# The Cause of Many

## Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart Le failure or apoplexy r are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the

kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of fe the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It corrects inability to hold urine and scald-

ing pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar A sized bottles. You may have a sample bottle of this wonderful new dis-covery and a book that tells all about it, both Home of Swamp-Root. sent free by mail. Address Dr. Kilmer & Co. Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghampton, N. Y, on every bottle

CHILD DRANK CARBOLIC ACID. A Little Son of Ira Brungart Dies Five Hours After Taking Polsonous Draught. Mr. and Mrs. Ira Brungart, of near Wolf's Store, are deeply grieved over the death of their little son, Charles, aged two and one-half years, which occurred Monday night. The child died from the effects of a draught of carbolic acid taken, while alone in the room, five hours previous to his death. Mr. Brungart had gone to the stable to do the chores, and the mother was in the kitchen preparing to follow, when a noise in the sitting room attracted her. On going there she discovered that her little son, childlike, had found his way to the cupboard, where drugs were kept, by the aid of a chair, and had taken from a bottle a portion of carbolic acid. The child, in the mother's arms, soon writhed in

Interment took place this (Thursday) forenoon, in the Brungart cemetery, near Rebersburg, Rev. J. M. Rearick, officiating.
