

## NO STRIKE OF MINERS

### Vote in Favor of Accepting the Wage Scale

## ALL THE STATES AGAINST STRIKE

#### Illinois and Iowa the Only Two Where the Majority was Two to One Against the Scale and for a Strike—President Mitchell Much Pleased—Another Conference Between Operators and Mine Workers to Restore Agreement.

Indianapolis, Ind., (Special).—At the national headquarters of the United Mineworkers of America estimates on the vote of the miners had been computed by the national officers. They are positive the scale has been accepted and there will be no strike.

Of the 100,000 miners in the states voting it is estimated that 135,000 voted, and of these 85,500 voted for the scale and 46,500 voted against it and in favor of a strike.

Maryland did not vote, not being sure it was entitled to vote. West Virginia reports are meager, and no estimate is made. Indiana cast 10,000 votes—a majority of two to one for the scale. Illinois cast 30,000 votes, with a majority of two to one against the scale and in favor of a strike. Pennsylvania cast 50,000 votes, with a majority of two to one for the scale. Kentucky had a small vote, with three to one for the scale. Iowa cast 10,000 votes, with a majority for a strike. Michigan cast a small vote for the scale. Ohio cast 35,000 votes, with four to one for the scale.

President Mitchell said he was pleased with the reports that have come in. He expressed confidence that the proposition of the operators would be accepted. He said that in a meeting of the joint scale committee would probably be called for Monday of next week to sign the contract for the central competitive field.

When the committee meets it is understood that it will appoint a time for the next conference between the operators of the central competitive field and the miners, and in this manner restore the interstate agreement system to its former position. The greatest opposition to an acceptance of the operators' proposition was expected from Illinois and Iowa, representing about 55,000 of the total of 100,000 votes.

## EXPLOSION OF LIQUID AIR.

### One Man Killed, Another Injured and the Vicinity Shaken.

New York, (Special).—The explosion of a tank of liquid air in the laboratory of the American Liquid Air Company killed one man, caused a panic among the employees in the place, and shook the entire neighborhood like an earthquake. Edward Corliss, of Bangor, Me., was working at a compressed-air machine, when the tank, which was only a few feet away from him, burst with a terrific report. One of his legs was torn from its socket and the other was mutilated.

Only four men were in the laboratory at the time. They were all badly hurt.

Soon as one of them, Edward Russell, regained his faculties he went to the superintendent of the place and resigned.

"If I had known I was taking such desperate chances with my life I never would have worked near liquid air," he said as he put on his hat and coat and departed.

## "LIKE A CITY OF DEATH."

### Port Arthur Seemed to Be on Fire from a Boat.

London, (By Cable).—In a dispatch from Chefoo, dated on March 12, a correspondent of the Daily Mail describes an inspection of Port Arthur made from a boat. The new city seemed to be on fire: three columns of smoke were ascending from it. The Bread Hill fort appeared to have suffered terribly; the defenses were shattered and the earthworks torn up. No guns were visible. The line of forts on the Tiger's Tail also appeared to have suffered damage. At sunrise no sign of life could be seen anywhere, and Port Arthur looked like a city of death. The torpedo-boat destroyers inside did not appear to have steam up.

## Charged With Peonage.

Savannah, Ga., (Special).—In the United States District Court, before Judge Spear, argument was submitted on the constitutionality of the acts of Congress against peonage. The parties indicted are Sheriff McClellan, of Ware county, and Attorney Crawley, of the Way Cross bar, charged with selling negroes to be held in peonage. Judge Newman, of the northern district of Georgia, has held the law to be invalid. An argument against the law by William Tooker upheld the right of the state court to take any needed action.

## Ticket Office Robbed.

Harrisburg, Pa., (Special).—Pointing revolvers into the face of Night Operator and Ticket Agent C. U. Cassel, in the Hammelstown Station of the Philadelphia and Reading Railway at 10:30 P. M., two men, wearing false mustaches, demanding all the money in the office. Cassel, who had been sitting with his back to the door, was taken by surprise and compelled to open the cash drawer, which contained \$15 in small change. The men took the money and escaped, going toward Harrisburg.

## Russian Treason Case.

Vienna, (By Cable).—A telegram from Lemberg says that Captain L. Lontieff of the Russian General Staff was recently arrested at Warsaw for having sold to a foreign Power a list of the secret agents maintained by the Russian General Staff in the frontier districts of Russia's western neighbor. The discovery was made through the delivery of a money order to another person of the same name. Lontieff is reported to have been shot.

## WANTS NO DELAY IN EXECUTION.

### Murderer Believes He is Deserving of the Death Penalty.

Albany, N. Y., (Special).—Governor Odell has received a most extraordinary letter from a man condemned to death for murder, requesting the interference of the executive to prevent any attempt to delay the execution. The writer is Frank H. Burness, a sailor, convicted in Brooklyn, of the murder of George B. Townsend, the captain of his vessel. He is confined to Sing Sing Prison and was to have been executed February 8, but the execution was stayed by an appeal to the Court of Appeals, taken by his attorney, without the consent of the condemned man.

The letter says in substance that the writer believes himself deserving of the death penalty, which he wants inflicted with all speed possible. He declares he does not want a new trial, as he has a violent temper which he is unable to control.

## R. R. MERGER IS ILLEGAL

### Long-Expected Decision Rendered Against Northern Securities Company.

## SUPREME COURT UPHOLDS GOVERNMENT

#### Harlan, Brown, McKenna, Day and Brewer Outvote Others—Chief Justice Supported By White, Peckham and Holmes—Sherman Anti-Trust Law Applies to Railroad Combinations—Holding Company a Mere Dodge.

Washington, D. C., (Special).—The opinion of the Supreme Court of the United States in the case of the Northern Securities Company vs. the United States, involving the merger of the Northern Pacific and the Great Northern Railroad Companies, was handed down Monday, and was in favor of the Government. The opinion was read by Justice Harlan.

The decision was by a bare majority. Justice Harlan was supported by Justices Brown, McKenna, Day and Brewer, the last-named concurring for reasons different from those of the others. Chief Justice Fuller, Justices White, Peckham and Holmes dissented.

The opinion of the United States Circuit Court for the District of Minnesota was affirmed.

The effect is to sustain the contention that the Sherman anti-trust law applies to railroad combinations of the character in question.

Justice Harlan said that in the merger of the two roads the stockholders disappeared and reappeared in the Securities Company, the two thus becoming practically consolidated in a holding company, the principal object being to prevent competition.

"No scheme or device could certainly more effectively come within the prohibition of the anti-trust law and it is within the meaning of the act a trust."

The contentions of the Securities Company were reviewed, and Justice Harlan said they had received full attention. He quoted the various opinions involving the trust question, saying that from them it is to be gathered that all contracts in restraint of trade, reasonable or unreasonable, are prohibited by the Sherman law, and that Congress has the power to establish such regulations as are laid down in that law. Congress had power to enact the statute.

Replying in detail to the points made for the Securities Company, Justice Harlan said that the contention that the law is an interference with the rights of the individual States by which the companies are incorporated was not well founded. In such cases, he said, the authority of Congress is supreme. He also declared it to be unnecessary to determine the right of owners of railroad stock to sell their property, nor was it true that the right of the Securities Company to own and hold railroad stock is the only question involved. Such contentions are wide of the mark—mere men of straw. All that the Government complains of is the existence of a corporation to repress commerce, and is not concerned with the other points.

Justice Harlan said that in this day there should be no doubt of the complete power of Congress to control interstate commerce, and that all appropriate means might be resorted to in connection with that power.

All the prior trust cases were in support of that contention. Whether free and unrestrained competition was wise, he said, was an economic question with which the court need not concern itself; the question was that of statutory law.

He asserted the power of Congress over interstate commerce to be as complete as the power of a State over domestic commerce.

Coming to the plea of the railroads that the anti-trust law should be declared unconstitutional, he said that the court could not see its way to that end. "If," he went on, "the Securities Company's contentions are sound, why may not all the railroads of the United States enter into a combination, and by the device of a corporation, control rates throughout the country in defiance of Congress?"

## PENSIONS FOR MAIL CLERKS.

### Penrose's Bill Aims to Protect Those Employed on Railroads.

A plan for pensioning railway mail clerks has been advised by Senator Penrose and is embodied in a bill presented in the Senate. A fund will be accumulated by deducting 1 per cent a month from the salary of the clerks and from fines imposed on them by the department for neglect of their duties, infractions of discipline or for other reasons. This fund will be controlled by the postmaster general and will be disbursed under his direction.

The bill provides that clerks who have served 20 years in the railway mail service and have been incapacitated by reason of such service, because of ill-health or by accident, or who have attained the age of 65 years, shall be eligible to retirement at full pay. No clerk so retired shall receive more than \$1,000 a year, all salary payable to him in excess of that amount being turned into the pension fund. One per cent of all pensions shall also be deducted for the benefit of the general fund.

It is understood that the bill has the approval of the postoffice department and was in part prepared by the department.

## Suicide to Music.

Omaha, Neb., (Special).—Maj. William H. Bean, U. S. A., committed suicide by shooting. Ordered to the Philippines, he had his trunk packed and taken to the depot. Immediately afterwards he asked his wife to play on the piano, and while she was playing he thrust an army revolver to his right temple and fired. The bullet lodged in his brain and he died almost immediately.

## NO POISONED SWORDS.

### But Japanese Had Planned to Blow Up Russian Cavalry.

St. Petersburg, (By Cable).—The talk of "pyroxicline" (poisoned) swords having been left behind by the fleeing Japanese is based on the mistranslation of a Russian technical term. General Zilonski, chief of staff to Viceroy Alexieff, in a telegram said that pyroxicline had been found in the form of disc-shaped torpedoes, six inches in diameter, which the Japanese intended to use in bestrewn the road over which the Russians were expected to pass, in order that the explosions resulting from the impact of the horses' hoofs might cause a stampede. As the road between Anju and Ping Yang is very narrow, the hoofs of the horses of the Russian cavalry and artillery and the wheels of the wagons would have been certain to have exploded the torpedoes, thereby causing great confusion.

## LIVE WASHINGTON AFFAIRS

### No American Slave Dealers in the Philippines.

#### To Mandamus a Judge.

In the Supreme Court the Government, through Attorney-General Knox, applied for a writ of mandamus to compel Judge Francis J. Wing, of the United States District Court of the Northern District of Ohio, to take what the Department of Justice maintains is legal action with respect to certain Chinese expulsion cases. This is the first time in the history of the Supreme Court that the Government has sought a writ of mandamus against a Federal Judge.

Attorney-General Knox maintains that Judge Wing, in holding unconstitutional that part of the Chinese Exclusion law which provides for the deportation of alien Chinese after a hearing before a United States commissioner, is proceeding contrary to decisions of the United States Supreme Court and is preventing the deportation of Chinese who are unlawfully in the United States.

According to Mr. Knox's petition the proceedings in Judge Wing's court are peculiar. Many Chinese exclusion cases recently have arisen in that district. Chinese persons, said to be in this country unlawfully, were taken before Commissioner Simpson, and by him were ordered deported. Their counsel then went before Judge Wing with proceedings in appeal, and on the showing made the Judge released them. Subsequently, it is said, Judge Wing refused to take the necessary steps to have the orders filed in the District Court, which would enable the Government to appeal the cases to the United States Supreme Court. He held that the proceedings before him on appeal from the United States Commissioner were before him as judge, and were not before the District Court, and that none of the papers, therefore, should be filed by the clerk of his court.

The result has been to nullify all efforts of the Government to get the cases before the Supreme Court. Judge Wing's position effectively blocks all proceedings in the cases after he has based on them.

Cleveland.—Judge Wing recently released a number of Chinamen brought before him upon the charge of being in the United States unlawfully, on the ground that they had not been proven Chinese.

#### To Abolish Pension Office.

In connection with the Administration's plan now before Congress for the consolidation of the Record and Pension and Adjutant-General's offices of the War Department, a rumor is current that this is only the beginning of a Presidential movement for the abolition of the Pension Office and the transfer of its duties to the War Department.

If this rumor be true—and there is good reason for the belief that it has at least a foundation of truth—the greatest care is being taken by those involved in the scheme to prevent its becoming known. According to the rumor the plan for the consolidation of the two War Department offices, with Brig.-Gen. F. C. Ainsworth at the head of the new office, originated with the President; that it is his intention, in the event of his election, to abolish the Pension Office as a branch of the Interior Department and place all the duties and powers of the Commissioner of Pensions in the hands of General Ainsworth. It must be distinctly understood that this rumor cannot at present be confirmed. The greatest circumspection is being shown by the officials of the Government in replying to any questions appertaining to the alleged scheme.

#### Diplomatic Appointments.

The Senate in executive session confirmed the following nominations: John Barrett, Oregon, envoy extraordinary to Panama; Arthur M. Beupre, Illinois, to be envoy extraordinary and minister plenipotentiary to the Argentine Republic; William W. Russell, District of Columbia, envoy extraordinary and minister plenipotentiary to Columbia; Henry W. Shoemaker, O., secretary of legation at Lisbon, Portugal; Nelson O'Shaughnessy, New York, secretary of legation at Copenhagen, Denmark; Louis A. Dent, District of Columbia, consul at Dawson City, Yukon territory, Canada; James Tanner, register of wills for the District of Columbia; James H. Monteath, agent for the Indians of the Blackfeet Agency, Montana.

#### Congressional and Departmental.

The appellate court at Springfield, Ill., holds that saloon men are liable for the death of their patrons who die while under the influence of liquor taken by the defendants. The sold them that of Kate Aigood, who was awarded \$5000 damages against William Botwin, a saloon man of that city, for the death of her husband, George Aigood, who had been drinking in the saloon of Botwin, and who, while on his way home in an intoxicated condition, fell from his buggy and received fatal injuries.

## NEW PENSION RULING.

### Bureau Fixes the Age Limit for Civil War Veterans.

Commissioner of Pensions Ware with the approval of Secretary Hitchcock has promulgated the most important pension ruling that has been issued in a long time. The order follows:

Ordered, in the adjudication of pension claims under said act of June 27, 1890, as amended, it shall be taken and considered as an evidential fact if the contrary does not appear, and if all other legal requirements are properly met, that when a claimant has passed the age of 62 years he is disabled one-half in ability to perform manual labor and is entitled to be rated at \$6 per month; after 65 years, at \$8 per month; after 68 years, at \$10 per month; and after 70 years, \$12 per month.

Allowance at higher rates, not exceeding \$12 per month, will continue to be made as heretofore, where disabilities other than age show a condition of inability to perform manual labor.

This order shall take effect April 13, 1904, and shall not be deemed retroactive. The former rules of the office fixing the minimum and maximum at 65 years and 75 years respectively are hereby modified as above.

The order itself is prefaced by a preamble which, after citing the laws, says the pension bureau has established with reasonable certainty the average nature and extent of the infirmity of old age; that 39 years after the Mexican war, congress, in 1887, placed on the pension roll all Mexican war soldiers who were over 62 years old.

Commissioner Ware, just before leaving for a trip south for his health, spoke as follows regarding the order, which he said, would save both the old soldiers and the government a great deal of money and time.

There has long been in the bureau a rule fixing a maximum age limit at \$12 for 75 years. This was made during Mr. Cleveland's administration by Commissioner Lochren.

## GERMANS WANT SANTO DOMINGO.

### Efforts to Secure Control of that Revolutionary Island.

Advices from Santo Domingo indicate Germany is at work to gain a preponderant influence in that republic as will give her a reasonable excuse to exercise a protectorate over the country if not to make it a German colony.

The recent arrival there of the nephew of the late President Heureau whose assassination preceded the revolutions, is connected with Germany's designs. M. Heureau, it is stated has been exiled and the hint comes the cause of his exile is the suspicion that he is really acting in the interest of Germany.

One of the plans attributed to Germany is the purchase from Spain, of a debt of over \$21,000,000. This debt was contracted after the war of independence in 1863 when a treaty was signed in which Spain recognized the independence of Santo Domingo and the latter recognized the above indebtedness which has never been paid.

It is asserted at a much later date Spain freed the island from this liability with the condition that the debt should be paid in the event of its annexation to some foreign power.

If Spain should transfer this debt to Germany and the latter power should insist on its validity, it would make Germany the heaviest creditor of the island. Should she try to collect the debt the only settlement possible would be the giving to Germany of Santo Domingo territory.

It is believed in Santo Domingo, according to the advices received here, that unless the United States soon undertake the pacification of the republic, Germany will step in and undertake the task.

## COURT HOUSE DYNAMITED.

### Attempt to Demolish Building Failed to have Much Effect.

An attempt was made to wreck the Court House at St. Marys, W. Va., by dynamite. The last prisoner had been released and Jailer D. L. Stine moved into a dwelling several squares away.

The dynamiters forced open the north door. In the southeast corner of the jail near the ceiling they placed a stick of dynamite and attached a fuse which led to the corridor. The explosion occurred about 11 o'clock at night, and although Policeman Riggs was on the spot within five minutes, he found no trace of the perpetrators.

Windows were shattered, the ceiling torn loose and that corner a foot room loose. It is being shown by the jailer that it was done by someone who had once been confined in the jail. Others suggest that the deed was committed by parties who are in favor of a new Court House. Two years ago the County Commissioners caused to be recorded in their minute book the fact that the building was unsafe, and also passed an order providing for the erection of a new building, going so far as to pay about \$2,000 for an architect's plans, but have since done nothing.

#### All Three Shot Dead.

New Orleans, (Special).—Dr. W. W. Jones, a physician of Philadelphia, Miss., and Roy Esche, a planter, became engaged in a shooting affray on Sunday, due to Dr. Jones circulating damaging reports concerning Esche's sister. Both men were killed, as was Frank Burnett, a brother of Esche, who tried to restore peace between the two men.

#### Saloonkeepers Held for Death.

The appellate court at Springfield, Ill., holds that saloon men are liable for the death of their patrons who die while under the influence of liquor taken by the defendants. The sold them that of Kate Aigood, who was awarded \$5000 damages against William Botwin, a saloon man of that city, for the death of her husband, George Aigood, who had been drinking in the saloon of Botwin, and who, while on his way home in an intoxicated condition, fell from his buggy and received fatal injuries.

## UNIVERSITIES MAY MERGE.

### Plan to Unite Three Big Institutions at Washington.

Washington, D. C., (Special).—A plan has been suggested to unite Columbian, American and National Universities of the District of Columbia to form the nucleus of a great national university at the Capital City.

The trustees of the American University, with its endowment of over \$2,000,000 and its wide tract of ground in the northwestern suburbs, have discussed the project. Bishop McCabe, the head of the University, has spoken favorably of the idea.

President Needham of Columbian University and a number of the other officers of that institution have expressed a willingness to meet the American University people and consider the project. The National University officers are favorable. It is entirely probable that within the next few months such a meeting of the different interests will be had.

## WILD PANIC IN COTTON.

### Announcement of Failure Brings Rush for Selling Orders.

Daniel J. Sully, the cotton operator, who has for 15 months been the biggest figure in the cotton markets of the world and who has "balled" cotton from seven cents to a pound to over 17, announced his inability to make good his engagements on the New York Cotton exchange Friday. Within a few months cotton fell nearly \$13 a bale from the highest figures of the day.

All previous records of stock panics are eclipsed by the mad frenzy following the tidings of the failure. In the memory of many brokers corners in spot and futures have been smashed, but no scene has ever been witnessed in the history of the "change like the mad turmoil accompanying the collapse of Daniel J. Sully & Co.

For a few seconds after Superintendent King read the announcement, which was at 2:05 o'clock, there was an ominous quiet. Brokers stood as if stunned by the news that the king had fallen. Then as if by a single impulse, a mighty shout went up from the bears. They had fought Sully and his bull clique for months, and the tidings of surrender after he had shoved cotton from seven cents a pound to over 17 cents frenzied every man of them, each of whom at one time or another had been under the mighty lever.

Hats filled the air, to fall where they would and be trampled to a shapeless pulp, in the mad stampede from the pit. Coats were torn from brokers in their mad effort to unload their holdings and chairs were dashed into the circle, to emphasize some wild broker's offer to sell. Soon the news reached the stock, produce and coffee exchange, and declines followed in nearly all securities.

In the 30 minutes of panic following the announcement of the failure it is estimated that 750,000 bales of cotton were traded in. Of this upward of 500,000 bales represented forced liquidation, or the selling out of a man whose margins were wiped out. The loss falling upon this element in the slump of 250 points alone amounts to over \$1,900,000.

#### Dewey Feared Bullets.

Admiral Dewey has cabled the Navy Department the reasons why he did not pay a visit to President Morales, the head of the provisional government of Santo Domingo.

The Admiral on his flagship, the Mayflower, cruised in Dominican waters last week. On the day the Mayflower reached Santo Domingo there was fighting in progress between the federal and insurgent troops.

One army was on one side of the river which led to the city and the enemy was on the opposite side. Transit of the river was accordingly suspect to considerable danger. It was deemed inadvisable to run the Mayflower into this wild fire.

#### Reward for Indians.

A deed of heroic proportions will receive Government recognition if Senator Quay can induce the Senate to insert an item of \$3,400 in the Indian appropriation bill. This sum he wants distributed, in equal shares, to 17 Sioux who, in 1862, rescued Mrs. Julia Wright and Mrs. Emma Deely and her six children from a band of White Lodge Sioux, which had made captives of them during the Indian outbreak.

#### Box of Poisoned Candy.

Des Moines, Ia., (Special).—By means of a powerful magnifying glass it was discovered that the box of poisoned candy sent to Miss Rena Nelson, at Pierre, S. D., does not bear the Boone (Iowa) postmark. The discovery will have the tendency to prove the innocence of Mrs. Sherman Dye, who has been accused of sending the fatal package.

#### COLLEGE BITS.

Recent conditional pledges of \$11,000 have been made to the library fund of Allegheny College.

McGill University will establish a chair of railroad engineering and transportation in general.

The chemical laboratory at Ohio State University was recently burned, with a loss of \$100,000.

A scholarship of \$5000 has been presented to Brown University by Edgar L. Marston, of New York.

President Tucker has named a committee to raise a \$250,000 fund for three new buildings at Dartmouth College.

It has been discovered by the authorities of the University of Michigan that the gambling fever has struck the institution.

Dickinson College's finest building, Denny Hall, has been destroyed by fire. It was valued at \$50,000 and fully insured.

Dr. E. B. Wilson, professor of zoology at Columbia University, has been elected a member of the Accademia dei Lincei, Rome.

The Rev. Joseph H. Geertz, President of the Chicago Theological Seminary, has been offered the Presidency of Drury College, at Springfield, Ill.
