# Geo. Thompson's House Burned.

Sunday morning about eight o'clock at Centre Hall Monday. the residence of George Thompson, located in the barrens near State College, eaught fire from a defective flue and was burned to the ground. The house being located so far from any town, made assistance from the outside impossible. The fire spread with such rapidity that the house and its entire contents were soon reduced to ashes. Mr. and Mrs. Thompson lost everything except the clothes they were wearing at the time and a few pieces of silverware.

There was no insurance on either the building or its contents and the loss will be quite a heavy one.

# Married at Aaronsburg

Prof. A. Miles Arney and Miss Sydnia Gramley were married in Aaronsburg Sunday morning by Rev. Sheeder, of the Lutheran church of that place. The groom is an instructor in the electrical department of Pennsylvania State College, from which institution he graduated with highest honors two years ago, and is a son of Mr. and Mrs. B. H. Arney, of Centre Hall. The bride is a daughter of Mr. and Mrs. Ira Gramley, of Aaronsburg, and is a young lady held in the highest esteem by all her acquaintances. Mr. and Mrs. Arney arrived at the home of the former's parents, in this place, Monday morning. They will go to housekeeping at State College as soon as a house can be secured.

# Building Operations,

Arthur E. Kerlin began building operations on the lots recently pur-Miss Emily Alexander. The first to given an increase of \$10.00 per month be erected will be a hennery, and later |-ED.] in the summer a dwelling house.

Mr. Kerlin has been very successful, in a small way, in the production of eggs and the development of broilers, and it is his intention to erect a hennery of considerable size and devote the major part of his time to that business. The lots purchased by him extend from the Public School Park to the lots recently purchased by A. P. Luse and Son, and comprise a plot of [7]-several acres, which will be ample room to properly maintain a large number of fowls. Of course, Mr. Kerlin will continue handling the product of the hen in a wholesale way as heretofore.

Wm. Lohr is not improving.

### EARLY SEASON.

Beautiful March Weather-Fine Prospect for Crops.

Friday, Saturday and Sunday were most delightful days. The mercury rose up into the seventies, and vegetation shot forth like magic. Some or namental trees almost unfolded their foliage, while the silver maple actually did put forth blossoms in the greatest profusion. The buds on fruit trees have developed wonderfully and no blacksmith stand. doubt discussed the propriety of bursting forth into bloom before Easter

The wheat plants have taken new hold on the earth, and although in spots the tops of the blades look brown and faded, the lower portion of the blades and stems are in a most healthy condition, and will be able to withstand any ordinary weather conditions March may yet have in store.

Clover stalks have developed two, three, four and five beautiful, healthy, green leaves, which indicate that the rootlets have taken firm hold on the soil, and will be able to better baffle the raising process of the March and April freezes.

farm are exceedingly promising, and Spring Mills. the season several weeks in advance of the ordinary.

Farmers have commenced to plow and plant potatoes, while garden making is the order of the town folk.

The weather continues bright today (Thursday.) The average maximum temperature, since Thursday evening of last week, was sixty-five degrees; the average minimum for the same time, thirty-seven and six-seventh degrees. The lowest temperature was Friday, when mercury fell to twentyseven degrees; the warmest period, was on Saturday, when the column
