"DREAMS"

Dr. Talmage Says They Are the Avenue Through Which God Has Marched Upon the Human Soul.

Proof of Immortality-Warned by God.

Washington, D. C.—In this discourse Dr. Talmage discusses a much talked of subject, and one in which all are interested. The text is Joel ii, 28: "I will pour out My spirit upon all flesh. Your old men shall dream dreams, your young men shall see visions."

In this photograph of the millennium the dream is lifted into great conspicuity. You may say of a dream that it is a nocturnal fantasia, or that it is the absurd

turnal fantasia, or that it is the absurd combination of waking thoughts, and with combination of waking thoughts, and with a slur of intonation you may say, "It is only a dream," but God has honored the dream by making it the avenue through which again and again He has marched upon the human soul, decided the fate of nations, and changed the course of the world's history. God appeared in a dream to Abimelech, warning him against an untawful marriage; in a dream to Jacob and lawful marriage; in a dream to Jacob, an-nouncing by the ladder set against the sky full of angels, the communication be-tween earth and heaven; in a dream to Joseph, foretelling his coming power under the figure of all the sheaves of the harvest bowing down to his sheaf; to the chief butler, foretelling his disimprisonment; to the chief baker, announcing his decapita-tion; to Pharaoh, showing him first the tion; to Pharaoh, showing him first the seven famine struck years, under the figure of the seven lean cows devouring the seven fat cows; to Solomon, giving him the choice between wisdom and riches and honor; to a warrior, under the figure of a barley cake smiting down a tent, encouraging Gideon in his battle against the Midianites; to Nebuchadnezzar, under the figure of a broken image and a hewn down tree, foretelling the overthrow of his power; to Joseph, of the New Testament, announcing the birth of Christ in his own household, and again bidding him fly from Herodic persecutions; to Pilate's wife, warning him not to become complicated with the judicial overthrow of Christ. throw of Christ.

We all admit that God in ancient times

We all admit that God in ancient times and under Bible dispensation addressed the people through dreams. The question now is, does God appear in our day and reveal Himself through dreams? That is the question everybody asks, and that question I will try to answer. You ask me if I believe in dreams. My answer is, I do, but all I have to say will be under five heads.

Remark the First The Scriptures are Remark the First-The Scriptures are

Remark the First—The Scriptures are so full of revelation from God that if we get no communication from Him in dreams we ought, nevertheless, to be satisfied.

With twenty guidebooks to tell you how to get to New York or Pittsburg or London or Glasgow or Manchester do you want a night vision to tell you how to make the journey? We have in this Scripture full direction in regard to the journey of this life and how to get to the celestial city, and with this grand guide-

thoughts uplifted in prayer to God than in all the information you will get unconscious on your pillow.

I can very easily understand why the Babylonians and the Egyptians, with no Bible, should put so much stress on dreams, and the Chinese in their holy book, Chow King, should think their emperor gets his directions through dreams from God, and that Homer should think that all dreams came from Jove, and that in ancient times dreams were classified into a science, but why do you and I put so much stress upon dreams when we have a supernal book of infinite wisdom on all subjects? Why should we harry ourselves with dreams? Why should Eddystone and Barnegat lighthouses question a summer firefly?

Remark the Second—All dreams have an important meaning. They prove that the soul is comparatively independent of the body. The eyes are closed, the senses are dull, the entire body goes into a lethargy which in all languages is used as a type of death, and then the soul spreads its wing and never sleeps. It leaps the Atlantic Ocean and mingles in scenes 3000 miles away. It travels great reaches of time, flashes back eighty years, and the octogenarian is a boy again in his father's house. If the soul before it has entirely broken its chain of flesh can do all this, how far can it leap, what circles can it cut when it is fully liberated? Every dream, whether agreeable or harassing, whether sunshiny or tempestuous, means so much that, rising from your couch, you ought to kneel down and say: "O God, am I immortal? Whence? Whither? Two natures. My soul caged now—what when the door of the cage is opened? If my soul can fly so far in the few hours in which my body is asleep in the night, how far can it fly when my body sleeps the long sleep of the grave?" Oh, this power to dream, how startling, how overwhelming! Immortal!

Remark the Third—The vast majority of dreams are merely the result of dis-

Istartling, how overwhelming! Immortal! immortal! immortal! immortal! Remark the Third—The vast majority of dreams are merely the result of disturbed physicial condition, and are not a supernatural message. Job had carbuncles and he was scared in the night. He says, "Thou searest me with dreams and terrifiest me with visions." Solomon had an overwrought brain, overwrought with public business, and he suffered from erratic slumber, and he writes in Ecclesiastes, "A dream cometh through the multitude of business." Dr. Gregory, in experimenting with dreams, found that a bottle of hot water put to his feet while in slumber made him think he was going up the hot sides of Mount Etna. Another morbid physician, experimenting with dreams, his feet uncovered through sleep, thought he was riding in an Alpine diligence. But a great many dreams are merely narcotic

disturbance. Anything that you see while under the influence of chloral or brandy or hasheesh or laudanum is not a revelation from God.

tion from God.

The learned De Quincey did not ascribe to divine communication what he saw in sleep, opium saturated, dreams which he afterward described in the following words: "I was worshiped, I was sacrificed, I fled from the wrath of Brahma, through all the forests of Asia. Vishnu hated me. Sceva laid in wait for me. I came suddenly won Leis and Origin I head hated me. Sceva laid in wait for me. I came suddenly upon Isis and Osiris. I had done a deed, they said, that made the crocodiles tremble. I was buried for a thousand years in stone coffins, with mumics mies and sphinxes in narrow chambers at the heart of eternal pyramids. I was kissed with the cancerous kiss of croco-diles and lay confounded with unutterable slimy things among wreathy and Nilotic

mud."

Do not mistake narcotic disturbance for divine revelation. But I have to tell you that the majority of the dream; are merely the penalty of outraged digestive organs, and you have no right to mistake the nightmare for heavenly revelation. Late suppers are a warranty deed for bad dreams. Highly spiced salads at 11 o'clock at night, instead of opening the door heavenward, open the door infernal and diabolical. You outrage natural law, and you insult the God who made those laws. It takes from three to five hours to digest food, and you have no right to keep your digestive organs in struggle when the rest of your body is in somnolence. The general rule is eat nothing after 6 o'clock at eral rule is eat nothing after 6 o'clock at night, retire at 10, sleep on your right side, keep the window open five inches for ventilation, and other worlds will not disturb you much. By physical maltreatment you take the ladder that Jacob saw in his dream, and you lower it to the nether world, allowing the ascent of the demoniacal. Dreams are midnight dyspepsia. An unregulated desire for something to eat ruined the race in paradise, and an unregulated desire for something to eat keeps it ruined. The world during 6000 years has tried in vain to digest that first apple. The world will not be evangelized until ruined. The world during 6000 years has tried in vain to digest that first apple. The world will not be evangelized until we get rid of a dyspeptic Christianity. Healthy people do not want the cadaverous and sleepy thing that some people call religion. They want a religion that lives regularly by day and sleeps soundly by night. If through trouble or coming on of old age or exhaustion of Christian service you cannot sleep well, then you may expect from God "songs in the night," but there are no blessed communications to those who willingly surrender to indigestibles. Napoleon's army at Leipsic. Dresden and Borodino came near being destroyed through the disturbed gastric juices of its commander. That is the way you have lost some of your battles.

All dreams that make you better are from God. How do I know it? Is not God the source of all good? It does not take a very logical mind to argue that out. Tertullian and Martin Luther believed in dreams. The dreams of John Huss are immortal. St. Augustine, the Christian father, gives us the fact that a Carthagenian physician was persuaded of the immortality of the soul by an argument which he heard in a dream. The night before his assassination the wife of Julius Caesar dreamed that her husband fell dead across her lap.

make the journey? We have in this Scripture full direction in regard to the journey of this life and how to get to the celestial city, and with this grand guidebook, this magnificent directory, we ought to be satisfied. I have more faith in a decision to which I come when I am wide awake than when I am sound asleep. I have noticed that those who give a great deal of their time to studying dreams get their brains addied. They are very anx jous to remember what they dreamed about the first night they slept in a new house. If in their dream they take the hand of a corpse they are going to de. If they dream of a garden it means a sepulcher. If something turns out according to a night vision, they say. "Well, I am not surprised; I dreamed it." If it turns out different from the night vision, they say, "Well, dreams go by contraries." In their efforts to put their dreams into rhythm they put their waking thoughts into discord. Now, the Bible is so full of revelation that we ought to be satisfied if we get no further revelation.

Sound sleep received great honor when Adam slept so extraordinarly slumber now, and he who catches an Eve must needs be wide awake! No need of such a dream as Jacob had, with a ladder against the sky, when ten thousand times it has been demonstrated that earth and heaven are in communication. No such dream needed as that which was given to Pharoah about the seven years of famine, for now the seasons march in regular procession and steamer and rail train carry breadstuffs to every famine struck nation. No need of a dream as was given to Pharoah about the seven years of famine, for now the seasons march in regular procession and steamer and rail train carry breadstuffs to every famine struck nation. No need of a dream as was given to Pharoah about the seven years of famine, for now the seasons march in regular procession and steamer and rail train carry breadstuffs to every famine struck nation. No need of a dream as was given to Pharoah about the seven years of famine, for now the seasons marc

years of famine, for now the seasons march in regular procession and steamer and rail train carry breadstuffs to every famine struck nation. No need of a dream like that which encouraged Gideon, for all through Christendom it is announced and acknowledged and demonstrated that righteousness sooner or later will get the victory.

If there should come about a crisis in your life upon which the Bible does not seem to be sufficiently specific go to God in prayer, and you will get especial direction. I have more faith ninety-nine times out of a hundred in directions given you with the Bible in your lap and your thoughts uplifted in prayer to God than in all the information you will get unconscious on your pillow.

I can very easily understand why the Babylonians and the Egyptians, with no Bible, should put so much stress on dreams, and the Chinese in their holy book, Chow King, should think their emperor gets his directions through that interview and following interviews he became a Christian and is a city missionary, preaching the gospel to his own countrymen. God in a dream!

pel to his own countrymen. God in a dream!

John Hardonk, while on shipboard, dreamed one night that the day of judgment had come, and that the roll of the ship's crew was called except his own name, and that these people, this crew, were all banished, and in this dream he asked the reader why his own name was omitted, and he was told it was to give him more opportunity for repentance. He woke up a different man. He became illustrious for Christian attainment. If you do not believe these things, then you must discard all testimony and refuse to accept any kind of authoritative witness. God in a dream!

discard all testimony and refuse to accept any kind of authoritative witness. God in a dream!

Rev. Herbert Mendes was converted to God through a dream of the last judgment, and many of us have had some dream of that great day of judgment which shall be the winding up of the world's history. If you have not dreamed of it, perhaps tonight you may dream of that day. There are enough materials to make a dream. Enough voices, for there shall be the roaring of the elements and the great earthquake. Enough light for the dream, for the world shall blaze. Enough excitement, for the mountains shall fall. Enough water, for the ocean shall rear. Enough astronomical phenomena, for the stars shall go out. Enough populations, for all the races of all the ages will fall into line of one of two processions, the one ascending and the other descending, the one led on by the rider on the white horse of eternal victory, the other led on by Apollyon on the black charger of eternal defeat. The dream comes on me now, and I see the lightnings from above answering the volcanic disturbances from beneath, and I hear the long reverberating thunders that shall wake up the dead, and all the seas, lifting up their crystal voices, cry, "Come to judgment!" and crumbling mausoleum and Westminster abbeys and pyramids of the dead with marble voices cry, "Come to judgment!" And the archangel seizes an instrument of music that was made only for one sound, and thrusting that mighty instrument through the clouds and turning it this way, he shall put it to his lips and blow the long, loud blast that shall make the solid earth quiver, crying, "Come to judgment!"

Then from this earthly grossness quit,

Then from this earthly growness quit, Attired in stars, we shall forever sit. [Copyright, 1901, L. Klopsch.]

COMMERCIAL REVIEW.

General Trade Conditions.

R. G. Dun & Co's Weekly Review of Trade says:-When consumptive demand equals or exceeds supply and prices are firmly held at an exceptionally high level it is generally considered that there is little to be desired in the business situation. These factors are now in evidence to an unusual extent, yet many industries are halting. The principal disturbing element is the lack of cars to handle the phenomenal shipments that are urgently needed.

A general advance in the price of pig iron indicates that record-breaking activity at furnaces fails to produce accumulation of supplies. Steel mills are seeking material urgently, and Bessemer pig for prompt delivery at Pittsburg is not available below \$16.50. The feature among the minor metals was the sharp advance in tin to much the highest point of the year because of delayed

In marked contrast to the rise in tin was a sharp decline in silver to the lowest price since early in 1898. Shoe shops at the East are fully employed, while Western producers were never before so actively engaged. Jobbing trade is greatly accelerated by the fall in temperature, and makers are importuned for. early shipments.

"Bradstreet's" says: Wheat, including flour, exports for the week aggregate 5,117,478 bushels, as against 5,518,930 bushels last week and 2,497,880 in this week last year. Wheat exports July 1 to date (twenty-two weeks) aggregate 127,819,060 bushels, against 76,742,993 last season.
