

CENTRE HALL, PENN'A.
July 25, 1901.

TERMS—The terms of subscription to the Reporter are one dollar per year in advance.
ADVERTISEMENTS—20 cents per line for three insertions, and 5 cents per line for each subsequent insertion. Other rates made known on application.
NOTE—Subscribers will please observe the date on the label of the Reporter after a remittance is made and report if it is not correct. Dates are only changed the first issue of each month. Jan 01, means that your subscription is paid to last January. 01 means July, 1901.

Democratic Ticket.
Prothonotary—M. I. GARDNER.
District Attorney—N. B. SPANGLER.

The County Ticket.
At the head of the column will be found the Democratic county ticket: For Prothonotary—M. I. Gardner; for District Attorney—N. B. Spangler. The fitness of these candidates need not be argued; every voter in the county has had an opportunity to know that each of them served in their respective office for a term of almost three years, and that their official action has been entirely satisfactory to every one who has had occasion to transact business with them.

The opposition candidates have as yet not been named, but it matters not who they chance to be, there can be no valid reason given why every Democratic voter in Centre county should not support the nominees of their party.

By standing firm in local politics is the only sure way to success in state and national campaigns. Teach by precept and example to cut a candidate on the local ticket, and how can you expect a Democrat to stand firm in national contest.

The "open door" at the Philippines, to all nations on the same terms as to the United States, is not promotive of American commerce. We do not get our fair share. Distance and shipping facilities are against us. Last year, for example, we shipped only \$136,000 worth of manufactures of iron and steel to the Philippine Islands, while England sold \$690,000 worth, and even German exports of these articles amounted to a quarter of a million in value. The sums are small, but they show what a mythical idea it has been that our raid on the Philippines would be promotive of American commerce.

With over 250,000 troops in South Africa, the British appear to be unable to vanish 12,000 Boers in the field or keep peace within their own ranks. General Kitchener, who succeeded Lord Roberts, has the gift of making himself disagreeable and cannot get along with Lord Milner, the British civil administrator. The military censorship maintained by Kitchener is objectionable to the British press of all shades of political opinion. On the whole he seems to have made himself as unpopular as General Otis did in Manila, and from the same causes. It is natural that when military absolutism comes in contact with treasured principles of civil liberty and rights there should be friction. This is the case in South Africa, and the prediction is made that General Kitchener will be recalled and be succeeded in control by the general next in command, who rejoices in the significant name of Sir Bindon Blood.

Notwithstanding the fact that many people complain that the United States are becoming overpopulated, the residents of other countries still hold to the belief that we still have room for more. The immigration statistics indicate that for the fiscal year just closed has been one of the banner years for new arrivals. The figures for the eleven months ended with May reached a total of 455,319; and as June is always a great month for immigration the total for the year probably exceeded 500,000. The immigrants last year numbered 448,572—nearly double the figures for 1898, when the new arrivals numbered only 229,233.

Pennsylvania Railroad's Special Excursions to Pan-American Exposition.
The Pennsylvania Railroad Company will run special excursions to Buffalo on account of the Pan-American Exposition, from Philadelphia and adjoining territory, on July 23, 31, August 6, 15, 21, 27, September 5, 11, 17, and 26. Round-trip tickets, good going only on train leaving Philadelphia at 8:30 a. m., Harrisburg 11:35 a. m., Sunbury 12:48 p. m., Williamsport 1:50 p. m., Lock Haven, 2:25 p. m., and on local trains connecting therewith, and good to return on regular trains within seven days, including day of excursion, will be sold at rate of \$9.00 from Philadelphia, \$8.40 from Harrisburg, \$9.80 from Trenton, \$8.40 from Altoona, \$9.00 from Lancaster, \$9.00 from Reading, \$10.00 from Winchester, and proportionate rates from other points. These tickets will not be good in Pullman parlor or sleeping cars in either direction. For specific time and rates, consult local ticket agents. July 25 21.

Write Grant Hoover for prices on insurance. See Grant Hoover before you insure.

GRANGE AND LEGISLATION.

Laws Passed Through the Efforts of the Grange Legislative Committee.
The Grange Trade Bulletin for August and September issued at Centre Hall says:

Unlike other organizations, the Grange has made a constant and steadfast effort to protect the farmer against extortion in tax levies by the State.

In the contest over the Taggart Grange Tax bill in 1891, the Grange secured an increase from the State of \$4,500,000 for the public school, making a total annual appropriation of \$5,500,000. It the same year secured a return from the State to the counties three-fourths of the personal property tax, which now amounts to \$2,300,000. It also, the same year, secured from the State to the counties and townships the entire retail liquor licenses now amounting to \$1,300,000.00.

Had the Grange not secured these concessions from the State the farmers and real estate owners would have been compelled to raise this amount by local taxation.

Had all the farmers come into the Grange and helped we could have secured for them and the real estate owners at least \$10,000,000.00 more, and even then would not have lowered the tax on real estate below that paid by personal and corporate property.

During the Legislature just closed the Grange and Pure Butter Protective Association secured the passage of an efficient Oleo law, which will save annually for the dairy interests over \$3,000,000.00.

The Grange also prevented the passage of an act to enforce the Hamilton road law of '97, which would have entailed on the counties at least sixty-seven county engineers whose salaries would have been upward of \$1,000,000.00 which would have been assessed upon the farmers of the Commonwealth.

To test the sincerity of these road reformers at the expense of the people, the Grange Legislative Committee amended their bill, providing that all personal and corporate property should be taxed one mill additional by the State for road purposes. This knocked the breath out of the road reformers when they were to help pay for good roads and they strangled their own road legislation in the Senate Committee.

RIGHTS OF TELEPHONE COMPANIES.

Damages Obtained Through the Courts for the Destruction of Shade Trees.

The Lewistown Gazette is putting Millin county property owners on their guard by publishing the following:

Inasmuch as it is reported that the superintendent of the Juniata and Susquehanna telephone company has claimed unlimited rights both in town and country and that line is being extended throughout the county it might be well for our country friends to be informed that during the absence of Dr. John Marshall from his farm at Douglassville, Berks county, Pa., in 1895, employes of the American Telegraph and Telephone Company cut down sixty-eight trees on his property, whereupon Dr. Marshall immediately brought criminal action against these employes, which action was carried from the court of the justice of the peace to the common pleas court in Reading, Berks county, and thence to the superior court, with decisions against the telephone company throughout the entire progress of the action. The action was brought under the Act of June 8, 1881, P. L. 82, amended by the Act of June 18, 1895, P. L. 196. The fines required of the three employes of the company were to the full limit of the law, and aggregated \$150, half of which, however, by law, was transferred to the school board of the township in which the farm was located.

The criminal suit having been decided by the highest court in favor of Dr. Marshall, he brought civil action against the company for damages, and on January 3, 1898, the court, under the Act of June 2, 1819, P. L. 170, appointed three viewers to assess damages. On February 14, 1898, the viewers filed their report, from which report the telephone company and also Dr. Marshall appealed, and on October 18, 1898, the case was tried before the common pleas court of Berks county. The verdict of the jury was in favor of Dr. Marshall. The telephone connection appealed to the superior court, and on April 16, 1901, an opinion in favor of Dr. Marshall was handed down by Justice Beaver, allowing damages to the amount of \$400 to Dr. Marshall. The result of two actions, criminal and civil brought by Dr. Marshall against the telephone company are as important concern to the citizens of this Commonwealth in that the way has been shown, by the establishment of the constitutionality of the acts under which the actions were brought, for any citizen of the Commonwealth whose trees have been injured or destroyed by a telegraph or telephone company to proceed criminally, and also civilly for damage, against the corporation.

APPROPRIATIONS BY THE STATE.

Moneys that Directly Interest the Reporter Readers.

Ten thousand dollars was appropriated by the Legislature towards the erection of a monument in honor of Governor A. G. Curtin. The bill was signed by the governor as passed.

The appropriation to State College was \$140,000, which included an item of \$50,000 for a new building. The sum was reduced by \$30,000 before the governor signed his signature.

The governor approved the appropriation of \$1,000,000 to cover the deficiency of the school appropriation caused by the year of 1899.

The National Guard comes in for \$791,000.

The Cottage State Hospital, Phillipsburg, was reduced from \$18,425 to \$16,425.

The Soldiers Orphans Schools were cut \$29,000 on an appropriation of \$386,000.

WilliamSPORT Hospital was reduced from \$32,000 to \$27,000.

The two noted Philadelphia hospitals were greatly shorn of funds. The Jefferson was cut \$50,000, leaving it a state fund of \$108,000. The Medico-Chirurgical hospital suffered a loss of \$40,000, leaving a balance of \$150,000.

The Lock Haven hospital was docked \$1,000—balance \$9,000.

The National Farm School, Doylestown, of which the farmers of Centre county should know much more about, was to have a sum of \$7,500 and got but \$2,500.

The Clearfield hospital through the governor's economic fit has but one-half (\$2,000) of its original appropriation.

The State Board of Agriculture was denied its entire appropriation of \$3,000.

The Western State Penitentiary, Pittsburg, got its full allotment of \$125,300. The Reform school at Huntingdon fared the same and receives \$174,975.

Thirty-three institutions of various origin were denied their entire appropriation.

One hundred and sixteen institutions had their appropriations reduced. Eighty-one institutions were supported by the governor, and received their appropriation in full.

The heavy cuts are made in the private charities, which include hospitals not dependent upon the State. The State and semi-State institutions fared much better than the friends of many of them expected. The total reduction in these appropriations is a little over \$2,000,000.

While Governor Stone is pretending to practice economy by using the veto power he has opened the door to every college in the State to make claim for an appropriation bill by approving for \$5000 the bill appropriating \$20,000 to the Grove City College. This institution has no connection with the State, and bills carrying appropriations to it were voted in 1897 and 1899.

J. Frank Holter, of Howard, was promoted from corporal to chief clerk to the first sergeant in the regular army.

M. Swartz, TUSSEYVILLE.

A WORTHY SUCCESSOR.

"Something New Under the Sun." All doctors have tried to cure Catarrh by the use of powders, acid gas, inhalers and drugs in many forms. Their powders dry up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of Catarrh, has at last perfected a treatment which when faithfully used, not only relieves at once, but permanently cures catarrh, by removing the cause, stopping the discharges, and curing all inflammation. It is the only remedy known to science that actually reaches the affected parts. This wonderful remedy is known as "Snuffles the Guaranteed Catarrh Cure," and is sold at the extremely low price of one dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect catarrh cure ever made, and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully quick to relieve hay fever or cold in the head.

Catarrh when neglected often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles" the "Guaranteed Catarrh Cure."

Send prepaid to any address in the United States or Canada on receipt of one dollar. Address, Dept. B734, Edwin B. Giles & Company, 2330 and 2332 Market Street, Philadelphia.
