CENTRE HALL, . . . PENN'A. September 19, 1901.

Shoe Tack.

From the tannery to your foot we know the history of every shoe. The're made for us, and the maker will never run any risk of losing our orders. They will last longer because of the care he takes to deserve our business. Our whole life is spent among shoes. We see, talk about and handle nothing else. From morn till night, week in and week out, it is nothing but shoes. Styles, forms, fashions, materials, what wear best, and what kind keep their form best, and what customers say about our shoes-all this experience is at the service of our patrons who may desire it. We should be pleased to serve you.

Winter shoes are here, and not a price too high.

Mill Raising.

The large roller flouring mill at Linden Hall was raised last week. Contractor Kerstetter, of Pleasant Gap, was greatly praised for the perfect measurements and calculations, every piece of timber fitting to perfection. Mr. Ross will hurry the mill to completion as rapidly as possible, and Linden Hall will again have a mill on the old mill site which dates back to the early history of the valley.

More Cattle Dying.

During the past few weeks over twenty-five head of cattle have been found dead in the herd that has been pasturing near Penfield. Fully 1,500 head are in the herd. The owner attributes the mortality to the cattle eating a worm that infects the sassafras leaf, but they are contemplating asking the state agricultural department to investigate the disease. The dead cattle are piled up and burned. .

Pronounce it "shollgosch."

Written according to its sound, the name Czolgosz or its nearest equivalent is "Teboligosch," or more broadly speaking, "Shollgosch." "Cz" is represented in the Russian alphabet by a character which is pronounced sch, the same as though one were suppressing a sneeze-"tch." The next two letters, "ol," are pronounced in combination as though written "col," and the remaining letters of the name, "gosz," have the sound of "gosch."

Going South.

Orwig and Kryder, who have been conducting an extensive lumber business in various parts of Centre county, have concluded to go to West Virginis to engage in the same business. The heads of the firm were through West Virginia recently, and purchased a tract of twelve hundred acres in Pocahontas county. The mill will be locat ed near Cloverlick, and is near to where the lumber firm from Woodward is doing business. November has been decided upon as the time for N. C. A Pretty Wedding at the Home of W. H Bartholomew Wednesday Morning.

Miss M. Helen Bartholomew Wednesday morning became Mrs. Grenoble-the wife for all time of Henry W. Grenoble, of Cumberland, Md. The ceremony was performed by Rev. T. W. Haven, Ph. D., pastor of the Methodist Episcopal church, and the wedding march was rendered by Ed. L. Bartholomew, brother of the bride.

The bridal party left on the 8.18 morning train the same morning for Buffalo, Niagara Falls, Ontario, Baltimore and Gettysburg. After the honeymoon the couple will take quarters at the Arlington hotel, Cumberland, where the groom is train dispatcher on the Baltimore and Ohio railroad.

The bride is the only daughter of W. H. Bartholomew, at whose home the ceremony took place. She is a graduate of the Millersville Normal school and has very successfully taught public school several terms. She also has accomplishments in music and as a reader, and is prominent in social circles. (SOON DIVORCED)

Give Peaches a Black Eye.

The local fruit raisers in Juniata county, have about agreed that the fruit which will pay best to raise in that region is the apple. Thousands of peach trees have been planted in the county and some money made, but there have been lots of time and money lost by the peach growers, too. Apples do bester there, but the crop is poor this season in almost every place. Many apple trees are being planted in that county. Growers are also turning their attention to pears, some putthought they will produce paying

THE GRANGE ENGAMPMENT.

EVERYTHING POINTS TO A GREAT DAY THURSDAY,

The Farmers Aroused and Put New Life Into Their Annual Gathering .-The Exhibits Good,

Everything points to a great day to day at the Grange Park. It is the 28th anniversary, and new life has been infused. At this writing there is friends. every indication of the attendance being much larger than last year. The whole Patron loaf has been newly leavened, and the expansion will be nopatrons throughout the entire county are taking a greater interest in the encampment and exhibition this year than any time heretofere, and there is reason for it all. The grange is a power and influence in Centre county, and the organization will not see its institutions trampled into the dust; the organization is proud and ambitious. and will guard, jealously guard, its institutions against all despoilers.

The Sunday services were well attended, considering the frequent showers during the day. Rev. Shultz delivered an able sermon to an attentive, earnest audience.

Monday opened bright and clear; it was an ideal day for the opening of the exhibition. There was an unusual stir all day. Campers were getting their quarters in order; exhibitors were locating their wares; suttlers were nailing and pinning, getting everything in readiness to gather sheckels during the week. The showmen were also arranging their tents and preparing for business.

Tuesday the bad weather put a damper on the encampment and exhibition proceedings. Rain tell during the greater part of the day, making

camp life anything but desirable. Wednesday was a favorable day for the Grangers. The air in the morning was cool, "Jack Frost" having made his first visit. The sun shone the greater part of the day, and farmers and others were encouraged to leave their homes in the morning for the Grange Park grounds. The attendance was very good, very satisfactory to the management.

The exhibits in many respects surpassed those of the fair, and all of them than those shown last year. A full of the wood. list of exhibitors will appear next week giving kind of stock, etc.

Enthusiasm: A business without enthusiasm will die. Indeed, anything that is worth doine, is worth all the might you can put in it. This is especially true when you have something over which to be enthused. We are enthusia-tic in our business, because we are conscientious in the thought that we are doing the right thing when we offer you more value for the money than you can get elsewhere. Why can we do this? No rents, no expense. It is the old story, and if you have read our ad, you know what it is.

We are bound to make our business mutual, we are bound to furnish you with the best goods the market affords, and we are bound to serve you on a lower basis for the same goods than any other store in the valley. We are the little hen coop on the fist iron corner at the station, but rumor has it that the little 8x10 will be set aside in the very hear future.
