Reports that may be largely discounted are to the effect that ex-Senator Pettigrew of South Dakota, Senator Dubois of Idaho and other Western politicians have had a conference in New York to start another Democratic party or remodel the old one. Mr. Pettigrew declared that free silver will not again be a political issue, as the gold discoveries have increased the supply of money, and that "Mr. Bryan will not be the candidate of the regular Democracy in 1904, but he and his friends hope that he will have much to say regarding the platform and the management of the campaign. If he does not, Mr. Bryan and his associates will form a new party, based on the Kansas City platform." The idea of Mr. Bryan forming a new party is an absurdity on its face. It needs no prophet, however, to declare that Mr. Bryan will have "much to say regarding the platform and management of the campaign." Still the questions will be determined by the best judgment of the Democracy of the whole Union in National convention two years hence.

One way to defeat the return of the objectionable Penrose to the United States Senate will be to elect Pattison governor. The senator will be a Republican, but he won't be Penrose. This is an idea a good many Republicans are cultivating. Defeat Quay's candidate for governor and down goes Quay's candidate for senator.

The great gathering of New England Democrats at Nantasket Beach, near Boston, on Thursday, sounded the true notes of Democratic harmony, co-operation and issues. Mayor Collins, of Boston, who presided, and Edward M. Shepard, of New York, who made a remarkably able and clear speech, it may be said, stood for the Eastern Democrats. Senator Carmack, of Tennessee, who led the anti-Philippine debate in the Senate, stood for the South, and William J. Bryan for Democrats generally and the West particularly. The tone of the speeches and of those gathered to hear them was that a strong fight should be made in the congressional canvass on the issues that now present themselves to the American people—that is, on imperialism, on trusts and on the trust tariff. Mr. Bryan's address was retrospective, as well as up to date and looking to the future. He held that the great issue was a contest with plutocratic power as embodied in imperialism, in the trusts and in the money question. There was no peace to be made with the enemy on these vital questions, and victory only achieved by "honest, straightforward appeal to the American people upon a platform that can be understood and with an organization that can be trusted."

Not directly but inferentially he reaffirmed the Kansas City platform. He was decidedly less aggressive than in his recent deliverances on Hill and Cleveland, and the reorganizers generally. We do not see that the Boston speeches differed materially from those heard at the Tilden club function in New York. There is harmony plenty in the Democratic party. Sound principles in abundance. Only votes are needed.

Dr. Locke, candidate for Congress, was in town Monday. The doctor would like to represent the Forty-first district in Congress, and it is Centre county's turn to furnish the candidate, but there is a hindrance in the size of the "barrel." It is entirely too small for a Republican congressional candidate.

Barrett was chosen last week by Insurance Commissioner Durham and Mayor Ashbridge for appointment by Governor Stone and nomination by the Republicans to succeed him as judge.

Just a little reminder here may not be out of place. There is not anything that will attract the attention of a person going into a strange place so much as the general appearance of the place. Should the town be neat and tidy, streets, alleys and drains clean and well cared for, it denotes thrift and efficiency in those having charge of such matters. If on the other hand, poor walks, no walks, ditches full of foul and impure water, weeds and brush in vacant lots and along walks, it denotes a spirit of slothfulness and "don't care," which is certainly a detriment to any community in which it exists.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to get up during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.
