

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's **Swamp-Root**, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail. Home of Swamp-Root, N. Y., also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Come one, come all.

WABASH NEWS.

A Dozen Engineers Surveying Route Through the Mountains.

Last week mention was made that eight engineers were surveying through the valley, and the presumption was that they were following up one of several old railroad surveys. After a reconnaissance of the lower part of Penns Valley, the party began actual work west of Coburn, at a point near Zerbe.

Wednesday the party had reached near Ingleby, a distance of about five miles having been surveyed. The line leads parallel with the Lewisburg and Tyrone railroad, and is on the south side of the railroad line and Penns creek for the entire distance. At some points the line approaches the L. & T. right-of-way, and at others it is as much as forty rods distant.

The survey is distinctly marked, not only by the brush and trees being cut away, but the line is staked and elevations, etc., marked.

There is a possibility that Pine creek will be followed and the above route abandoned.

The engineers are entirely silent as to their objective point, or for whom they are working. They are as clam on all subjects that might betray their purpose.

Conclusive information from outside sources has been obtained which reveals the fact that this same corps of engineers last worked in the neighborhood of Westover, in the southern portion of Clearfield county. The search for an outlet through the mountains, would conform to the idea that a practically straight line is desired from Pittsburg to the West Branch of the Susquehanna river, possibly at Sunbury.

It has been known for some time that the Wabash people had engineers in Clearfield county, and since it is almost absolutely proven that the corps at Coburn is the same one that was at Westover, it may be accepted as a fact that the parallel survey to the Lewisburg and Tyrone branch of the Pennsylvania railroad, through the mountains, is for the use of the Wabash railroad.

Another point may be conjectured. It is this: That this corps of engineers have in mind Pine Grove Mills and Boalsburg as two points in Centre county that their survey, when completed, will touch.

Woods Appointed Judge.

Governor Pennypacker has settled the contest for the Judgeship in the Twentieth Judicial District, comprising the counties of Mifflin, Huntingdon and Bedford, by appointing Senator Joseph M. Woods, of Mifflin county, to fill the vacancy caused by the death of Judge Bailey.

Judge Woods is the son of D. Walker Woods, who at the age of eighty-one years is practicing at the Lewistown bar.

He Learned a Great Truth.

It is said of John Wesley that he once said to Mistress Wesley: "Why do you tell that child the same thing over and over again?" "John Wesley, because 'once telling is not enough.'" It is for this same reason that you are told again and again that Chamberlain's Cough Remedy cures colds and grip; that it counteracts any tendency of these diseases to result in pneumonia, and that it is pleasant and safe to take. For sale by C. W. Swartz, Tusseyville, F. A. Carson, Potters Mills.

The Y. M. C. A. members of Spring Mills, will hold public union meetings observing the week of prayer for Nov. 8 to 15 in the Lutheran church. Guessing for Florodora Cigars.

Charles D. Bartholomew, assistant cashier of the Penns Valley Banking Company, is one of the many thousands who have made guesses in the Florodora cigar band contest. All told he will have over eleven hundred guesses, which represent twenty-seven thousand cigar bands. In these Merchant S. S. Kreamer has a one-third interest.

The contest is to guess the number of cigars on which revenue will be paid during the month of November. Prizes to the amount of \$142,500 are offered. The prize for the correct, or nearest correct number is \$5,000; two next best guesses, \$2,500 each; ten next best guesses, \$500, and so on.

Those who have given the matter thought, claim the only way to make gains is to pool interest and cover a large range of figures.
