Rains in Millin County. A Lewistown dispatch dated 24th inst., says: A heavy rain which fell last night relieved conditions caused by the drought, and has greatly accelerated spring planting. The Tent Caterpillar Gone. The tent caterpillar, everywhere visible last spring, is rarely seen this season. Even the wild cherry tree is free of the pest. In the borough last spring, almost every tree was spotted and disfigured by the ugly tents and their dwellers, the walks and streets were creeping full of the ravenous, hairy worms. Not a single caterpillar or nest, up to this time, has been observed this spring by the writer and inquiry reveals that through the country districts the enemy is almost extinct. Strange!

WILL THE PIKE BE CONDEMNED?

Jurors Hearing Testimony in Reference to Condemning Pike in Penns Valley. The jurors appointed to view, hear testimony and decide whether or not the pike starting at Old Fort and leading to the Union county line, known as the Youngmanstown pike, shall be condemned, met in Bellefonte Tuesday and Wednesday for that purpose.

The proceedings instituted to vacate the pike have aroused considerable interest in all parts of Penns Valley. There is, of course, a division of opinion among the citizens, each claiming their opinion and judgment right. The witnesses were men of prominence and in many instances heavy tax payers.

Musser, Aaronburg; Dr. S. H. Braucht, Hon. Wm. Allison, T. M. Gramley, John Grenoble, Spring Mills; Samuel Ulrich, Coburn.

The lecture part will also be fully illustrated; it is entitled "The Man of Galilee." Rev. H. H. Rival Teams to Cross Bats at Centre Hall Saturday Afternoon. According to plans officially reported to this office the Boalsburg and Rebersburg base ball teams will play at Centre Hall Saturday afternoon on the Grange Park field.

The game promises to be one closely contested, and it is desired that it should take place on neutral grounds.

Robert, a son of Ezra Tressler, of Rock Springs, was seriously injured Thursday while coupling stone crusher and engine. The injuries consist of several broken ribs, and bruises, which while not fatal, are painful in the extreme. It appears that the engine stood on a flat stone, and when backing it to the crusher to enable coupling, the wheels slipped causing the two machines to suddenly come together, and Mr. Tressler, who is a young man of about eighteen years of age, was unable to get out of the way quick enough to avoid being crushed.

HEY! UP WITH WHEAT PRICES.

Hold Grain for \$1 a Bushel, Demands American Society of Equity. Farmers hold your wheat for \$1. That was the suggestion of a bulletin which was scattered broadest over the land beginning of this week by the American Society of Equity, of Indianapolis, Indiana. It is argued that the minimum price of wheat should be \$1 a bushel.

To maintain higher prices for farm products is the object of the society recently organized, and its lever of power is co-operation of the tillers of the soil throughout America. This is the first formal demand for increased prices.

It is set out in the bulletin that this is an era of prosperity; that the demand for cereals is greater than ever, and that wheat now and of the summer harvest is equitably worth a dollar a bushel on the basis of the Chicago market.

Then the bulletin continues: "Farmers, keep this fact in mind; keep dollar wheat before your eyes and you will get it as sure as the sun rises in the east. Above all, we implore you, don't be fools."

"When you get the equitable price, let it go. Sell on the basis of \$1 and no less. Do not hold for any more, or you may run up an unwieldy surplus, which would compel lower prices."
