Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order

or diseased. Kidney trouble has become so prevalent that it is not uncommor for a child to be born afflicted with weak kidneys. If the child urinates too often, if the

urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold

ATTENTION!

People are naturally anxious to know how the fire insurance companies in which they are insured will stand the Baltimore fire losses, and for the information of my numerous patrons I publish the following reports. So far as Ryan and Mary Richfield, Humberty, the companies represented by this office are concerned, we have heard from all of them, and all state that they are not affected in the least. Space is too limited to publish all the letters, and as they contain about the same in substance, but a few will appear below :-

The Standard Insurance Co. of N. J.

TRENTON, N. J., FEBRUARY 8, 1904.

GENTLEMEN-We beg the privilege of advising you that this corporation is not involved in the great conflagration in Baltimore, Md., directly or indirectly, and in consequence will not lose one dollar in probably one of the greatest disasters of the kind in the history of great fires. We are, of course, lic sale Friday. The price paid was pleased to be in a position to so advise you; nevertheless, we deeply deplore the circumstances and our fraternal sympathies go out to those who are involved. Our escape was due to the fact that we do not write on any risks, good or bad, outside of the States of New Jersey and Pennsylvania. We only deemed it prudent that you should know our position.

Very truly yours, IRVIN W. RODGERS, Secretary and General Agent.

Queen Insurance Company.

TO OUR AGENTS:

It will probably interest you to know that the net losses of this Company arising out of the Baltimore conflagration will not exceed \$454,000, which is less than 8 per cent, of its gross assets and less than 16 per cent of its net surplus. While the loss is a severe one, we are not in the least disturbed by it; on the contrary we hope the lesson taught by this disaster will induce you and your patrons to entrust their insurance still more liberally to a Company like ours, which has the means immediately available for meeting promptly any loss of this or even of ten times greater magnitude.

Trusting that you will take advantage of the opportunity now offered of increasing your business with this Company.

Yours very truly,

G. W. BURCHELL, Vice-President.

Springfield Insurance Company.

SPRINGFIELD, MASS., FEBRUARY 10,1904.

TO OUR AGENTS: In order to relieve the minds of our Agents and their customers we beg to advise you that the Springfield's net losses at Baltimore will not exceed \$500,000. Three of our adjusters are now on the ground in order that our losses may be quickly adjusted and paid. You will see by the annual statement recently sent you, the company had January 1st, \$2,000,000 cash capital and \$1,-620,000 net surplus. The only effect of the conflagration will be to clip off a portion of the surplus.

While conflagrations are expensive to insurance companies, they are not unmixed evils, as they show clearly to every property owner the advisability of insuring only in companies of undoubted strength and with a record for prompt payment of all claims against them.

As you can recommend the Springfield without reserve to all your customers as one of the strongest and most substantial fire insurance companies doing business in this country, we look for a material increase in business of the most desirable classes from your office.

> Yours truly, A. W. DAMON, President.

The Hamburg Bremen loss is about \$100,000. This company has assets in its German office of over five million, and a surplus of over two million.

The West Chester Company will not lose over \$200,000. This company has assetts of about three and one-half millions of dollars and a net surplus of \$1,248,623 22. This shows more clearly than ever the importance of being in-

Boston Insurance Company will lose \$200,000. This company has an actual surplus above capital of about two million dollars.

Reports say there will be a large number of home mutuals and small nesday at the home of the bride's parlocal companies that will not be able to pay their losses, this, of course, is always the case in a large conflagration.

I desire to say, in short, that none of the insurance companies represented by me will be affected in the least.

THE LICENSE COURT.

One Application Refused, Fifteen Held Over, Thirty-three Granted.

His Honor, Judge John G. Love, Tuesday held license court for Centre county. Forty-nine applications of all kinds-tavern, distiller, wholesale beer and wholesale liquor-were presented. Of this number thirty-three licenses were granted, fifteen were held over, and one, that of Andrew Rusnak, of Snow Shoe township, was refused.

The court has granted applicants whose licenses were held over an opportunity to take evidence to show cause why license should be granted.

Remonstrances were presented by citizens again at all those whose licenses were either refused or held over. TAVERN LICENSE.
