repelled by that pictured cruelty.

"Where is the fellow?" he asked between his teeth. "His very life shall but poorly pay the insult given you by his brush!"

She had not spoken, had not moved before, but now the haughty pride of her race flamed up in her, intolerant and merciless. The blue of her eyes had light not unlike that which met them from the undried canvas as, lifting her hand, she pointed to where, in a distant part of the room, with his face buried on his bosom, the artist who had thus offended crouched in a great chair.

**Managing a Drawer.**

A woman will take the smallest drawer in a dressing table for her own private use and will pack away in it bright bits of boxes of all shades and sizes, dainty fragments of ribbons, scraps of lace, foamy ruffles, velvet things for the neck, bundles of old love letters, pieces of jewelry, handkerchiefs, fans, things that no man knows the name of, all sorts of fresh, bright looking knickknacks that you couldn't catalogue in a column, and she can go to that drawer any hour of the day or night and pick out any article she may happen to want without disturbing anything else.

And a man, having the biggest and deepest and widest drawer assigned him, will throw into it three socks, a collar box, an old necktie, two handkerchiefs, a pipe and a pair of braces, and to save his life he can't shut that drawer without leaving more ends sticking out than there are things in it, and it always looks as though it had been packed with a hydraulic press.
