While gunning at Susquehanna, Thos. Sheridan, aged 15, fell and received a probably fatal wound by the gun discharging.

The forty-eighth annual Teachers' Institute, of York county, will be held in the new High School building, in York, Novembers 24-28.

At the Pennsylvania Conference of the Mennonite Brethren in Christ, Rev. H. B. Musselman, Reading, was elect-ed presiding elder of the Schuylkill district.

George M. Stamm, aged 26, an in-spector for the Reading Railway Com-pany, was instantly killed when a car mounted the rail and fell on him.

The Patriotic Order Sons of America are making preparations for the first annual convention of the "A. D. K.," a side degree of the order, which is to be held in Chester on Friday evening. November 14. It is expected that 1000 delegates will be in attendance.

After being on trial five days at Reading, the jury returned a verdict giving the plaintiff an award of \$1,766.-66 in the suit of Milton L. Shirey against the Consumers' Gas Company, Mr. Shirey's two brick houses were demolished by an explosion, and he contended that a gas main leak caused the wreck

Subsequent) investigations in the death of William Morgan, whose mangled body was found on the Pennsyl-vania Railroad tracks at Conshohocken and concerning whose death there has been much mystery, now seems to indicate that the young man committed suicide.

Without disturbing George Burnham, of the Baldwin Locomotive Works. Philadelphia, a burglar entered his res-

COMMERCIAL REVIEW. **General Trade Conditions.**

R. G. Dun & Co.'s "Weekly Review of Trade" says: "Settlement of the coal strike re-

moves the only serious handicap to industrial progress. Five months of restricted fuel production had begun to check the wheels at many manufacturing centers, while there was a perceptible diminution in consumptive demands as the purchasing power of the wage-carners steadily decreased. Transportation is now the worst feature, and threatens to continue disturbing. That the railways are well occupied is evidenced by earnings for the first week of October, 3.5 per cent. larger than last year, and 10.9 per cent above 1900. 'Inadequate supplies of fuel caused further banking of furnaces, but the effect of a decreased output of domestic pig iron has been partially neutralized by larger arrivals from abroad. Practically no price can be named for immediate delivery of home iron, and there is no disposition to make concessions on distant contracts owing to the abnormal coke situation. Fortunately, there has been little interruption at furnishing mills, and the output of rails, structural material and kindred lines is well maintained. Orders come forward freely for the heavier lines, numerous contracts being offered for steel rails for next year's delivery, and the plans for buildings and bridges keep a lot of business in sight in beams, channels and angles.

Footwear shops are actively engage ed. Prices are easily maintained Leather is slightly weaker. Large im ports have weakened dry hides.

"In cotton goods the feature was a purchase, of about 250,000 pieces, o print cloths. While quotations were not altered, the tone became decidedly firmer. In other divisions of the market buyers are only interested in meeting current demands, future requirements being held back by evidences of weakness in the raw material.

"Failures for the week numbered 206 in the United States, against 299 last year, and twenty-four in Canada, compared with thirty-one.

FINEST WARSHIPS EVER BUILT.

Louisiana and Connecticut to Be

Real Terrors of the Sea. It is the opinion of competent judges that in the newly designed ships the Louisiana and the Connecticut the United States will have two of the greatest warships ever built. Together with the British ships-the Edward VII., the Commonwealth and the Dominion-they will comprise the five largest warships in the world. The Oregon and its sister ships had batteries of four thirteen-inch and eight eight-inch guns, but the Connecticut and Louisiana will mount a battery which is so heavy as to place these vessels practically in a class by themselves. Each carries four twelve-inch, eight eight-inch, twelve seven-inch and twenty three-inch guns. The next most powerfully armed vessel is probably the Edward VII. She also carries four twelve-inch, but instead of the eight eight-inch she is armed with four 9.2-inch guns. This, of course, is a much more powerful weapon than the eight eight-inch, that is to say, will be so much greater that there will be far more likelihood of getting in an effective blow.

It is the broadside battery of twelve seven-inch guns, however, that is believed to render the Connecticut so much more powerful than the Edward VII., which carries only ten six-inch against the greater number of seven-inch. An increase of an inch in caliber, when you get to the size of a six-inch, means a great increase in power. Furthermore, the Connecticut will carry twenty of the threeinch guns as against ten or twelve of the same caliber carried by the latest British battleship.

B. B. B. SENT FREE.

Cures Blood and Skin Diseases, Cancers, Itching Humors, Bone Pains.

Botanie Blood Balm (B. B. B.) cures Pimples, scabby, scaly, itching Eczema, Ulcers, Eating Sores, Scrofula, Blood Poison, Bone Pains, Swellings, Rheumatism, Cancer. A Natural Mistake.

In a city not subject to earthquakes there lived a family who had one of those domestics of the break everything-they-touch sort. Recently the town experienced a slight shock. Pictures were thrown down, crockery and furniture rattled about. In the midst of the tumult the mistress went to the head of the stairs and called out in a would-be patient tone: "Mary Ann, what are you doing now?"

School Girls

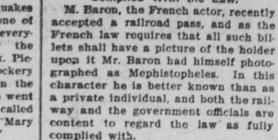

Young girls at

this period of life,

or their mothers,

are earnestly in-

vited to write Mrs.

Complied With the Law,

and her advice is freely and cheerfully given. School days are danger days for American girls.

Often physical collapse follows, and it takes years to recover the lost vitality. Sometimes it is never recovered.

Pinkham for advice; all such letters are

strictly confidential; she has guided in a

motherly way hundreds of young women;

Perhaps they are not over-careful about keeping their feet dry; through carelessness in this respect the monthly sickness is usually rendered very severe.

Then begin ailments which should be removed at once, or they will produce constant suffering. Headache, faintness, slight vertigo, pains in the back and loins, irregularity, loss of sleep and appetite, a tendency to avoid the society of others, are symptoms all indicating that woman's arch-enemy is at hand.

Lydia E. Pinkham's Vegetable Compound has helped many a young girl over this critical period. With it they have gone through their trials with courage and safety. With its proper use the young girl is safe from the peculiar dangers of school years and prepared for hearty womanhood.

A Young Chicago Girl "Studied Too Hard."

"DEAR MRS. PINKHAM: - I wish to thank you for the help and benefit I have received through the use of Lydia E. Pinkham's Vege-table Compound and Liver Pills. When I was about seventeen years old I suddenly seemed to lose my usual good health and vitality. Father said L studied too

idence at Berwyn and took a handsom gold watch from beneath his pillow. The house was completely rausacked, Entrance had been obtained by a false

The remains of a man, supposed to be those of James Smith, aged 38, of New Bloomfield, Perry county, a jockey at the fair, were found on the railroad tracks east of Lebanon at an carly hour the other morning. It is supposed that he fell from a train and his body was dragged a hali mile.

Mrs. John Kelly, aged 65, of Ches-ter, tripped and fell down stairs and broke her neck. Two members of the household found her lying at the foot of the stairs. She is survived by a husband and several children.

The closing day of the State convention, at Titusville, of women's clubs was the most successful of the three in point of interest. Mrs. E. B. Stillwell, of the Saturday Club, of Wayne, presented a report of her visit to the biennial meeting of the General Federation 'at Los Angeles last spring. Mrs. James Camp-bell, of the New Ceutury Club, of Philadelphia, gave a witty recital of the work done by that organization. An appeal for renewed energy on work along forestry lines was read by Mrs. Mumford, ci Philadelphia. Mrs. R. H. Pratt, of Carlisle, advocated the extension of savings banks in public schools. Mrs. Taylor Scarlett, of Kennett Square, talked similar lines. Carlisle was selected as the place of holding the next annual State convention.

The second annual cennion of the veterans of Fayette county was held at Uniontown. There are almost 500 veterans in the county and 400, were in attendance. A bountiful dinner was served the veterans and their families by women of Uniontown. There was speech-making in the Cumberland Presbyterian Church, addresses being ren-dered by Judge R. E. Umbell, J. W. Hanan, of Lagrange, Ind., and others. A camp fire was held to-night.

Another case of diphtheria has developed at Blairsville College for Women. The patient is Mrs. M. D. Permar, the matron, and who has been nursing the previous cases. The buildings had all been thoroughly fumigated and disinfected and the development of this case will postpone their use for school purposes for a period of at least 30 days. It had been intended to resume recitations, but this plan will now have to be abandoned.

Frederick Weaver was held up and robbed by highwaymen near Ford City. They secured \$53 in money. Six suspects have been arrested.

Hollidaysburg possesses the unique distinction of being the only town in Central Pennsylvania that has more water than it needs. Owing to the superabundance of water in the mains of the municipality the authorities deeided to discontinue the service of the Roaring Run water works which have supplied the town for 40 years. A. W. Campbell, collector for a

Rochester installment house, was arrested at Youngstown, O., on a charge of embezziement.

The six-year-old daughter of Walter Brownfield, of Uniontown, was burned to death by her clothing catching fire while burning leaves.
