Democratic Ticket. Prothonotary—M. I. GARDNER. District Attorney—N. B. SPANGLER.

There is no doubt that the Schley court of inquiry will make thorough work of the duty confided to it. Witnesses are to be brought from all parts of the world, mainly American naval officers who had part in the naval operations in and about Santiago.

Governor Hastings might have had a good oily subject had he referred to the pipe line bill in his great speech at the Republican county convention, but he probably refrained on account of not wanting to infringe on Brother Hamilton's exclusive right to handle grease.

The new gold fresh from the mines of the North Pacific is an addition to the stock of gold in the world that is attracting attention. The United States treasury has just paid \$1,634,000 for new gold from the Klondike and other points in Alaska.

When former Governor Daniel Hastings gets the regular Republicans licked, he'll be ready for another Coney-maugh catastrophe.

The Bellefonte correspondent to the Philadelphia Inquirer has given to the people of the state another famous Centre county story. He says: Mrs. C. P. Russel, of Boggs township, Centre county, is dangerously ill with nervous prostration, the result of a terrific encounter with a large black snake.

For the benefit of those desiring to visit the great Ocean Grove Camp Meeting, the Pennsylvania Railroad Company will, on August 23, sell excursion tickets to Ocean Grove, Asbury Park, or Long Branch from various stations named below at the very low rates quoted.

M. I. Gardner, the present prothonotary and Democratic candidate for reelection was in Centre Hall Friday, Mr. Gardner is finishing up his first term in a most creditable manner, and as the custom is to re-elect prothonotaries a second time, Mr. Gardner may depend upon the Democrats on the south side to do their duty.

NATURAL HISTORY.

The pouch of a pelican is large enough to contain seven quarts of water. For mountain climbing camels are very inefficient and seldom used in Abyssinia and other mountainous countries.

Sparrows begin housekeeping very expeditiously. A pair of them will build a nest and furnish it with an egg inside of 24 hours from the time when the site was selected.

The female red grouse is said to vary its dress according to surroundings. It is a fact worth remembering that the red grouse occurs in no other part of the world but the British Isles.

No one has been able to give a satisfactory reason for the formation adopted by the wild duck or mallard in flight. The birds arrange themselves in two converging lines, like a huge V, the leader occupying the point.

The ostrich is a descendant of a genus of bird which in prehistoric times attained an enormous size. In the alluvial deposits of Madagascar evidence has recently been found to show that ostriches 14 and 15 feet in height once lived on the island.

Stevenson's Cup of Misery. R. L. Stevenson, writing in 1893 to George Meredith, in an epistle quoted in a new edition of his "Letters," says, with heart touching pathos:

"For 14 years I have not had a day's real health. I have wakened sick and gone to bed weary, and I have done my work unflinchingly. I have written in bed and written out of it, written in hemorrhages, written in sickness, written torn by coughing, written when my head swam for weakness, and for so long, it seems to me, I have won my wages and recovered my glove. I am better now—have been, rightly speaking, since first I came to the Pacific—and still few are the days when I am not in some physical distress. And the battle goes on—ill or well is a trifle so that it goes. I was made for a contest, and the powers have so willed that my battlefield should be this dingy, inglorious one of the bed and the physic bottle. At least, I have not failed, but I would have preferred a place of trumpeting and the open air over my head."

The Life Line in One's Hand. There are three prominent lines in the palm—the line of life, that of the head and the heart line.

The line of life begins on the inner boundary of the palm, about midway between the thumb and the forefinger. If we imagine the left hand to be a map, with the fingers pointing north, this line runs toward the southeast, then curves toward the south and in some hands curves finally toward the southwest. It thus skirts the base or "uprise" of the thumb, known as the "uprise of Venus. If it is deep, broad, of good color and extends nearly or quite to the wrist and if the rest of the hand indicates vitality and cheerfulness, the subject may be expected to live to a green old age; he has a good disposition and the qualities which good health and good temper usually create.

Crane Island. In Lake Minnetonka, Minnesota, there is a picturesque island which takes its name from the fact that it is uninhabited by man and given over to the cranes. Generations back these birds decided upon this spot for a summer resort. As times went on and the surrounding islands populated no man had the heart to disturb them, until now Crane Island is pointed out from passing boats as one of the curiosities of the northwest.

Major Hastings Out of Prison. Major William H. Hastings, brother of former Governor Daniel Hastings, was released Friday from the county prison at Holmesburg, after having served a two and one-half years' term for making fraudulent invoices for goods and for obtaining money under false pretenses.

While abroad several years ago Major Hastings created a sensation by written attacks upon his brother, who was then governor of Pennsylvania. He accused the governor of being responsible for the loss of his fortune, and told many other interesting family tales. Major Hastings is a finely educated man, and has traveled the world over and over again. The thorn in his side is the leader of the Centre county insurgents, his own dear brother.

Ruskin's Love Failure. The story of two love failures are written out in the September number of The Delinquent. They tell of Ruskin's loveless life and also of the cheerless home of Fitzgerald, the Persian scholar. These two loves that failed are sketched by Clara E. Laughlin.

The Cosmopolitan will publish a Pan-American Exposition number in September. The most famous writers of the country have been invited to take part in the preparation of this issue. All the wonderful scenes of the Exposition, more than a hundred photographs have been prepared, which, taken as a whole, give a thorough conception of the marvels of this Exposition. It is doubtful if any book, selling at forty times the price of the magazine, will give any description of the Fair which will approach in interest and artistic value the September Cosmopolitan.

The good house-women are beginning to date before and after the picnic certain lines of work to be done.

"My baby was terribly sick with the diarrhoea," says J. H. Doak, of Williams, Oregon. "We were unable to cure him with the doctor's assistance and as a last resort we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy. I am happy to say it gave immediate relief and a complete cure." For sale by Mrs. J. W. Keller, Linden Hall, J. F. Smith, Centre Hall.

Swartz's Weekly Reminder.

Now is your opportunity to secure a lot of merchandise under price. The reason: we are rummaging. That means we are turning up all the corners of the store, emptying boxes, drawers, shelves, etc., of such goods that we do not wish to and have no room to carry to another season. In going into our shoe department you will find shoes that were \$2.85 now \$1.95 shoes that \$1.48 and \$1.35 now \$1.00 etc. A nice lot of them but going fast; nothing wrong with them, only some are Tans, others a wee bit too narrow in the toe to be up to today's style.

Men's Overalls 10 to 45 cents. You will find you have never seen any overalls to beat these for the price.

Ladies' shirt waists 30c from 50c, 40c from 68c, etc.

Summer Dress Goods 9 and 10c to 5 and 6c. Lot of Misses' Black Hose sizes 5 to 8 1/2 from 10c reduced to 6c etc.

Remember we have only mentioned a few things to give you an idea how we have put the knife into prices. Come and see whether you buy or not.
