NEW USE FOR PHONOGRAPH.

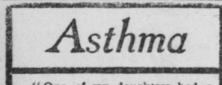

## With It a Physician Cures a Case Without Seeing Patient.

"A novel use for the phonograph impressed me the other day," says a clergyman in the Philadelphia Record. "I was calling on my doctor and he told me of it then. He said a patient of his, while on a visit to California, had developed a bad cough and feared that this cough was of a tubercular nature. His heart also was weak and he was anxious about that, too.

"Well, for the doctor to go all the way to California would have been expensive and for the patient to have come to Philadelphia would have been impossible. In the dilemma a phonograph was called in. The sick man first talked into the phonograph all his symptoms. Then he coughed before it, and then, with the help of an instrument that highly magnifies sound, two or three minutes' beating of his disordered heart was registered on the sensitive cylinder.

"The outcome was wonderful. The Philadelphia doctor, receiving the phonograph record, ascertained that his patient's cough was not a consumptive one, and that his heart was not seriously affected. The doctor let me listen to the record in his office. It was impressive. First I heard the patient, in a weak voice, detailing his symptoms-a pain here, an ache there, and so on. Then I heard him coughing. Then I heard his heart pulsating in an odd, irregular way.

'Thanks to the phonograph,' the doctor said, 'I diagnosed that case as well as though my patient has sat beside me.'"

A fire which broke out one year ago at the Lehigh Valley Co.'s Sioux Colliery, and which was supposed to have een extinguished lately, broke out fresh and the officials are fighting it n a new and original manner. During he first fire bore holes were driven brough the ground to the burning secion. Concrete and sand are now beig run through the holes, the offiials thinking a solid concrete wall will orm and create an air-tight compartnent in which the blaze may be smoth-

ered. The 10,000 miners employed by the "ennsylvania Coal & Coke Company t its mines in Cambria county have breatened to strike because of an order sued by the company this week changig the hour for going to work in the torning from 7 to 7.30 o'clock.

Charles Trout, a hotel clerk in Tyne, and son-in-law of the proprietor, harles Woodin, is under bail accused of shooting Thomas Brown, colored, porter at the hotel. The two quarreled nd Brown was shot in the hand and heek.

Notice was posted at the works of the merican Steel Foundries Company haron, of a reduction in wages to take ffect this week. The cut will be re er cent., which will bring the mould-rs' wages to \$3.15 a day. It is said hat the reduction is to take effect in If the plants of the American Steel oundries Company.

All the outbuildings on the farm of saac Reablin's, Penn's Manor, toether with grain, hay, farming impleients and some stock were destroyed fire. Several years ago the outuldings on the same farm were detroyed by fire.

Mrs. Harry Eckroth, of Wilkes Barre, was found on the Central Raiload tracks seriously injured. She had been struck by a train. She died at he Mercy Hospital. The strike at the Red Ash Colliery, Wilkes-Barre, the only serious one in the anthracite region, preents a new and peculiar condition. The company is auxious to settle it by submitting the grievances to the Conciliation Board, but the miners have reused to submit their grievances and claim they want to fight the matter out with the company, expecting the com-pany officials to decide what they will concede. The strikers have been out for five months. The men declare they will not return to work until the superintendent now employed is discharged. Adam R. Gruber, of Obold, was returning home from a visit in Reading. driving a two-horse team, when the horses took fright at a train near Lorah and ran away. The carriage was upset and Mr. Gruber thrown to the ground, landing on his head. His neck was broken and death resulted almost instantly. In a runaway accident Francis De vore, a farmer, of Buffalo Mills, was so seriously injured that he died soon after. His horses tramped on him as he was dragged over the frozen ground. District Attorney Lichtenwainer, of Allentown, says that information for the arrest of David Weisenberg, on charges of being accessory to the mur-der of Mabel Bechtel, before and after the fact was made by Constable John Shrunk. There will probably be no hearing and the case will go to the Grand Jury. Weisenberg, it is believ-ed, was the last person outside of the Bechtel family who saw the girl alive He accompanied her home on the Sunday night when it is supposed she was murdered, but he did not enter the house. After the alleged finding of the body in the areaway of the Bechtel home on the Tuesday morning follow-ing by Mrs. Bechtel, the mother, the latter told her story to the police that Mabel had been out driving with Weisenberg on Monday and that during the night she was awakened by the barking of dogs and saw two men carrying what she thought was a bag or potatoes or apples into a neighbor's yard. Weisenberg having left town, he was the first one for whom the police looked and he surrendered himself to the New York police. He voluntarily returned to Allentown and proved an libi. District Attorney Lichtenwalner will also accuse Weisenberg of a misdemeanor, he having admitted that he and the girl visited a hotel on the Sunday night in question. It is said that the prosecution's plan will be to have Weisenberg acquitted of the more serious charges and thus make him a competent witness against the Bechtels.

Ripans Tabules are the best dyspepsia nedicine ever made. A hundred millions of them have been sold in the United States in a single year. Every illness

arising from a disordered stomach is relieved or cured by their use. So common is it that diseases originate from the stomach it may be safely asserted there is no condition of ill health that will not be benefited or cured by the occasional use of Ripans Tabules. Physicians know them and speak highly of them. All druggists sell them. The five-cent package is enough for an ordinary occasion, and the Family Bottle, sixty cents, contains a bousehold supply for a year. One generally gives relief within twenty minutes.
