Heed nature's warning! Pain tells of lurking disease. Backache is kidney pain-a warning of kidney ills. Urin-

come to tell you the kidneys are sick. Constant weariness, headaches, dizzy spells, days of pain, nights of unrest, are danger signals warning you to cure the kidneys. Use Doan's Kidney Pills, which have made thousands of permanent cures.

Frank D. Overbaugh, cattle-buyer and farmer, Catskill, N. Y., says: "Doctors told me ten years ago that I had Bright's disease, and said they

could do nothing to save me. My back ached so I could not stand it to even drive about, and passages of the kidney secretions were so frequent as to annoy me greatly. I was growing worse all the time, but Doan's Kidney Pills cured me, and I have been well ever since."

A FREE TRIAL of this great kidney medicine which cured Mr. Overbaugh will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all dealers; price 50 cents

Jacob Larye, a cobbler of Mt. Joy who sailed about five weeks ago for Europe, to claim three estates amounting to over \$200,000, bequeath him by two uncles, and grandfather, was murdered in Marseilles, France. Larye had been a Heilbrun, Germany, where he received the larger portion of his inheritance from the German Government From there he went to Marseilles where he expected to get more money. When he reached Marseilles pretended friend offered to carry his baggage to the hotel where he was to stop. But instead of taking him to the hotel, the man took Larye intosome dark alley where he murderous ly assaulted Larye and robbed him Larye was removed to a hospital where he died in a few hours. murderer escaped. Larye was 6c years old. He came to this country when a boy. He is survived by a wife and a child. His widow will now claim the estate.

The Orphan Society, comprising a number of prominent philanthropic women of Philadelphia, who recently sold their orphanage property near Overbrook for about \$500,000, has purchased the estate of William S. Whitney, in Providence Township, south of Media. The site comprises about twenty acres, and the price paid is said to be over \$1,000 an acre. Several fine buildings will be erected, including a main building, which will ac-commodate about 100 children, and buildings for the superintendent and other officers.

Albino Goodman and his wife, of Mahanoy City, were acquitted in court at Pottsville of the charge of selling impure blackberry brandy. The jury imposed the costs on Robert Simmers, the pure food agent who made the

The residence of Charles R. Bennett, at Tullytown, was entered by a burglar. The man was held at bay upon the uning table by the family gog until Mr. Dennett, who had been aroused by the noise, arrived, when the robber made his escape. Some clothing and a gold water were taken.

By the breaking of a foot bridge across the Lackawana River at Albright avenue, Scranton, between thirty and forty persons, most or whom were women and children, were thrown into the stream. A panic resulted, but men in the vicinity came to the assistance of the women and children struggling in the water. All escaped without sustaining serious in-

State Dairy and Food Commissioner Warren, in his annual report, points out that his department has within the past year analyzed 3,500 samples of tood, whereas, in fourteen years preceding, only 3,100 samples were analyzed. Through the efforts of Captair Simpson, of the Coal and Iron Police the hiding place of a gang of robbers was uncarthed at Hazleton. The den was found at tht foot of an abandoned stripping. The thieves had taker extra pains in fitting out the place Planks neatly cut were nailed on the timbers of the gangway, making ar apartment about eight feet high, ter feet wide and 25 feet long. The howl of a dog greeted the officers as they descended into the dark hole. A light was struck, the dog secured and a search made. On a shelf it a corner was a bottle containing nitroglycerine, and beside it was a small utensil for dropping the deadly ex-plosive. Other articles found were a number of lanterns, several saws and miner's caps and lamps. A lo of clothing was also found.

The large collection of historical relics of the Chester County His torical Society has been moved from rooms in the West Chester Public Library into commodious quarters al lotted to the society in the library building at the West Chester State Normal School. H. Rush Kerney and several other members of the society are now arranging the col-lection for suitable display. The an-nual meeting of the Historical So-ciety will be held on Friday evening May 20. Dr. G. Morris Philips, principal of the Normal School, who is president of the Historical Society, is planning for a big public meeting at the time. An address will be de livered by Hampton L. COMMERCIAL REVIEW.

R. G. Dun & Co.'s "Weekly Review of Trade" says: Business continues to move in most conservative channels, purchases being restricted to immediate requirements and weather conditions dominating the situation to an unusual extent. At many points there has been little Spring trade, and the transition from Winter to Summer will be accomplished with scarcely any intermediate season. Considering this adverse factor, the current volume of business is remarkably satisfactory. Building operations are also deferred to a late date. Much structural work is projected, however, and at some favored points last year's record promises to be surpassed. As a rule manufacturing plants are not working at full capacity, idle machinery being most extensive in textile industries. Floods and storms have interrupted traffic, yet railway earnings thus far reported for April are only 5.5 per cent. smaller than last year. Iron and steel conditions are still devoid of any definite change. In several departments the week has brought slightly increased activity, notably in merchant steel, pipe and structural shapes, but in many branches there is hesitation. Distribution at retail is restricted by the weather, and there are no compensating factors. In men's wear, woolens and worsted goods it is estimated by some that about 70 per cent. of the mills are now idle. Carpets are also dull and some cancellations are reported.

Bradstreet's says: Wheat, including flour, exports for the week ending April 28 are the smallest in fourteen years, aggregating 1,010,850 bushels, against 1,645,428 last week, 3,418,289 this week last year, 5,308,155 in 1902 and 5,100,763 in 1901. Corn exports for the week aggregate 190,193 bushels, against 626,792 last week and 2,210,155 a year ago, 128,-679 in 1902 and 2,371,892 in 1901.

"Peruna has been used so long in our family that I do not know in our family that I do not know how I could get along without it. I have given it to all of my chitdren at different times when they suffered with croup, colds and the many aitments that children are subject to, and am pleased to say that it has kept them in splendid health. I have also used it for a catarrhal difficulty of long stanaing and it cured me in a snort time, so I have every reason to praise Peruna."---Mrs. K. kane.

Sooner or later it is the inevitable fate of every one to catch cold. Care in avoiding exposure and the use of proper clothing will protect from the frequency and perhaps the severity of colds, but with the greatest of precautions they will come. This is a settled fact of human experience. Everybody must expect to be caught some-

Perhaps it will be wet feet, or a draught, or damp clothes, or it may be one of a thousand other little mishaps, but no one is shrewd enough to always avoid the inevitable catching cold.

There is no fact of medical science better known than that Peruna cures catarrh wherever located. Thousands of families in all parts of the United States are protected from colds and catarrh by Peruna. Once in the family Peruna always stays. No home can spare Peruna after the first trial of it.

We have on file many thousand testimo of thanks as Dr. Hartman for Peruna.

Beware of Ointments For Catarrh That

Contain Mercury, as mercury will surely destroy the sense of smell and completely derange the whole sys-tem when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. 'Hail's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system.
