

Thrown From His Cab and Killed.
The following is a most interesting and, in one respect, pathetic tale:—
Mr. J. Pope, 42 Ferrer Road, Stratham, England, said:
"Yes, poor chap, he is gone, dead—horso boited, thrown off his seat on his cab he was driving and killed—poor chap, and a good sort too, mate. It was him, you see, who gave me the half-bottle of St. Jacobs Oil that made a new man of me. 'Twas like this: me and Bowman were great friends. Some gentleman had given him a bottle of St. Jacobs Oil which had done him a lot of good; he only used half the bottle, and remembering that I had been a martyr to rheumatism and sciatica for years, that I had literally tried everything, had doctors, and all without benefit, I became discouraged, and looked upon it that there was no help for me. Well," says Pope, "You may not believe me, for it is a miracle, but before I had used the contents of the half-bottle of St. Jacobs Oil which poor Bowman gave me, I was a well man. There it is, you see, after years of pain, after using remedies, oils, embrocations, horse liniments, and spent money on doctors without getting any better, I was completely cured in a few days. I bought another bottle, thinking the pain might come back, but it did not, so I gave the bottle away to a friend who had a lame back. I can't speak too highly of this wonderful pain-killer."

COMMERCIAL REVIEW.

General Trade Conditions.

R. G. Dun & Co.'s weekly review of trade says: "A few months ago injury to the corn crop aroused fears that the railroads would be seriously handicapped by the loss of tonnage, yet the season of grain traffic has not only failed to produce decreased earnings, but there is such a scarcity of rolling stock and motive power that numerous industries are badly demoralized. In so far as these interests are concerned the reduction in corn freight proves a blessing. Railway earnings in October were 11.3 per cent. greater than last year and 21.2 per cent. over 1899, while these roads reporting for the first week of November show an average gain of 9.8 per cent. "A healthy demand is reported throughout the country in all leading lines of merchandise, while sales of winter goods have attained normal proportions and holiday business promises to surpass all records. "Failures for the week numbered 215 in the United States, against 217 last year, and 27 in Canada, against 33 last year. Bradstreet's says: "Wheat, including flour, exports for the week aggregate 4,983,734 bushels, as against 5,469,645 last week and 4,062,020 in this week last year. Wheat exports July 1 to date (twenty weeks) aggregate 117,182,652 bushels, as against 70,417,817 last season. "Corn exports aggregate 629,024 bushels, as against 708,284 last week and 3,076,914 last year. July 1 to date corn exports are 18,077,768 bushels, as against 63,440,228 last season."

LABOR AND INDUSTRY

New York has 250 hotels. America has 28,000 druggists. London has three-wheeled cabs. Java supplies the world's quinine. New York has 40,000 night workers. In Japan there are less than 450 men who have \$250,000 apiece. The potato forms nearly 14 per cent. of the total food of the people of this country. Policemen in Vienna must be able to swim row a boat and understand telegraphing. New York State farmers are buying potatoes for their own consumption, a situation unheard of there for years. The total value of the manufacture of bricks and tiles in the United States in 1900 was \$76,336,871 and of pottery \$19,768,670.

Beware of Ointments for Catarrh That Contain Mercury.
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and is made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists; price, 75c. per bottle. Brooklyn, N. Y., Nov. 15.—A medical authority says: "There is hardly a family anywhere in which Garfield Tea does not often take the place of the Family Physician, for practically everyone suffers at times from disorders of stomach, liver, kidneys or bowels. Certainly, from no other medicine can such good results be obtained. This Herb remedy makes people well and thus greatly increases their capacity for enjoying life; it is good for young and old."

MRS. H. F. ROBERTS

Says to All Sick Women: "Give Mrs. Pinkham a Chance, I Know She Can Help You as She Did Me."

"DEAR MRS. PINKHAM: The world praises great reformers; their names and faces are in the cars of every body, and the public press helps spread the good tidings. Among them all Lydia E. Pinkham's name goes to posterity."

MRS. H. F. ROBERTS, County President of W. C. T. U., Kansas City, Mo.

with a softly breathed blessing from the lips of thousands upon thousands of women who have been restored to their families when life hung by a thread, and by thousands of others whose weary, aching limbs you have quickened and whose pains you have taken away.

"I know whereof I speak, for I have received much valuable benefit myself through the use of Lydia E. Pinkham's Vegetable Compound, and for years I have known dozens of women who have suffered with displacement, ovarian troubles, ulcerations and inflammation who are strong and well to-day, simply through the use of your Compound."—Mrs. H. F. ROBERTS, 1404 McJee St., Kansas City, Mo.—\$6000 forfeit if above testimonial is not genuine. Don't hesitate to write to Mrs. Pinkham. She will understand your case perfectly, and will treat you with kindness. Her advice is free, and the address is Lynn, Mass.
