Children's Wash Suits and Extra Trousers

THE NEW TWO-BUITON

DOUBLE-BREASTED SACK

A more popular style this season than ever for summer and outing wear. Made by hand; permanent shape; exclusive fabrics.

FOR the Double-Breasted Sack Suit [Coat and Trousers] the principal fabrics used are fancy flannels, genuine homespuns, wool crashes, striped serge, blue, black or Oxford homespuns, serge or unfinished worsted. Many of the fancy cloths are confined patterns shown by us

These suits are made up for us. The taste with which all the findings are matched and selected, the perfect harmony between the suiting, the linings, buttons and trimmings, make every garment an artistic creation and shows what care and thought we expend on even the smallest details of workmanship.

Beyond all this are the practical advantages of the clothes—their fit and durability. The permanent shape worked into every garment as it is tailored and the encouraging thought that at last you can sell your customer a thin suit that does not hang upon him like a rag; but instead earn his gratitude by making it possible for him to be at once cool and well dressed during the hot weather.
