

THE CENTRE REPORTER.

CENTRE HALL, PENN'A. November 28, 1901.

Mingle's Shoe Store, BELLEFONTE, PA.

CHURCH APPOINTMENTS.

Lutheran—Centre Hall, morning; Union, afternoon; Georges Valley, evening.

Reformed—Centre Hall, 2:30 p. m.; Tusseyville, 10:30 a. m.

Large Attendance at Court.

The attendance from this side of the county at court this week was quite large, owing to several cases on the list, in which are residents of Penns Valley.

Supper at the Arcadia.

The members of Progress Grange will appreciate it if you patronize their Thanksgiving supper in Grange Arcadia. The funds will be used for a good purpose.

Growth of the Grange.

Progress Grange elected a new member at its meeting Saturday afternoon and received the application of fifteen persons wishing to become members. Progress is one of the strongest granges in the county.

Give Thanks Today.

Every reader of the Reporter has reason to give thanks today. God is good of all, and all are alike indebted to him for his goodness and mercies shown during the past year. Give thanks today.

Middleburgers Faked.

A sleek young fellow put in an appearance in Middleburg the other week and induced about twenty-five persons to take out insurance policies on which an advance payment of three dollars was made. The policies never appeared, and the unsuspecting citizens were out their good cash. It is always a good plan to consult your home agent, and leave strangers take care of themselves.

Death of Rev. Robinson.

Rev. Thomas A. Robinson died at Hot Springs, Arkansas, Nov. 7, after an illness covering a period of a year. Rev. Robinson was pastor of the Centre Hall Presbyterian church from 1874 to 1881, from here he went to Winnebago, Ill., and from there to Hebron, Ill., which pastorate he served at the time of his death. He was born in Academia, Juniata county, 1847. He leaves a widow and two children—Lucien Wilson at home, and Sarah Catharine, now in her senior year in Lake Forest University.

Lumbering in Seven Mountains.

The Rightly Bros. & Co., are doing an extensive business in prop and mining timbers in the Seven Mountains, have an outlet into Milroy over a portion of Kulp's tram road. The Rightly road through Poe Valley was torn up and laid through Coxe Valley via Pat Garrity's and connects with the Kulp road at the Long Mountain bridge. This makes Milroy the objective point of three lumber companies, namely, Kulp Co., Rightly Co. and Beebleheimer Bros., doing business in the Seven Mountains. Each company has considerable track and its own engines, but all use a part of the Kulp track.

Not Held at State.

Although it rained throughout the entire progress of the game Saturday afternoon, the Dickinson and State College football teams had a goodly number of spectators, many of whom preferred to hug the ropes rather than sit on the grand stand. State proved too active for the punch-bellies on the opposing side, although there was some clever work done on both sides. The field was in bad condition, especially so where there was no sod, and it so happened that nearly all the playing was done in that quarter. State played comparatively fast, and when time was called had twelve to their credit; Dickinson, nothing.

Stick to Common Branches

Are not the Higher Branches Taught to the Detriment of the More Useful?

There is no danger that the boys and girls who attend the public schools will receive too much instruction in such ordinary branches as spelling, reading and the construction of original sentences in good English. The high school pupils of the present day—speaking generally—do not always know how to spell; some of them read in a halting fashion, painful to hear; many get their English very much mixed when writing challenges for base ball or foot ball matches. Take the average lad and examine him in the art of orthography and he will prove that he has a very short memory or that his education has been very superficial in that particular branch.

Ask the average lad to read a selection from some standard publication and the result will set your nerves on edge for the balance of the day. Tell him to write you a dozen sentences about some topic of current interest and scan the result. It will not be complimentary to modern methods. Perhaps you will begin to question whether "higher" education, as understood and practiced under the common school system, is worth the money it costs. An observer who has done some traveling in Germany and France—perhaps in other countries—declares that in those lands the common, every day speech of the people betrays their rank in life, while in the United States many of the best educated are slovens in the use of the English language. It is really worth while to stop boasting about glorious public school system for a little time to inquire why it is that so many young Americans cannot spell correctly, cannot read aloud to the satisfaction of the hearer, cannot speak or write good English.

Scrivener's Christmas number is beautifully illustrated. Scrivener's is always first-class, but the December number has many special features of particular interest to magazine readers.

B. H. Arney "finished" an opossum Wednesday evening that entered his chicken house for a good meal. This particular hog-snouted, rat-eyed, eared and tailed and man-handed little "baste" was as plump and fat as any creature of possum-liking taste could wish.

Mrs. J. F. Alexander of this place, is taking care of the home of Mr. and Mrs. Frank McCoy in Bellefonte, during their absence at Bryn Mawr, where Miss Anna, a daughter, is seriously ill. Her condition is slightly improved, according to a telegram received Wednesday.

Closing the telephone exchanges on holidays is not received with the best of grace by its patrons. The business transacted over telephone lines is usually of such a character that it is interfered with by holidays. The telephone should be open continuously. This is the sentiment of patrons in this locality.

Hog Weighed 632 Pounds.

Wm. Kreamer, of Millheim, Tuesday of this week, killed a hog that weighed when dressed 632 lbs. This is probably the largest porker that will be heard of in the county.

Limb Amputated.

Drs. Bright, Musser, Frank and Braught amputated a limb for Mrs. Dorstler, of Madisonburg, Saturday. The patient is getting along very well. Both Mr. and Mrs. Dorstler had an attack of typhoid fever, and later gangrene developed, necessitating amputation above the knee.

Feasted Hunting Party.

The cotton-tail chasers were Messrs. Thomas G. Wilson, D. W. Bradford, Joseph Lutz, Mervin Arney, James Sandoe and Charles Arney, who brought with them sixteen rabbits, two grey squirrels, and one wild turkey.

Keith's.

Inaudi, the mathematician, "a mind miracle," is to return for a week to Keith's Philadelphia theatre. The comedy department promises to be more enjoyable than usual, there being no less than ten acts, will elicit laughter. Wilhelmina, and the entire horse race at Morris Park on October 8, won by Clarence Mackey's Heno. Keith's is truly a great theatre, and no one who has a right to spend in Philadelphia, can afford to miss it.
