**Women as Well as Men Are Made Miserable by Kidney Trouble.**

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.  
 Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.  
 Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.  
 Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**COURT NEWS.**

**Cases Tried Before Judge and Jury This Week.**

[Reported by W. H. Walker, Esq.]  
 The regular term of January Court convened at Bellefonte Monday of this week. The morning session was taken up in the presentation of motions and petitions by the several attorneys at the bar; the report of the constables from the different boroughs and townships in the county; the charge of the Court to the Grand Jury of which James Gregg, of Milesburg, was appointed Foreman by the Court; and the calling of the list of names of the traverse jurors, and the calling over of the civil list for the week.  
 The first case called was that of D. W. Johnsonbaugh, vs. S. R. Pringle, being an action of assumpsit. After the argument of counsel and the charge of the Court the jury promptly rendered a verdict in favor of the defendant.  
 The court handed down an opinion granting a new trial in the case of Commonwealth vs. Calvin Henry, of Miles township, who was convicted of incestuous fornication at last term of Court; defendant entered into bail for his appearance at April session next.  
 The Jury found John W. Harshberger, of Snow Shoe township, guilty of desertion on the information of his wife, Mrs. Harshberger; sentence to be imposed later.  
 The grand jury were exceptionally prompt with their work this week. They were through with their work by Tuesday evening and were discharged by the court. They, of course, did not have many cases to dispose of.  
 The following cases on the list of trial were marked settled by the parties:

Seth V. David vs. Charles Bierliar, et al. Appeal; plea non assumpsit.  
 Peter Mendis vs. L. R. Bullock; appeal; plea non assumpsit.  
 American Lumber Company vs. G. W. Hoover; appeal; plea non assumpsit.  
 John Dalige and wife vs. G. H. Lichtenthaler, committee of etc.; appeal; plea non assumpsit.  
 John Luther vs. George Katchick; appeal; plea non assumpsit.  
 D. C. Sullivan vs. J. C. Thompson; appeal; plea non assumpsit.  
 Tuesday the medical profession of the county had a round with what they call a "Quack" doctor in the person of Dr. G. W. Furey who came to Bellefonte from Sunbury on the 9th of this month and made arrangements to open an office at the Brockerhoff house, and to be there Saturday, Sunday and Monday of each week. His first visit was to be on the 16th inst., and when he came he occupied the room at the hotel that he had previously arranged for, but on Monday Dr. R. G. H. Hayes and Dr. G. B. Klump, Censors of the Centre County Medical Society, made information before Squire Harshberger, and had Furey arrested. The hearing took place before Harshberger Tuesday 18th at which time the defendant was bound over for his appearance at court. At the trial he was indicted as follows:  
 1st count—Attempting to practice medicine by opening a transient office, without a license.  
 2nd count—Attempting to practice medicine by advertising in newspapers and assigning transient office, without a license.  
 3rd count—Attempting to practice medicine by itinerating from place to place, without a license.  
 Dr. Klump testified that he was one of the prosecutors, that he and Dr. Hayes were the censors for the Centre County Medical Society, and that they thought it best for the community that Dr. Furey should not be permitted to practice.  
 Dr. Furey was called and testified that he was born and raised in Spring township; that he has a number of relatives here; that he has been practicing his profession since 1877 in Sunbury; that he was registered in Northumberland county; that he is a graduate from the University of Michigan and also of Will's Eye Hospital, of Philadelphia; that he entered a room at the hotel and would be here every Saturday, Sunday and Monday of each week for the next year or more; that he expects to make this a permanent location.  
 The whole case rested on whether or not Dr. Furey was an itinerant under the Act of 1877 as amended by the Act of 1897, and from the evidence in the case it appeared that he had an agreement for one whole year and that he was registered under the laws of this State in one county, which under a recent decision gives him the right to practice his profession in any county of the State. After argument by the Counsel and the charge of the Court Dr. Furey was acquitted and the costs were placed on the prosecutors, Drs. Hayes and Klump.  
 The most important case during the week was the Commonwealth vs. W. O. Robinson, indicted for violation of the Pure Food Laws of the state. The jury found the defendant guilty. The facts will be given in next week's issue.

**Wabash News.**  
 The corps of civil engineers who for the past few weeks have been in the western portion of Centre county surveying a line for a railroad, presumably the Wabash, are at present located at Boalsburg. The advance engineers had reached as far east, on Wednesday, as the old Kimport farm, above Tusseyville.  
 From Pine Grove Mills the line hugs the mountain pretty closely, leaving Shingletown and Boalsburg to the north. At Boalsburg the route, as surveyed at present, passes the farm buildings of Samuel H. Bailey and John Fortney.  
 Pottery Mills seems to be an objective point.

**Pomona Grange Meeting.**  
 The Centre County Pomona Grange met in Milesburg, Friday of last week. Owing to the heavy rain and bad roads, the attendance was small. The meeting, however, was a pleasant one.

 At the afternoon session, the committee on credentials reported seven candidates for the 5th degree. The degree of Pomona was accordingly conferred on them.

 "Oh, dear, no," she answered, with suspicious haste. "I was just thinking you know."

**THE NECESSARY MAGAZINE IN THE PRESIDENTIAL YEAR.**

The Review of Reviews is often called a necessity, in recognition of its usefulness in keeping readers "up with the times."

In Presidential election years the REVIEW OF REVIEWS is more than ever "the necessary magazine." Everybody wants to be truly and quickly informed about this or that public question that has forged the front; to know about the new candidates and personal factors in politics, to have a complete picture at hand of the current movement of history.

In Dr. Shaw's editorials, in its authentic and timely contributions, in its brilliant character sketches, in its candidations and reviews of all the important articles of other magazines, and in its hundred a month of valuable portraits, witty cartoons, and interesting views, the REVIEW OF REVIEWS gives the much desired news of the world's and our own progress. "The World under a Field-glass" is the way one subscriber describes it. "Men in public life, like President Theodore Roosevelt, the members of Congress, and the great captains of industry, who must keep 'up with the times,' intelligent men and women all over America, have decided it is 'indispensable.'"
