Adelaide Ristori, whom the German Emperor hailed as "the queen of trag-edy," is the Marquise de Grilo, although known to the history of the stage simply as Ristori. She was born at Fruili in 1821, and between 1855 and 1873 was the undisputed queen of the tragic stage. Ristori has been living in almost complete retirement since 182.

COMMERCIAL REVIEW.

General Trade Conditions,

Bradstreet's says: Weather conditions continue almost perfect, the Winter wheat crop harvest has been about completed, with a considerably larger yield than last year; retail trade in Summer goods has improved and re-orders from jobbers are larger in volume. Confidence in a large Fall trade grows as corn and cotton make up for their early backward start, clearings are in excess of a year ago at most centers, railroad earnings continue to show gains over all preced ing years-the increase for June is fully 12 per cent .-- and prices display exceptional steadiness for a Midsummer period. The prospect grows that whatever deficiencies from last year occur in crop yields will be made up for by increased quotations or better quality of products. Wool has been again advanced and while manufacturers are not inclined to stock up the higher price for the raw material practically insures high cost for Spring woolens.

Retail trade has been stimulated by real Summer weather and jobbers East and West note a much improved business in seasonable goods.

The official statistics of foreign trade in 1902 show the extent to which Russia is interested in the export of agricultural produce to Germany. The imports from Russia during 1902 were valued at \$190,000,000. Agricultural produce formed a very large percentage of this total. German exports to Russia during 1902 amounted in value to \$85,925,000. The principal items were gold, \$9,150,000; ironware, \$7,-750,000, and machines, \$5,375,000.

A recently published table of the British census gives the respective ages of all the married couples in the kingdom. There is one husband of ninety-five years who has a wife of twenty-one, while three husbands ranging in age from eighty-five to ninety-five have secured wives of twenty-five. Elderly wives and youthful husbands are rarer, and the greatest disparity in this direction is between a wife of sixty-five years and her husband of twenty. The oldest couple in the last are aged 100 and ninety-five years respectively, while the youngest pair have only numbered sixteen and fifteen summers respect-

On learning his mistake he refused to sign the contract, and the auctioneer, before leaving the rostrum, purporting to act as his agent, signed it for him. The plaintiff, as owner of the property in dispute, brought suit to compel the defendant to purchase the lot. The court held that from the moment of the hammer falling there was a contract, and dismissed as opposed to principle the defense that the auctioneer could not sign the con-

PE-RU-NA ESPECIAL WOMEN

Says Dr. M. C. Gee, of San Francisco.

A CONSTANTLY increasing number of physicians prescribe Peruna in their regular practice. It has proven its merits so thoroughly that even the doctors have overcome their prejudice against so-called patent medicines and recommend it to their patients.

"I Advise Women to Use Pe-ru-na," Says Dr. Gee.

Dr. M. C. Gee is one of the physicians who endorse Peruna. In a letter written from 513 Jones street, San Francisco, Cal., There is a general objection on the part

of the practicing physician to advocate patent medicines, but when any one medicine cures hundreds of people it demonstrates its own value and does not need the indorsement of the profession.

"Peruna has performed so many wonderful cures in San Francisco that I am convinced that it is a valuable remedy. I have frequentty advised its use for women, as 1 find it insures regular and painless menstruation, cures leucorrhæa and ovarian troubles, and builds up the entire system. I also consider it one of the finest catarrh rem-

edies I know of. I heartily indorse your medicine."—M. C. Gee, M. D.

Mrs. E. T. Gaddis, Marion, N. C., is one of Dr. Hartman's grateful patients. She consulted him by letter, followed his directions, and is now able to say the following:

Before I commenced to take Peruna I could not do any hard work without suffering great pain. I took Peruna, and can say with pleasure that it has done more for me than any other medicine I have ever taken. Now I am as well as ever; I do all my own work and it never hurts me at all. I think Peruna is a great medicine for womankind."—Mrs. E. T. Gaddis.
