TWO FIRES.

The Destructive Element Wipes out Dwelling House, Carriage Shop, Saw and Stave Mills.

Lemont and Potters Mills suffered losses by fire during the past week.

At Lemont the carriage shop owned by John I. Thompson, occupied by Mr. Lucas, as carriage builder, and Mr. Miller, blacksmith, was discovered to be on fire Wednesday evening about seven o'clock.

The fire was first seen on the roof of the building, in a section where there had been no fire during the day.

The building was totally destroyed, together with a portion of the contents. There was insurance on the building, but not on the personal property.

From the carriage shop the flames spread to a tenement house of Dr. Dale, and for a time it looked as though there would be an obliteration of the central portion of Lemont, but happily the wind changed, and the raging elements were confined to the two structures mentioned.

The dwelling was occupied by Andrew Hassinger, who lost a portion of his goods; no insurance. The buildings were insured by the owners.

The stave mill and saw mill of the firm of McNitt Bros. & Co., located along the pike above Potters Mills, were totally destroyed by fire Friday of last week.

The loss is about \$2000.00, and is without insurance. While the firm is strong financially, and will not in the least be handicapped by the loss, it is to be regretted to see valuable property being destroyed and industries closed prematurely.

FOR THE SENATE. Select Good Candidates and Half the Battle is Won.—Heinle.

A correspondent of The Patriot writes under date of March 15: "What would you think of ex-Judge Krebs, of Clearfield, as a democratic candidate for senator from his district?"

That is an easy question to answer. We know of no democrat in the district who would more fitly fill the position of senator, nor do we know of one who would more faithfully attend to his duties.

We do not know that Mr. Krebs is a candidate, however, or that he would consent to be a candidate. Of course if Senator Heinle is a candidate for re-nomination he should be chosen without opposition.

Mr. Heinle has made an admirable record. He stood squarely against the machine throughout his term. He favored all proper legislation and opposed all that was vicious and harmful.

Ex-Judge David L. Krebs is one of the ablest lawyers in his section of the state. A service of ten years on the bench added to his previous and subsequent experience at the bar have most adequately equipped him to successfully stand at the forefront in his profession.

As a Democrat, no man in the state is more deeply grounded in his convictions. He has great weight in his party and is one of the recognized state leaders.

A senate made up of such gentlemen as Heinle and Krebs would, indeed, be like the "old time" body of which our commonwealth was justly proud.

If the Democratic voters of the Senatorial District are true to themselves, and to the best interest of all citizens within its boundaries, Senator W. C. Heinle will be re-nominated without a contest.

His record is positively clear; his vote was always cast on the side that best served the masses of the state and especially those of his district.

No one will hesitate to say that there are no other competent men in this senatorial district, but in recognition of the good service rendered; the firm stand taken against the legislation of a most vicious and corrupt ring in the state senate, he should be returned without a contest.

Be true; support Heinle.

GENERAL LOCALS. For carpets and rugs—Smith Bros. Spring Mills.
