**TERRIFIC HAIL STORM.**

Growing Corn Shredded—Wheat Shelled and Garden Truck Destroyed.

Wednesday afternoon of last week a terrific hail storm passed over a portion of Penns Valley, doing considerable damage to growing crops and garden truck. The storm lasted from a quarter to a half hour, during which time the hail fell continuously and in unusually large quantities. The section in which the most destruction was done was between Long's, south of Old Fort, and Linden Hall, striking a narrow strip along Earlstown.

The growing corn was badly used up, the leaves being shredded and many stalks were broken off. Wheat fields that happened to be in the path of the storm were injured to a considerable extent, the loss being estimated at from ten to twenty per cent. Garden truck, in many instances, was totally destroyed.

Where the hail fell on a sward, the ground was completely covered, and the scene presented was one of mid-winter. In low places, in gutters and along the sides of buildings, the hail was found to be anywhere from six inches to a foot and more in depth. The quantity of hail that accumulated at these points can best be judged from the fact that twenty-four hours afterward these crystal globes were visible in many places. As late as nine o'clock the following night, thirty hours after the storm, hail in quantity was picked up at the home of Mr. Tressler, on the Benner farm near Old Fort.

Many farmers, after the storm was over, gathered the hail stones and used them for freezing ice cream. The hail, as a rule, was small—about the size of ordinary cherries.

**Children's Day at Egg Hill.**

The Egg Hill Sunday school held their Children's Day services last Sunday evening. The church was crowded and a good many were obliged to remain outside. Those who had recitations were Margaret Wolf, Elsie, Nelle, Emma and Clara Alexander, Joyce, Margery and Clyde Bible, Verne Sweetwood, Nellie Bible, Laura Stover, Catherine Carson, Lillian and Aud Beulah Frank, Lizzie, Ellis and David Henneigh, Wm. Lucas, James and Lowell Alexander. Miss Edna Kemp, of Lock Haven, sang a very pretty solo. Little Ruth Smith, of Potters Mills, surprised every one by her wonderful vocal talent, the audience holding their breath for every word while she sang a most beautiful solo. Credit is also due to the Potters Mills male quartet for singing a beautiful song. Much of the success of the service was due to the efforts of the superintendent, W. H. Lucas.

**June Weather Report.**

The average maximum temperature for the month was forty-two and one-tenth degrees, and the average minimum thirty-eight and four-fifths degrees. The highest temperature during the month was on the 4th, when the mercury stood at eighty-four degrees; the lowest point the mercury reached was forty-two degrees, on the first and eighteenth of the month.

There was an unusual amount of rain fall, the total being 7.59 inches. There were but nine clear days during the month. The fourteen days on which rain fell were the 6, 7, 8, 9, 10, 12, 14, 16, 20, 23, 24, 25, 29, 30.
