#### COMMERCIAL REVIEW.

General Trade Conditions. R. G. Dun & Co's Weekly Review of Trade says: Readjustment of prices continued during the week, and the general av age reached a much lower point than prevailed when the year opened. Manufactured products were scarcely disturbed, but both staples and securities suffered. Business conditions are sound, liberal distribution and prompt payments being reported. Cotton still fails to command a price proportionate to the estimated crop, and as a consequence the return to growers is insufficient to sustain business at the rate established by the previous year's most profitable yield. Nothing has transpired to disturb the bright outlook in the iron and steel industry. Deliveries of fuel are less delayed and furnaces operate more fully, while mills receive material with a fair degree

of promptness. 'Bradstreet's" says: Wheat, including flour, exports for the week aggregate 4,-600,202 bushels, against 3,567,710 last week, and 3,336,054 in this week last year. Wheat exports, July 1 to date (twenty-nine weeks), aggregate 158,004,-473 bushels, as against 106,163,694 last season. Corn exports aggregate 298,093 bushels, as against 136,873 last week and 5,184,550 last year. July 1 to date, corn exports are 21,255,717 bushels, against 107,730,760 last season.

Los Angeles lumber handlers gained a nine-hour day without asking for it. Thirteen hundred employes of Lipton the cup chaser, struck for an increase of Old Joe, the Night Watchman.

(From the Pall Mall Gazette, London.) How often on returning home late on a dreary winter's night has our sympathy gone out to the poor old night watchman as he sat huddled up over his cage fire, overlooking the excavations which our City Council in their wisdom, or otherwise, allow the different water companies to make so frequently in our congested streets. In all weathers, and under all climatic conditions, the poor old night watchman is obliged to keep watch over the companies' - operty, and to see that the red lights are kept burning. What a life, to be sure; what privations and hardships; they have aches and pains, which nothing but St. Jacobs Oil can alleviate.

"Old Joe" is in the employ of the Lambeth Water Works, and is well and favourbly known. He has been a night watchman for many years, in the course of which he has undergone many experiences. What with wet and cold, he contracted rheumatism and sciatica, which fairly doubled him up, and it began to look a serious matter for old Joe whether he would much longer be able to perform his duties, on which his good wife and himself depended for a livelihood, but as it happened a passer-by, who had for some nights noticed Old Joe's painful condition, presented him with a bottle of St. Jacobs Oil, and told him to use it. Old Joe followed the advice given; he crawled home the next morning and bade his wife rub his aching back with the St. Jacobs Oil "a gentleman gave him," and undoubtedly his wife did rub, for when Old Joe went on duty at night he met his friend and benefactor, to whom he remarked: Them oils you gave me, Guv'nor, did give me a doing; they wuz like pins and needles for a time, but look at me now." and Old Joe began to run and jump about like a young colt. All pain, stiffness and soreness had gone; he had been telling everybody he met what St. Jacobs Oil had done for him. Old Joe says now he has but one ambition in life, and that is to always to be able to keep a bottle of St. Jacobs Oil by him, for he says there is nothing like it in the world.

St. Jacobs Oil serves the rich and the poor, high and low, the same way. It has conquered pain for fifty years, and it will do the same to the end of time. It has no equal, consequently no competitor; it has many cheap imitations, but simple facts like the above tell an honest tale with which nothing on earth can compete.

## The Distinctive Value

of Syrup of Figs is due to its pleasant form and perfect freedom from every objectionable quality or substance and to the fact that it acts gently and truly as a laxative, without in any way disturbing the natural functions. The requisite knowledge of what a laxative should be and of the best means for its production enable the California Fig Syrup Co. to supply the general demand for a laxative, simple and wholesome in its nature and truly beneficial in its effects; a laxative which acts pleasantly and leaves the internal organs in a naturally healthy condition and which does not weaken them.

To assist nature, when nature needs assistance, it is all important that the medicinal agents used should be of the best quality and of known value and Syrup of Figs possesses this great advantage over all other remedies, that it does not weaken the organs on which it acts and therefore it promotes a healthful condition of the bowels and assists one in forming regular habits. Among its many excellent qualities may be mentioned its perfect safety, in all cases requiring a laxative, even for the babe, or its mother, the maiden, or the wife, the invalid,

Syrup of Figs is well known to be a combination of the laxative principles of plants, which act most beneficially, with pleasant aromatic liquids and the juice of figs, agreeable and refreshing to the taste and acceptable to the system, when its gentle cleansing is desired. The quality of Syrup of Figs is due not only to the excellence of the combination, but also to the original method of manufacture which ensures perfect purity and uniformity of product and it is therefore all important, in buying, in order to get its beneficial effects, to note the full name of the Company-California Fig Syrup Co.-printed on the front of every package.
