More Coal in Perry County.

Two more coal operations have been started in Perry county and are reported to be doing fairly well. The Harrisburg company which was incorporated recently has started work near the Cove and it is said that indications of a good find have been struck.

A company has been formed by Buffalo men for the mining of coal near Mt. Patrick and a shaft has been sunk. The coal field is believed to be a couple of square miles in extent.

A Cherry Record.

Generally speaking the cherry crop in this community was a poor one, but on the farm of D. C. Keller, east of town, the reverse was true. To prove this, Mrs. Keller came forward with a record of having canned four hundred and forty quarts of seeded cherries for herself and various other parties. Beside this, neighbors gathered about three hundred quarts of cherries from Mr. Keller's cherry trees.

Lewistown Will Have a Daily.

H. J. Foenot & Son, editors, publishers and proprietors of the Lewistown Democrat and Sentinel, are building a new home for that paper, and when finished will be equipped with machinery suited to the publication of a daily. The Democrat and Sentinel, when it came into the possession of H. J. Foenot, was much below par, but under his management soon rose to prominence, and it is only natural that it grew to be a semi-weekly and that it will sprout again and become a daily.

ROBBERS TAKEN TO WILLIAMSPORT.

The Quartet of Post Office Looters Given a Hearing Wednesday.

The quartet of burglars who were captured in the Seven Mountains, Saturday afternoon, June 20, and have since been in the county jail, Wednesday were taken to Williamsport for a hearing before a United States Commissioner.

Samuel Lapp, of Harrisburg, a special agent of the Government, was in Penns Valley Tuesday and summoned a number of witnesses, among whom were Mrs. R. M. Wolf, postmistress at Woodward, which office was looted; Walter Garry, of Potters Mills, who lives near the scene of the capture; Mrs. W. A. Catherman, of Linden Hall, in whose cellar the robbers took their Saturday morning breakfast; Merchant and Postmaster J. H. Ross, of Linden Hall, whose store and post office safe had been loaded with nitro-glycerine; Adam Zeigler, clerk, who routed the robbers from the store room; and Phillip D. Foster, one of the capturing band.

County Commissioner P. H. Meyer and Policeman Jodon, of Bellefonte, also accompanied the party to witness the hearing.

Two more of the gang have been identified. Palmer was imprisoned under the name of James McCrae, and Ryan did service as one named James Daily. Nothing of Shireman's history has been discovered.

Arrangements have been made whereby the outcome of hearing before the U.S. Commissioner will be sent the Reporter by telephone. The report, if received in time, will be found on the fourth page.

Broke His Leg.

A little son of Wm. Fetterolf, east of Centre Hall, Monday jumped from a laddered hay wagon and broke his leg.

Held at Bay With an Ax and Club.

Under the leadership of Constable Newman, of Lewisburg, a posse of citizens Monday scoured the White Deer Mountains in search of a gang of tramps who since Friday have conducted a high-handed reign of outlawry.

After perpetrating various other outrages the gang on Saturday night surrounded the house of Joseph Bennige, in an out-of-way place, and threatened to burn the house and inmates.

Bennige had only an ax as a weapon and his wife a heavy club. They thus stood guard until daybreak, when the tramps retreated. Then Bennige bitohed his team to a farm wagon, drove his family to a place of safety and gave alarm.

The Mifflinburg Times says: Robert Snodgrass and Stuart Romig left town Tuesday morning for a tour, by wheel, which will extend throughout the week. Tuesday night was spent at State College, from there the trip will be through Centre and Clinton counties to Salona. They will return on Saturday.

Rev. George F. Boggs, of Howard, pastor of the Methodist Episcopal church, Mill Hall, was painfully hurt in an accident while driving. One of the wheels came off the buggy which frightened the horse and threw the gentleman to the ground. The horse stepped upon his leg and brained him in other ways.

CLIMATE AND CROP CONDITIONS.

Temperature Much Below the Average—Many Local Showers—in Pennsylvania.

The week as a whole throughout the State was decidedly cool; the daily deficiency ranging from 5 to 6 degrees in the eastern to 7 and 8 degrees in the western part of the state. The precipitation was confined to local showers, which were so frequent in many sections as to delay haying. The harvest of wheat and rye is practically completed in the southern counties and well under way in others and the yield is generally satisfactory. Timothy has made such remarkable growth during the last month that the anticipated shortage in the hay crop will be greatly reduced. Oats are filling nicely and many fields are beginning to ripen, but complaints of damage by rust are becoming numerous. Tobacco, potatoes and garden truck are slightly below seasonal condition, thrifty and growing steadily; but the continued cool weather is decidedly unfavorable to the already backward corn crop. Pasturage is excellent and ample. Apples and berries range from fair in some sections to plentiful in others but, as a whole, other fruits are poor to scarce.

Marriage Licenses.

Charles C. Duck, Clearfield. Gertrude M. Frank, Centre Hill. Martin W. Stere, Phillipsburg. Minnie Augora, Hawk Run.

Fertilizer, Fertilizer.

We will have on hand during the season, a quantity of the Pollock Fertilizer Company's fertilizer. You cannot go wrong in buying these fertilizers, and you will not go wrong, because the very first essential to successful farming is the production of good crops, and in order to produce the satisfactory crop the proper quality and quantity of fertilizer must be used. We can give you what you need in this line, and it will not take very much of your corn either.
