

## The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys poison blood and will attack the vital organs or the kidneys themselves break down and waste away cell by cell. Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmor's **Swamp-Root**, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar sized bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address Dr. Kilmor & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, **Swamp-Root**. Dr. Kilmor's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

**COURT NEWS.**  
**Cases Tried Before Judge and Jury This Week.**  
[Reported by W. H. Walker, Esq.]  
The second week of court began Monday of this week with Hon. John G. Love, P. J., on the bench, and Prothonotary Gardner and Register Archey in their respective places. George W. Burrows, Esq., of Sunbury, was in attendance as the regular court stenographer for the week.

The morning session was taken up mostly in the presentation of motions and petitions by the several members of the bar. Frank Braebenbaugh, Esq., of Blair county, was admitted specially and presented a petition to the court relative to an estate in Ferguson township, this county.

The court then called over the list of cases on the calendar, and the following were continued:

The Lehigh Valley Coal Company vs. The Clearfield Bituminous Coal Corporation, et al.; ejectment; plea, not guilty.

Philip B. Iddings, et. ux, vs. Boggs township; trespass; plea, not guilty.

George T. Brew, adm'r of George W. Jackson, deceased, vs. Jackson, Hastings and Co.; assumpsit; plea, non assumpsit.

James A. Davidson vs. J. N. Shope; ejectment; plea, not guilty.

C. N. Crosswell vs. F. H. Clement & Co.; assumpsit; plea, non assumpsit.

Leo J. Tierney vs. Snow Shoe Mining Co.; assumpsit; plea, non assumpsit.

C. E. Shuey vs. The Bellefonte Furnace Co.; trespass; plea, not guilty.

W. H. Runkle use of Peter Smith vs. Mary A. Slack, et. al.; assumpsit; plea, non assumpsit.

John T. Balyetts vs. J. J. Kelley and William Nyman; trespass; plea, not guilty.

James W. M. Newlin vs. Moshannon Banking Co.; assumpsit; plea, non assumpsit.

Bellefonte, Aaronsburg and Youngmans-town Turnpike Co. vs. Centre county; trespass.

Joseph Kelley vs. J. W. Smith, Robert Smith, adm'r of Adam Smith, deceased, and Robert N. Smith. Sci. Fa. Sur. Judgment; plea, not guilty record, also, nil debit and payment with leave, etc.

The first case tried was that of E. C. Smith vs. Josiah Long, adm'r d. b. n. c. t. a., of John Long, deceased. This was an action of assumpsit on a certain note given to the plaintiff by defendant and a verdict was rendered in favor of the plaintiff in the sum of \$123.

The next case called was that of James A. McCafferty, of Bellefonte, a contractor, vs. Supervisors of Spring township. This was an action of assumpsit to recover the amount due, as he alleged for the building of a bridge in Spring township under a contract had between he and the supervisors. From the evidence in the case, as given by the plaintiff, the bridge was started some time in June last and was to have been completed by the 30th of July. That he worked on said bridge part of the time and did not have it finished by the time stated in the agreement. He then had an extension of time for 20 days. He also brought suit to recover not only the contract price of \$700, but also for extra work he alleged to have performed that was not included in the contract and the plans, etc., at the instance and request of the engineer and the supervisor, Mr. Smeltzer.

The contract provided that the money was to be paid when bridge was completed and accepted "by the proper authorities." The county commissioners by reason of part payment of the contract had a petition presented to court about the 14th of October last and had three persons appointed viewers to inspect the bridge, etc. The viewers made their report to court which was confirmed on Oct. 19. The same day a bill in equity was filed by R. B. Taylor who alleged to have completed the contract, asking that the supervisors be restrained from paying said contract price to Mr. McCafferty. Suit was brought the same day the report of viewers was filed. The court on motion of Fortney & Walker and S. K. Woodring, att'ys for the supervisors, for a compulsory non suit, granted the same, holding that the said action was prematurely brought by plaintiff. Col. Reeder asked for a rule to show cause why the compulsory non suit should not be stricken off. This motion will be argued at March Argument Court.

The next case called was that of Mrs. Mary M. Ruffnyder vs. J. H. Raif Snyder. This was an action of assumpsit to recover about \$300 00 which the papers on file showed the defendant had borrowed from the plaintiff and never paid back. Before any testimony was adduced the parties made an amicable settlement.

Court adjourned Tuesday noon. All the jurors were discharged.

A son was born to Mr. and Mrs. Joseph Runkle, Bellefonte.

Dr. Swallow was again reelected superintendent of the Methodist book rooms.

Mercury Monday night took a tumble to seven below zero. At 7 a. m., it was 2 1/2 below.

A baby arrived at the home of Dr. and Mrs. H. F. Bitner, at Millersville, and it's a boy.

**THE WABASH.**  
Where It Leads Through Penna Valley— Probable Mountain Route.  
Last week the Reporter left the Wabash surveys in the neighborhood of Linden Hall.

The line as at present staked out by this corps of engineers passes through the chopping on the farm of D. J. Meyer, south of the buildings; leads south of Sidney Poorman, on Bottorf farm by Clement Fortney, through ravine to north of Wm. Mariz on the ex-Sheriff Spangler farm to five or six rods north of Tussey Sink school house. From this point the road leads north of the farm buildings of Mrs. Eliza McClellan, David Stoner, James Runkle, Henry Stoner, Adam Krumrine, to a point immediately north of the Lutheran and Reformed church.

At this point the line makes a graceful curve eastward, leaving the church to the south, passing north of Adam Heckman's Fortney brothers, to close by and north of George Spangler, to near Pine Grove school house, across orchard on Felscher's meadow, crossing Sinking Creek near the iron bridge at the old Heimbach property, also known as the Mitterling place; then to D. L. Kerr's, across the David Gentry property, close by the barn of John Foreman.

From Foreman's the route leads to the W. H. Stiver farm, crossing the Lewistown pike on "Pine Hill," south of the Rishel house. The Spracetown road is crossed at Frank Royer's, about ten feet north-west of his house. The Georges Valley road is crossed a short distance below the H. P. Sankey barn. The line continues south of this road until it reaches the farm buildings of Green Decker, where it crosses the road west of the Decker barn.

From there the line keeps north of the road, and at the Synagogue church it strikes the buildings of Jacob Jamison; thence to Beaver Dam, Sober, and Coburn.

The engineers have been scouting through the Seven Mountains to a considerable extent. Entering the mountains at Shingletown, west of Boalsburg, a preliminary line was run through Poe Valley along Poe Creek. This route would avoid tunneling Paddy Mountain.

Wednesday the engineers were working in the vicinity of Tusseyville.

**Successful Re-opening of Church.**  
The re-opening of the United Evangelical church at Lemont was attended with great success. The services were conducted by Rev. M. I. Jamison, of Altoona, and the pastor, Rev. J. F. Shultz. The entire indebtedness was wiped out, and funds to the amount of \$300 remain in the treasury.

**Two-Color Posters.**  
The two-color posters, for sales, etc., printed at the Reporter office, are very attractive. Persons having this kind of a bill printed, may have inserted in the Reporter, free of charge, a full list of articles advertised for sale. With one-color bill, no matter what size, the date, location, and the principle articles advertised, will be inserted free, in the Reporter.

**Mrs. Herring Injured.**  
Mrs. Herring, wife of M. B. Herring, Esq., of Spring Mills, stumbled and fell to the floor of her home Saturday, and broke her right arm close to the elbow. Dr. Braucht reduced the fracture, and reports the patient as comfortable as can be expected. Mrs. Herring practically has been an invalid for some time, and of late has been confined to her bed.

**Masons Banquet.**  
Old Fort Lodge, F. and A. M., at its regular meeting held Monday night, was visited by a number of Bellefonte blue lodge members, and after the routine business all sat at the banquet board at the Centre Hall hotel.

Those present from Bellefonte were Messrs. Sidney Krumrine, W. B. Rankin, John I. Olwine, George H. Kriesley, George Hazel, Thomas Hazel, Phil. D. Foster, M. C. Gephart, D. W. Geiss, J. D. Meyer, B. B. Wilson.

Among Old Fort members, outside of Centre Hall, were H. F. Rossman, Dr. H. S. Braucht, Spring Mills; Ezra H. Auman, Millheim.

**The Farmers' Institute.**  
As the Reporter goes to press, the Farmers' Institute is in session. The attendance Wednesday afternoon was quite large, although the roads are almost impassable. The county institute manager, Col. John A. Woodward, is here and has the institute running frictionless.

The speakers assigned by the Agricultural Department prove equal to their task in both instructing and entertaining. The program up to this time has been carried out in detail as it appeared in last week's issue of this paper. An account of the institute will appear next week.

James and William Mingle, sons of Dr. D. H. Mingle, of Maxwell, Iowa, are visiting in Dakota, Ill.

If you have something to sell, advertise it in the Reporter.
