Colds

"I had a terrible cold and could hardly breathe. I then tried Ayer's Cherry Pectoral, and it gave me immediate relief."
 W. C. Layton, Sidell, Ill.

How will your cough be tonight? Worse, probably. For it's first a cold, then a cough, then bronchitis or pneumonia, and at last consumption. Coughs always tend downward. Stop this downward tendency by taking Ayer's Cherry Pectoral.

Three sizes: 25c., 50c., \$1. All druggists. Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

Flo De Sizzle.

A flashy young man, wearing a loud-checked suit and a pair of yellow patent leather shoes, stood outside of a fashionable West-end restaurant one evening recently, and talked volubly to two friends.

"I think," he said, "that she's one of the prettiest young girls I ever saw. And she's so smart, and all that. There isn't a thing that girl don't know and can't do. She swims and rides and plays billiards and dances beautifully, and can do anything about the house that any other girl can do. I tell you, she's fin de sizzle!"

"What's that?" asked one of the friends.
 "The flashy young man hesitated for a moment.
 "She's fin de sizzle, I said."
 "You mean fin de sozzle, don't you?" asked one of the friends.
 "Yes," said the flashy young man, evidently much relieved. "Fin de sozzle, that's it. I thought fin de sizzle didn't sound right all the time."

BACKACHE.

Backache is a forerunner and one of the most common symptoms of kidney trouble and womb displacement.

READ MISS BOLLMAN'S EXPERIENCE.
 "Some time ago I was in a very weak condition, my work made me nervous and my back ached frightfully all the time, and I had terrible headaches."
 "My mother got a bottle of Lydia E. Pinkham's Vegetable Compound for me, and it seemed to strengthen my back and help me at once, and I did not get so tired as before. I continued to take it, and it brought health and strength to me, and I want to thank you for the good it has done me."
 —Miss KATE BOLLMAN, 142nd St. & Wares Ave., New York City. —\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound cures because it is the greatest known remedy for kidney and womb troubles.
 Every woman who is puzzled about her condition should write to Mrs. Pinkham at Lynn, Mass., and tell her all.

He Wore Her Side Combs.
 Friends of an absent-minded young minister, who has a charge in Chicago, are enjoying a story which his wife tells at his expense. The young gentleman in question is blessed with an abundant crop of light hair—his head, in fact, looks very much like that of the hero of the football field.
 The wife is of an inventive turn of mind, and one day, not long before the clergyman's vacation began, tried a little experiment to see if she could not improve the reverend gentleman's style of hairdressing. While he was at work at his desk, preparing for the afternoon's lesson, to be taught his catechetical class, the lady took out her own side combs, puffed out the gentleman's locks into a beautiful pompadour and with pins and the aforementioned side combs effected a most orderly arrangement of the usually somewhat unruly locks. Then the lady skipped off to attend to more weighty affairs, leaving the gentleman still engrossed in his studies.

An hour or two afterward the wife walked into the study and beheld her spouse still decorated with the side combs.
 "Well," the gentleman said, by way of greeting, "the catechetical class has been here, and we had a very good—"
 "Do you mean to say that you taught that class with your hair done up in that fashion?"
 "Automatically the man's hands flew up to his head.
 He doesn't discuss hair-dressing now except in the bosom of his family."
American-made Macaroni.
 If all reports are true there does not seem to be any good reason for our not making our own macaroni and eating it, too. We are beginning to have the macaroni wheat in large quantities, and if the proprietors of macaroni manufactories want Italian laborers to give their plants an Italian color, and their products an Italian flavor, they can easily secure them among those settled here. Most of our cooks need to take a course in cooking macaroni however, before we can have the perfect results of macaroni growing in this country demonstrated on our tables and when this necessity is provided for we surely ought to be very proud of our new accomplishment. We can furnish a pretty fair cheese to go along with it, too.

A SURPRISED PHYSICIAN.
A Dying Patient Recovers Through the Interposition of a Humble German.
 Chicago, Nov. 15.
 Some weeks ago Dr. G., a very reputable and widely-known physician living on C street, was called to attend a very complicated case of rheumatism. Upon arriving at the house he found a man about forty years of age lying in a prostrated and serious condition, with his whole frame dangerously affected with the painful disease. He prescribed for the patient, but the man continued to grow worse, and on Sunday evening he was found to be in a very alarming condition. The knees and elbows and larger joints were greatly inflamed, and could not be moved. It was only with extreme difficulty that the patient could be turned in bed, with the aid of three or four persons. The weight of the clothing was so painful that means had to be adopted to keep it from the patient's body.
 The doctor saw that his assistance would be of no avail, and left the house, the members of the family following him to the door, weeping. Almost immediately the grief-stricken ones were addressed by a humble German. He had heard of the despair of the family, and now asked them to try his remedy, and accordingly brought forth a bottle of St. Jacob's Oil. The poor wife applied this remedy. The first application eased the patient very much; after a few hours they used it again, and, wonder of wonders, the pain vanished entirely! Every subsequent application improved the patient, and in two days he was well and out. When the doctor called a few days after he was indeed surprised.

Beware of Ointments For Catarrh That Contain Mercury.
 as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure to get the genuine. It is taken internally, and is made in Toledo, Ohio, by F. J. Cheney & Co., Testimonials free. Sold by Druggists; price, 75c. per bottle. COMMERCIAL REVIEW.

General Trade Conditions.
 R. G. Dun & Company's "Weekly Review of Trade" says:
 "Trade and industry are making steady progress, reports from all sections of the country containing evidences of wholesome development. An unusually large fall distribution occurred and current transactions in heavier goods are liberal considering the mildness of the season.
 "The only development of note in the iron and steel market has been the 10 per cent. reduction in price of tin plates to take effect December 1. While some change was anticipated, the trade was not prepared for so large a cut. If the recent lowering of price lists in certain sections of the market should stimulate foreign trade, there will be occasion for gratification, as some exceptional export movement is needed to offset the heavy imports of pig iron and billets.
 "Contracts run far into the future in structural material for bridges and buildings, while plates are sought by car works and shipyards. High premiums are still paid for prompt delivery, but most shipments are on old contracts placed at regular list prices.
 "Jobbing trade is comparatively quiet, except in Pennsylvania, and mild weather has restricted retail sales.
 "Some decline in the raw material did not produce any lower offering prices for cotton goods, although it made buyers all the more anxious to delay placing contracts. Reorder business in woollens is light. Quotations are fully maintained for woollens and worsteds, as might be expected in view of the continued strength of wool. Failures not noted."

 Gentlemen—I had rheumatism for about twelve years. Great deal of the time I had to use crutches or cane. Was confined to bed, nearly helpless, three months at a time, several times. Last spring I began to take "RHEUMACIDE." I used two bottles before I noticed any benefit. A altogether I used seven bottles and the cure seems to be complete, as I have had no symptoms of rheumatism since. I can cheerfully recommend your medicine.

THOUSANDS OF WOMEN SLOWLY DYING FROM CATARRH

Miss Katherine Dauter.

November Colds Should Not Be Allowed to Develop Into Chronic Catarrh.

Pe-ru-na Cures a Cold Promptly and Permanently.

"I am glad to recommend Pe-ru-na, as it has done so much for me. I had been a great sufferer from catarrhal colds until I was urged to try Pe-ru-na, and I am happy to say that it has entirely cured me. I shall never be without it, and most cheerfully recommend it to others who are afflicted as I have been."
 —Katherine Dauter, 229 13th St., Milwaukee, Wis.
 Most people think the success of Pe-ru-na depends upon the use of advertisements. Undoubtedly, the advertisements help some. But by far the greatest number of people who hear of Pe-ru-na have their attention called to it by a friend.
 Some one gets cured of chronic catarrh by Pe-ru-na. After he is certain of his cure he is sure to recommend it to his friends. Friend recommends it to his friends, and the news spreads from tongue to tongue.
 All the advertisements in the world could not make Pe-ru-na as popular as it is. Pe-ru-na cures. That is the reason people like it. Pe-ru-na cures a very stubborn disease. That is why everyone recommends it. Pe-ru-na cures chronic catarrh after all other remedies fail, which explains why neighbor recommends it to neighbor. Pe-ru-na cures catarrh permanently, and this way has gained a lifelong friend.
 People who have been cured by Pe-ru-na many years ago have been eager to recommend Pe-ru-na to their friends ever since. This is the way Pe-ru-na is advertised. It advertises itself. Its merits are its chief advertisement. Once cured of so distressing and exasperating a malady as catarrh it becomes the duty of every one to pass it along, to call the attention of those who are still victims to a remedy that rarely fails to cure.

Beware of Cheap Imitations of Pe-ru-na—Be Sure That You Get Pe-ru-na.
 There are no substitutes for Pe-ru-na. Allow no one to persuade you that there is something just as good. The success of Pe-ru-na has tempted many people to devise cheap imitations. Beware of them. Be sure that you get Pe-ru-na.
 Miss Jennie Driscoll, 870 Putnam Ave., Brooklyn, N. Y., writes:
 "I heard so much in praise of Pe-ru-na

Pe-ru-na Cures, That is Why the People Like It.

All the Advertisement in the World Could Not Make Pe-ru-na as Popular as it is.

Miss Margaret Donnelly, 21 Webster Place, Brooklyn, N. Y., writes:
 "Pe-ru-na was recommended to me about a year ago for catarrh, with which I had been troubled nearly all my life, but which had given me serious trouble a few months before I took Pe-ru-na. In two weeks my head cleared up, I did not have headaches, and in a short time felt perfectly well."
 —Margaret Donnelly.

Miss Jennie Driscoll.

as a specific for catarrhal affections that when I found myself with a bad case of catarrh of the head and throat Pe-ru-na was the first thing that I thought of. And my convictions were not wrong, for in a few weeks after using Pe-ru-na systematically I was entirely rid of this aggravating and distressing disease, catarrh.
 "If people knew how efficient Pe-ru-na was for this trouble they would not hesitate to try it. I have all the faith in the world in it, and have never known of a case where the person was not cured in a short time."
 —Jennie Driscoll.

RIPANS
 I will be sixty-one years old next April, and all my life had been a great sufferer from dyspepsia and indigestion. Up to three years ago I was sure that nothing would help me, as I had tried almost every known remedy, none giving me much relief. One day my family physician told me to try Ripans Tablets, as he had found them of great benefit in several obstinate cases of indigestion and dyspepsia. I will say emphatically that I had little faith in them or in any other medicine when I began taking the Tablets. Much to my surprise I felt better within a day and was soon greatly relieved. I kept taking them and continued to improve. I felt like a new woman, and my neighbors and friends saw a great change for the better in my health.
 The Five-Cent packet is enough for an ordinary case. The Family bottle, 40 cents, contains a supply for a year.
