FOREMAN & SMITH.

Different Results.

An exchange says it is more fun to see a man read a puff of himself in a newspaper than to see a fat man slip on a banana peel. The narrow minded man reads it over seven or eight times and then goes around and appropriates what copies he can. The kind-hearted man goes home and reads it to his wife and then goes to the office and pays up what he owes. The successful business man who advertises regularly and makes money by it, immediately starts out to find the editor, and the two walk silently and thoughtfully down the street together, and the business man takes a little sugar in his'n and then both eat a clove or two, and life is sweeter, peace settling down on their hearts for the moment. Such is the experience of mustard seeds that fall on different soil.

J. C. Frank, of Logan, discovered a hornets' nest located near the roof of his stable and proceeded in the usual way to destroy it by burning. Keller's Business College,

Lewisburg, Pa.

Dear Mr. K. H. Keller:—

The students that you have referred to us have been so uniformly successful in passing our examination and in holding their positions which we secured for them, that we would be glad to have you refer to us as many more of your graduates as you possibly can at this time.

Since January 1st, Seven Hundred and Ninety-Seven (797) desirable stenographic and bookkeeping positions have been filled through our Employment Department. The calls received to date are over 50 per cent. greater than they were at this time last month. We are simply overwhelmed with orders for stenographers and wish all students could be made to fully realize the necessity of attending a good school and remaining until they have completed their course. There is a position for every one who will thoroughly prepare themselves for the stenographic profession.

Awaiting your reply we remain, Very respectfully yours,

THE SMITH PREIMER TYPEWRITER CO.,

B., Manager Employment Department.

The above proves at once the great demand for stenographers and bookkeepers also that our students are properly trained. Young people desiring a start in life leading to a bright future should not hesitate to enroll with the Keller Business College, Lewisburg, Pa. Write at once for a handsome catalog.
