JUDGE'S ECONOMY.

Lycoming County's New Judge Practices Economy.

According to report Judge Max Mitchell, appointed to the bench in Lycoming county, has introduced at least one important time and money-saving innovation in the interest of the tax payers. Instead of having the Grand Jury convene and organize on the first morning of court week, he calls the members of that important body together the previous week and has them act upon the bills which have been prepared for their consideration by the District Attorney. By the adoption of this plan considerable time is saved, while if any bills are ignored the parties interested are thus given ample notice of the fact that they and their witnesses and all concerned are able to save the time and money that a trip to the county town and waste of two or three days hanging around waiting for the action of the Grand Jury would involve.

DROUGHT IN THE WEST.

Missouri and Kansas Agricultural Districts Greatly Crippled.

So far the indications are that Kansas and Missouri are not to be counted on as important factors in the corn market this year. These immense producers of this cereal are practically burned out by the worst drought experienced in years. Kansas presents a pitiable spectacle and the indications are that the crop in many parts of the State will amount to little or nothing. The whole State will be lucky if it has 20 per cent. of its normal yield.

Some of the worst reports come from Missouri, where the present drought is said not to have been equalled since 1854. Rivers and wells are rapidly drying up and farmers are disposing of all live stock as rapidly as possible, being unable to furnish fodder. Prospects are particularly poor in the southern half of the State. All early crops are admittedly a failure and little hope is entertained for late planted stuff unless rains come soon. In the central and western parts no rain has fallen for nearly three months.

CONDITIONS NOT EXAGGERATED.
Norman J. Coleman, of St. Louis, who was Secretary of Agriculture in Cleveland's Cabinet, takes issue with Secretary of Agriculture Wilson regarding the drought. Mr. Coleman does not share Secretary Wilson's hopeful opinion regarding the corn crop.

"It is my belief," said Coleman, "that the reports from the corn belt have not been exaggerated. I am firmly of the belief that to farmers of Missouri the drought is a greater calamity financially than was the civil war."

"I believe that the losses from dry weather this season will exceed the devastation, the burning and sacking and pillaging of years of war in this State. In a residence of fifty years in Missouri I have not known such deplorable condition among the farmers throughout the State's existence as this."

The States affected include Indiana, Illinois, Wisconsin, Minnesota, Iowa, Missouri, Kentucky, Tennessee, Alabama, Mississippi, Louisiana, Arkansas, Oklahoma, Kansas, Nebraska, South Dakota, North Dakota, Colorado and Michigan.

A \$2,000,000 Mortgage.
A mortgage in the sum of \$2,000,000 was filed for record in the recorder's office, in Clinton county. It is from the United Telephone and Telegraph company to the Equitable Trust company, trustee, of Philadelphia. The company will operate in the greater number of counties in eastern and central Pennsylvania, Clinton being included. The stamps on the document amounted to \$699.50.

Crop Prospects.
Reports from Snyder county indicate that the wheat is good.

In Juniata county the wheat harvest was late, and the crop but half the average. The heads were poorly filled.

Franklin county reports also indicate but half a wheat crop.

Granville Merchant Dead.
Henry Houser, sixty-four years old, a merchant of Granville, Mifflin county, while engaged in waiting on some patrons at his store, Tuesday was stricken dead with heart disease.

Fireman Strike.
About 1000 firemen struck in the anthracite coal region yesterday and forced many mines to shut down, throwing thousands of miners out of work.

Spring Mills.
The harvest is past. Samuel Leitzell, of Jersey Shore, is visiting his many friends and relatives at this place.

Miss Mabel Smith, daughter of James Smith, of Pine Grove Mills, is visiting Miss May Smith.

Misses Freda Kennedy and Joe Condo, of State College, are visiting friends and relatives at this place.

Clarence Musser, of Altoona, is visiting at the home of his parents, Mr. and Mrs. R. D. Musser.

The Penn Hall band will hold a festival near Reuben Kline's along Penn's Creek, Saturday evening, July 27, beginning at five o'clock. There will be races such as swimming, tub, wheelbarrow, running, walking and pie-eating, for which prizes will be awarded. Ice cream and cake will be served; the Colyer's Mills band has been engaged to furnish music for the occasion. All are invited to come and see the fun.

Supervisor John Breon thinks he could give us better roads if he had a stone crusher.

J. O. McCormick came home with a basket of fine trout, all measuring from ten to twelve inches.

Dentist Thomas Hosterman, of Rebersburg, spent Sunday with Harry Musser.

Postmaster Krape will place a new postoffice cabinet in the Spring Mills postoffice, which will put the office in a creditable condition.

C. A. Krape assumed the postmastership of this village Monday last, and moved the office to his store, possibly fifty feet distant from the old location. The front room has been entirely rearranged and furnished with all new postoffice fixtures, and the department is now very complete and convenient for any transactions connected with the office. Mr. Krape retained as deputy Miss Kate Shires, a highly accomplished young lady, thoroughly competent, very agreeable and obliging, and while acting in that capacity for a few months under the old regime "won golden opinions from all sorts of people."

Cherries in this locality are of a very inferior quality. The trees are loaded with them, but the fruit appears to have withered before maturity and are now about half decayed and unfit for use.

Daniel Schlegel and W. O. Graden were each presented with a daughter and W. P. Alexander, manager of Allison's milling establishment, had a son added to his family, all these events occurring within the last ten days. The above gentlemen are very proud and happy.

Mrs. H. C. Robison, who has been ill since the holidays, improves if at all, very slowly.

Edwin Ruhl, the village landlord, left on Monday last on a business trip, and will be absent for several days. The hotel will be under the management of his brother Will, a very capable young man, and the guests may rest assured that they will receive every attention.

Nancy Bank's Log Cabin

Lina Beard, sister of the famous Dan Beard, herself famous because of her sympathy with the play of children, shows a distinct novelty in the August Delinctor. She explains to the children by word and by picture how to make a toy log cabin that looks like the cabin in which Abraham Lincoln was born. We shall be very much surprised if this fails to prompt children to build log cabins large enough for play houses. Lina Beard has a wonderful faculty for selecting that which is the most interesting for children.

The Best Remedy for Stomach and Bowel Troubles.
"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their entire satisfaction. It affords a quick and sure cure in a pleasant form." For sale by Mrs. J. W. Keller, Linden Hall; J. F. Smith, Centre Hall.

A WORTHY SUCCESSOR.

"Something New Under the Sun." All doctors have tried to cure Catarrh by the use of powders, acid gases, inhalers and drugs in paste form. Their powders dry up the mucous membranes causing them to crack open and bleed. These powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure," and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect catarrh cure ever made, and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head.

Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Sent prepaid to any address in the United States or Canada on receipt of one dollar. Address, Dept. B754, Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.
