TEACHERS' LOCAL INSTITUTE.

Eloquent Lecturer Friday Night—How to be Happy.

In another column will be found the program for the teachers' local institute to be held in this place, Friday and Saturday, January 16th and 17th.

Friday night's session will be given over to Prof. Lee Francis Lybarger, of Millinburg, who will deliver a lecture on the subject "How to be Happy."

These institutes can be made of special value to teachers, if they take an interest in the discussions that are in keeping with the position they occupy.

The energy put forth at local institutes by teachers very accurately registers the effort put forth in school work, and that index too frequently points to lethargy instead of reading activity and progress.

The people of Centre Hall are generous, courteous and hospitable, and they will bring these graces into action during the institute by entertaining teachers and all others who come here on account of that gathering.

Following are a few newspaper clippings commenting on the eloquence and manner of Prof. Lybarger.

Mr. Lybarger is a brilliant speaker and one of the best thinkers on economic and social questions in this country.—Toledo News.

The speech of the evening was made by L. F. Lybarger. He made a wonderful impression upon his audience.—Philadelphia Times.

Mr. Lybarger's address was an able one and full of real eloquence. His points were clearly brought out and his delivery showed him a true orator.—Mt. Vernon (Ohio) News.

Mr. and Mrs. Reifsynder have the best wishes of the Reporter and their many friends.

Free Theater Tickets.

This will especially interest the children, and it is for their benefit, more particularly, that the offer is made. At Keith's new Chestnut Street Theater (the finest in the world) a feature act is this week being presented that is not only a novelty in its line, but a startling demonstration of the possibilities of animal training.

One ticket for a front orchestra seat will be given to each of the first ten people sending in the name of this great animal act. Don't delay, but write now, and you may be one of the fortunate winners.

Tried to Dupe Him.

The readers will remember an article in these columns some time ago giving the facts in regard to the shooting and afterwards the death in the Middleburg jail of a burglar by John B. Shellenberger, a merchant and postmaster of Bannerville. A short time ago Mr. Shellenberger received a threatening letter from an unknown person, making a demand for \$500.00, or pay the penalty with his life.

It was thought the scheme was that of local talent, who judged their victim an easy mark.

LEGISLATURE MEETS.

Walton is Speaker—Penrose and Guffey Named for Senate.

Just as the presiding officers of the last two Assemblies were elected in a storm of strife and bribery those elected Tuesday were chosen in a calm. Officers of the House and Senate were elected as had been directed weeks ago by Senator Quay.

Henry F. Walton was elected speaker of the House, with only the handful of Democratic representatives voting against him in favor of their caucus nominee, L. M. Castner. John M. Scott was elected to preside over the Senate, with the few Democrats voting for E. M. Herbst, of Berks. Afterward both elections were made unanimous.

At the Republican caucus Tuesday night, the nomination of Penrose for U. S. Senator was accomplished without a dissenting vote. J. M. Guffey is the Democratic caucus candidate.

Married.

Tuesday evening, December 30th, at 7.30 p. m., M. N. Garver and Anna G. Summers, both of near Centre Hall, were united in marriage at Colyer, at the Evangelical Christian parsonage, by Rev. A. J. Horner.

That Kiss.

The following unidentified paragraph floating around in the joke column deserves a different classification: A kiss is a peculiar proposition. Of no use to any one, yet absolute bliss to two. The small boy gets it for nothing, the young man has to steal it, and the old man has to pay for it.

Move For Good Roads.

Senator Sprout and Representative Cooper, of Delaware, have drafted a bill which contemplates the raising of \$12,000,000 for the improvement of the roads of the commonwealth. The bill provides that \$6,000,000 shall be appropriated by the State and a similar amount by the counties and townships and that \$1,000,000 be expended every year. It is estimated that under the bill 500 miles of road could be built, every year.

Deaths in Lower Penna Valley.

The Millheim Journal says: Thursday evening while Mr. and Mrs. H. G. Miller, of Pine Creek Mills, were returning from a visit to Mrs. Miller's parents, Mr. and Mrs. Elias Stover, of Penn township, their infant child died. When they left Mr. Stover's the child seemed in its usual health but when they arrived at home it was found dead. Heart disease was the cause.

John C. Shunk died on Monday night at the home of his sister, Mrs. Henry Mowery, at Aaronsburg, aged about seventy-three years. Funeral services will be held on Saturday, interment at Aaronsburg. Mr. Shunk was a veteran of the Civil War. Several years ago he was a citizen of Millheim but lately has been living in the State of Delaware. He returned a few weeks ago in very poor health to make his home with his sister.

A little child of Mr. and Mrs. Andrew Shaver, of Penn township, died last Thursday morning. Late arrivals, long and short sleeve corset covers; knitted light gleez underwear, very desirable—Garman's.

HAND TORN OFF.

Doland Decker Gets His Hand into a Fodder Shredder.

Doland Decker, son of Green Decker, of near Beech, had the experience of a fearful accident Monday which cost one of his hands. The young man, who is about twenty-one years of age, bright and promising, was in the act of lifting the top that covers the cylinder to examine the machinery which needed attention, when quick as a flash his coat sleeve was caught by one of the cylinders and his hand drawn into the machinery. The hand and arm to a point above the wrist was cut and squeezed into a pulp.

Dr. H. S. Braucht and Dr. P. W. Letzell, of Spring Mills, were hurriedly summoned, and concluded that the only thing to do was to amputate the arm a few inches below the elbow, and the same was done. The patient from latest reports is not suffering more than is usually the case after an amputation takes place.

Is It Coal?

Boalsburg is in an excited condition on account of the bright prospects of finding coal near that place. Mention was made in the Reporter previously of the fact that a shaft was being sunk on the Reitz farm, and now the correspondent of the Reporter from Boalsburg states that another party has found rocks west of that place on the surface that apparently contain coal, or at least inflammable matter.

The finding of fuel in the form of coal, in this locality is not in accordance with the belief of geologists, but these scientific men have more than once been obliged to correct their beliefs on account of some persistent man who thrust away science and proved his own belief by sinking a shaft. A thorough investigation about Boalsburg will at least reveal the truth.

LOCALS.

Miss Ella Moyer spent last week visiting friends at Potters Mills.

Japanese and Hudson tablets—extra quality, 5 cents—Garman's.

Laundry soap at 5 cents per pound, 40 per cent. below price—Garman's.

Asher Stahl, of this place, and Miss Anna Maybelle Smith, daughter of Michael Smith, of Potters Mills, were married Wednesday evening.

N. B. Spangler, Esq., attorney for petitions, publishes a notice of interest to Penna Valley people in reference to the vacating of the Youngmanstown turnpike.

In another column will be found a partial list of Democratic district chairmen. A full list will appear next week. County Chairman Cyrus Brungart has made good selections.

J. H. Neuhauser, of Columbia, a graduate of Bucknell, and now a student at the Wittenberg Theological Seminary, at Springfield, Ohio, was the guest of Prof. A. M. Allison, in this place part of Tuesday and Wednesday.

As before announced there will be meetings in the Presbyterian church during next week, beginning on Monday at 7 p. m. Rev. W. F. Carson, who was to assist, is detained in Philadelphia by the critical illness of his child. The pastor hopes to obtain assistance from others. A cordial invitation to attend is extended to all.

On account of a press of work, the subscription list of the Reporter was not corrected last week, but it is intended that it shall be done before the next issue goes to press. Subscribers who do not have a "3" on their label are in arrears, and an effort should be made to have that figure placed there. "Jan. 03," denotes that your subscription is paid up to "January, 1903;" "03," denotes that the paper has been paid up to "July, 1903," and that you do not owe the Reporter anything. If there is no date on your label it shows that you have never paid the present owner anything, and that you are indebted from July, 1900, or, if there is a date on the label prior to July, 1900, the same conditions exist, and in that case three dollars should be sent to this office at once, which will pay the paper until July, 1903. There are not many patrons who are that far in arrears, but those who are should redeem their record.
