#### TOWNS SWEPT BY FLOODS. Loss of Life and Property Great in Western

New York. Buffalo, N. Y. (Special).-A terrific rain and wind storm swept over Western New York. Rivers and creeks rose rapidly, overflowing their banks and sweeping away houses and barns and ive stock. The loss will reach into hundreds of thousands of dollars. Telegraph and telephone wires are down, and communication with small towns in Wyoming, Niagara and Cattaraugus counties is difficult to establish. This

city was not in the path of the storm. A dispatch from Arcade says the flood at that place claimed one victim and did many thousand dollars' damage to property. Minnie Loper, who kept a bakcry on the bank of the creek, was drowned early in the day. The downpour and the cloudburst above the village turned the creek into a torrent. The water rose rapidly and was several feet deep on the lowlands before anyone realized the danger. Miss Loper's bakeshop was swept out into the stream, but it had not gone far before it fell apart.

Miss Loper's body was recovered. There were many narrow escapes. At Yorkshire, two miles below Arcade, the approaches to the bridge were washed away, but the bridge is standing. Miles of roadway are so gullied or buried in debris that they will have to be rebuilt. At Sandusky,a few miles from Arcade, it is reported that two houses were washed away. From everywhere come reports of live stock killed. The loss to individuals will be very high, and the loss to the town from the destruction of bridges and roadbeds will also be high,
