

DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medicinal triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ATTENTION!

People are naturally anxious to know how the fire insurance companies in which they are insured will stand the Baltimore fire losses, and for the information of my numerous patrons I publish the following reports. So far as the companies represented by this office are concerned, we have heard from all of them, and all state that they are not affected in the least. Space is too limited to publish all the letters, and as they contain about the same in substance, but a few will appear below:—

The Standard Insurance Co. of N. J.

TRENTON, N. J., FEBRUARY 8, 1904.
GENTLEMEN—We beg the privilege of advising you that this corporation is not involved in the great conflagration in Baltimore, Md., directly or indirectly, and in consequence will not lose one dollar in probably one of the greatest disasters of the kind in the history of great fires. We are, of course, pleased to be in a position to so advise you; nevertheless, we deeply deplore the circumstances and our fraternal sympathies go out to those who are involved. Our escape was due to the fact that we do not write on any risks, good or bad, outside of the States of New Jersey and Pennsylvania. We only deemed it prudent that you should know our position.
Very truly yours,
IRVIN W. RODGERS,
Secretary and General Agent.

Queen Insurance Company.

TO OUR AGENTS:
It will probably interest you to know that the net losses of this Company arising out of the Baltimore conflagration will not exceed \$454,000, which is less than 8 per cent of its gross assets and less than 16 per cent of its net surplus. While the loss is a severe one, we are not in the least disturbed by it; on the contrary we hope the lesson taught by this disaster will induce you and your patrons to entrust their insurance still more liberally to a Company like ours, which has the means immediately available for meeting promptly any loss of this or even of ten times greater magnitude.
Trusting that you will take advantage of the opportunity now offered of increasing your business with this Company.
Yours very truly,
G. W. BURCHELL,
Vice-President.

Springfield Insurance Company.

SPRINGFIELD, MASS., FEBRUARY 10, 1904.
TO OUR AGENTS:
In order to relieve the minds of our Agents and their customers we beg to advise you that the Springfield's net losses at Baltimore will not exceed \$500,000. Three of our adjusters are now on the ground in order that our losses may be quickly adjusted and paid. You will see by the annual statement recently sent you, the company had January 1st, \$2,000,000 cash capital and \$1,620,000 net surplus. The only effect of the conflagration will be to clip off a portion of the surplus.
While conflagrations are expensive to insurance companies, they are not unmixed evils, as they show clearly to every property owner the advisability of insuring only in companies of undoubted strength and with a record for prompt payment of all claims against them.
As you can recommend the Springfield without reserve to all your customers as one of the strongest and most substantial fire insurance companies doing business in this country, we look for a material increase in business of the most desirable classes from your office.
Yours truly,
A. W. DAMON, President.

The Hamburg Bremen loss is about \$100,000. This company has assets in its German office of over five million, and a surplus of over two million.
The West Chester Company will not lose over \$200,000. This company has assets of about three and one-half millions of dollars and a net surplus of \$1,248,623.22. This shows more clearly than ever the importance of being insured in strong companies.
Boston Insurance Company will lose \$200,000. This company has an actual surplus above capital of about two million dollars.
Reports say there will be a large number of home mutuals and small local companies that will not be able to pay their losses, this, of course, is always the case in a large conflagration.
I desire to say, in short, that none of the insurance companies represented by me will be affected in the least.

Henry Zeigler, living near Farmers Mills, died very suddenly at his home Tuesday evening at about 4:30 o'clock. His age was sixty-six years. Interment Saturday a. m., at Centre Hall.
Mr. Zeigler had been to see one of his neighbors Tuesday afternoon, and on returning fell to the ground unconscious on reaching the gate leading to his home. He was taken to the house and Dr. H. S. Braucht summoned, but consciousness was never regained.
The deceased was married in 1855, and is survived by a widow, and nine children. Children are H. M., Dakota, Illinois; J. T., Pleasant Gap; N. H., Centre Hall; A. E., Linden Hall; J. W., Albright College, Myerstown; Misses Lizzie and Katie and Howard, at home.

McWilliams-Sunday.
The marriage of Miss Lizzie Sunday, oldest daughter of J. W. Sunday, of Ferguson township, to John McWilliams, occurred on Thursday, the 18th, at twelve o'clock, at her father's residence, by Rev. Edgar Heckman, of State College.
There were present to witness the ceremony about forty guests, all near relatives of the bride and groom. After the ceremony the usual dinner was served, after which the happy couple left on the four o'clock train for a short trip to Altoona and Lancaster.
In the spring they will go to farming on the D. G. Meek farm, at Fairbrook.
Services in the Presbyterian Church.
A series of religious meetings will be begun in the Presbyterian church at this place on Sunday evening, February 28th, to continue during the evenings of the week, and to close with the communion March 6th at 10:30 a. m. The public is cordially invited to attend these services.
The annual congregational meeting of the Presbyterian church will be held after the service on Monday evening, February 29th.

MISS JANE POTTER DEAD.

Death Comes Unexpectedly while in Philadelphia for Treatment.
Miss Jane Potter, of near Linden Hall, died at the Will's Eye and Ear Hospital, Philadelphia, at midnight Friday, from pneumonia. Miss Potter was accompanied to that institution by her brother, R. Henry Potter, about ten days previous to her death, for treatment of her eyes. The operations had been very successfully performed, but on Thursday pneumonia developed, with the result noted.
Finding that his sister was getting along so well, Mr. Potter went to New York city to visit a niece, and on returning to the hospital he was severely shocked to find that Miss Potter was dead.
The body was shipped to Linden Hall Monday morning, and from there taken to the Potter home. Interment took place Wednesday, at Centre Hill, Rev. W. H. Schuyler, of the Presbyterian church, of which the deceased was a member, officiating.
The deceased was the eldest of the family of Joshua and Mary Taylor Potter, and was aged sixty-nine years. She is survived by the following brothers and sisters: John F., Millsburg; Robert Henry, and Miss Rhoda Mary, at home; Margaret, wife of Dr. Kent, in New York; Joshua T., Pittsburg.

Judge Woods and License.
Judge Woods, in granting licenses at Lewistown, made a rule that could be safely followed by all judges. He says Christmas, Memorial and Thanksgiving Days must be regarded as holidays; and no bottles shall be sold over the bar. The latter rule would do much to hinder intoxicants reaching intemperate persons, and every community would feel the wholesome effects of such a regulation.

Opening Frozen Pipes.
J. S. Rowe, of Centre Hall, built a force pump to which a hose and small sections of pipe may be fastened, to use in opening frozen pipes. The hose is placed in a kettle of hot water and the pipe injected into the disconnected water pipe. The pump forces the water through the small pipe against the ice in the frozen sections, and ejects the waste water at the disconnection. It will be seen that the hot water comes first in contact with the ice, which is rapidly melted. The water ejected, which of course, remains quite hot, may be reheated, thus with twenty-five gallons of water a pipe sixty or more feet in length may be opened.
The pump was tried on the main leading across the street to this office and it worked to perfection.

Among those who are sick are, Mrs. John Bohn, Mrs. Murray Leitzel, and Mrs. Henry Miller, all of Linden Hall.
