

Mrs. L. C. Glover, Vice-President Milwaukee, Wis., Business Woman's Association, is another one of the million women who have been restored to health by using Lydia E. Pinkham's Vegetable Compound.

" DEAR MRS. PINKHAM: - I was married for several years and no children blessed my home. The doctor said I had a complication of female troubles and I could not have any children unless I could be cured. He tried to cure me, but after experimenting for several months, my husband became disgusted, and one night when we noticed the testimonial of a woman who had been cured of similar trouble through the use of Lydia E. Pinkham's Vegetable Compound, he went out and bought a bottle for me. I used your medicine for three and one-half months, improving steadily in health, and in twenty two months a child came. I cannot fully express the joy and thankfulness that is in my heart. Our home is a different place now, as we have something to live for, and all the credit is due to Lydia E. Pinkham's Vegetable Compound. Yours very sincerely, Mas. L. C. A Question of Anesthetics.

Stuart Knott, president of the Kansas City Southern railway, was entertaining in his private car a Mr. Colins, a wealth Galveston broker whose brains and money he hoped to interest in the development of the territory contiguous to Port Arthur, the southern terminus of the road. The weather was stickily hot. The air was tainted with the fumes of oll, and the broker was kept busy beating off mosquitos and making polite expressions of appreciation. Mr. Knott, after fully extolling Port Arthur's natural advantages as a port, a rice, oil, cotton and lumber center, said: "Now, Mr. Collins, what would you

take to locate here?" "That, sir, is an open question," replied Mr. Collins, slapping at a herd of gallinippers. "I'm not sure whether I'd take cocaine or morphine."--New York Times.

"Lean as Pharach's Kine." A good story of an old crofter who appeared before the commission to apply for a reduction of rent has just been told at a meeting in Glasgow. The number of cattle on the farm led Sheriff Brand to observe that surely the croft could not be in such a bad way as its owner would seek to show. "Och," replied the old fellow, "you should see the bit beasties." "What like are they?" queried the sheriff. "They're as lean, sir, as Pharaoh's kine." "How lean was that?" pawkily asked the sheriff, doubtless thinking that he had cornered the applicant. But had he? Not a bit. Like a flash

L. C. Loveli, of 415 North First St., Spokane, Wash., says: "I have had trouble from my kidneys for the past ten years. It was caused by a strain to which ! paid little attention. But as I neglected the trouble it became worse and worse until any strain or a slight cold was sure to be followed by severe pain across my back. Then the action of the kidney secretions became deranged and I was caused much annoyance, besides loss of sleep. Doan's Kidney Pills were brought to my notice, and after taking them a short time their good effect was apparent. All the pain was removed from my back and the kidney secretions became normal. Doan's Kidney Pills do all that is claimed for them." A FREE TRIAL of this great remedy which cured Mr. Lovell will be mailed on application to any part of the Uni-

Latest News of Pennsylvania Told in Short Order.

Dr. S. R. Maison, county inspector for the State Board of Health, made the following statement relative to the smallpox situation in Clifton Heights: "The town will in all probabilities be visited by an epidemic, and unless some action is taken it will prove very serious. Four houses are quarantined and only two watchmen are employ-I have advocated the removal of patients to a contagious disease hospital, but the health authorities have not acted on the matter. Unless the authorities take stricter methods in suppressing the disease the State Board of Health will act at once."

of trade says:
"Much deferred Eastern business was transacted during the last few days and some sections report satisfactory results, but at many points the weather is not yet normal, and on the whole the season's trade thus far compares unfavorably with last year's volume. Manufacturing returns continue con-flicting, iron and steel plants gaining ground, footwear exhibiting the natural reaction from an unprecedented production of 1903, while textile mills have much idle machinery and little forward business to encourage operation. Lumber and building materials are in better demand, although floods at the West and labor troubles at the East retarded structural work to some

"PE-RU-NA TONES UP THE SYSTEM IF TAKEN IN THE SPRING,"

SAYS THIS BEAUTIFUL YOUNG GIRL.

MISS MARJORY HAMPTON, OF NEW YORK.

Miss Marjory Hampton, 2616 Third Avenue, New York City, writes:* Peruna is a fine medicine to take any season of the year. Taken in the spring it tones up the system and acts as a tonic, strengthening me more than a vacation. In the fall and winter I have found that it cures colds and catarrh and also find that it is invaluable to keep the bowels regular, acting as a gentle stimulant on the system. In fact, I consider it a whole medicine chest. "--- Miss Marjory Hampton.
