Fertilizer, Fertilizer.

We will have on hand during the season, a quantity of the Pollock Fertilizer Company's fertilizer. You cannot go wrong in buying these fertilizers, and you will not go wrong, because the very first essential to successful farming is the production of good crops, and in order to produce the satisfactory crop the proper quality and quantity of fertilizer must be used.

FOREMAN & SMITH.

Rural Free Delivery.

The rural free delivery of mails that will be established Tuesday of next week, with Centre Hall postoffice as the starting point, will be one of the great conveniences of the present day. In this case a condition exists that is not frequently experienced in other localities where rural routes are laid out.

Services on Grange Park.

Dr. W. H. Schuyler will conduct religious services on Grange Park Sunday afternoon, September 13th. Since all denominations are represented in the Grange, it would not be more than proper to cancel the appointments in the various churches that come on that hour.

Puddling Machine

A gravity puddling machine has been invented and is in actual use in the Pottstown iron works. A heat of 3,500 pounds is puddled in about forty minutes by two men. Under the present methods in vogue for a century, 1000 pounds of iron are puddled by four men in three hours.

Democratic Commander-in-Chief.

The election of General John C. Black as commander-in-chief of the Grand Army of the Republic was an honor worthily bestowed. What makes the selection remarkable, however, is the fact that his election was unanimous and the other fact that he is a straight-out Democrat.

Sold out Worshipers.

At the Newton Hamilton camp meeting ground Saturday, while the Methodists in attendance were engaged within the tenting circle in prayer and song, Sheriff M. M. Bricker and his auctioneer, in another part of the grove, were selling the entire property to satisfy mortgages. The property went to Colonel Rufus C. Elder, of Lewistown, for \$2800. He represents the mortgagees, who will make no change in the management.

Proof Against Race Suicide.

These are the days of the family reunions. These pleasant affairs are quite common in all parts of Pennsylvania and for some time past there have been several going on each day. Glancing over the list of attendants on these functions gives one the idea that there are some localities in the United States where President Roosevelt need fear nothing from the "race suicide" bugaboo, for name after name stretches out, showing a wide range of family connections.

Curtin Statue Arrives.

A bronze statue of Andrew G. Curtin, the war governor of Pennsylvania which is the work of Michael Ezekiel, an American artist temporarily residing in Italy, has arrived at the custom house, in bond, from Rome. It was brought to New York on the Italian steamship Umbria and shipped to Philadelphia. Efforts are being made to have it admitted free of duty because it is the work of an American artist.

The statue is to be placed on the Smith Memorial, in Fairmount Park. It is said to be a correct likeness of the noted Pennsylvanian.

Reduced Rates to Williams' Grove.

For the Thirtieth Annual Interstate Grange Picnic Exhibition, to be held at Williams' Grove, August 24 to 29, the Pennsylvania Railroad Company will sell excursion tickets from August 21 to 29, inclusive, good to return until September 1, inclusive, at reduced rates, from all stations on its lines in the state of Pennsylvania.

There will be an elaborate display of farm machinery in actual operation during the exhibition, and addresses will be delivered by well-known agricultural speakers.

A Picnic.

Last Thursday a very interesting picnic was held in Stover's grove, near Kreamerville. It was given in honor of a few families who are spending their vacation among friends and relatives in Rebersburg.

The day was an ideal one, abounding in sunshine, and entirely devoid of showers—just the kind of a day one might order for such an outing. This, together with the beautiful surroundings inspired all present, and judging by the spirit with which they entered into the various sports and amusements they had a most delightful day.

The most important source of enjoyment however, was the "spread," being of such a high order as to enable all to satisfy the inner man entirely. Those present were:

Mr. and Mrs. J. J. Ocker, Miss Maude Ocker, Mrs. C. O. Mallory, Misses Besie and Pearl Mallory, Mr. and Mrs. Thomas Walker, Mr. and Mrs. Chas. Bierly, Sr., Mr. and Mrs. Chas. Prof. C. E. Zeigler, of Spring Mills, Monday placed an Artists' Ideal piano, manufactured by the Braumuller Piano Company, New York, with Rev. J. M. Rearick, in this place. On his way home Prof. Zeigler made a brief call on the Reporter. It was learned from him that he spends much of his time in Clinton county, making sales of musical instruments.

The Worth County Times, edited by E. S. Garver & Son, Grant City, Mo., and the Willshire Herald, published at Willshire, Ohio, of which William G. Hoffer, is editor, both seemed to bulge in the wrappers that held them, and for no other reason than that they are brim full of local news. All this goes to show that Centre Hall had the right kind of boys in it one day to make ideal newspaper men.
