

TIRED, SUFFERING WOMEN.

Women run down and endure daily tortures through neglecting the kidneys. Kidney backache makes housework a burden; rest is impossible; sleep fitful; appetite gives out and you are tired all the time. Can't be well until the kidneys are well. Use Doan's Kidney Pills, which have restored thousands of suffering women to health and vigor.

Mrs. William Wallace, of 18 Capitol street, Concord, N. H., says: "I was in the early stages of Bright's Disease, and were it not for Doan's Kidney Pills I would not be living to-day. Pain in the back was so intense that at night I had to get out of bed until the paroxysm of pain passed away. I was languid and tired and hadn't the strength to lift a kettle of water. I could not work, but a few doses of Doan's Kidney Pills relieved me, and two boxes absolutely cured me."

A FREE TRIAL of this great kidney medicine which cured Mrs. Wallace will be mailed to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. Sold by all dealers; price 50 cents per box.

Radium to Illuminate Gun Sights. The discovery of the latest use to which radium can be put—the illumination of gun sights, and the like at night time—seems to indicate that it will play an important part in warfare.

In gun sights, leveling instruments and telescopes there is what is called a "fiducial" mark, which is used to obtain a faithful result.

These marks of course are useless in the dark, and, though many ways of illuminating them have been tried, nothing has proved satisfactory. Mr. Andrew A. Common of Easton, Pa., was the first to attempt to solve the difficulty by the use of radium, and his experiments were so successful that he applied for a patent. Unfortunately, he did not live to have it granted, but the complete specifications submitted by Mrs. Common, his widow and executrix, have just been accepted.—London Daily Mail

Zulu Prince Going Home. H. R. H. Prince Unsenhangane Umhlangan Umbelazi Cetewayo, who has been living in London lodging for some time, is about to return to Zululand, where, he says, he will discard European clothing at once, and resume skins, beads, feathers and leg bracelets. He can speak Zulu, Kaffir, English, Dutch, French, Portuguese and Spanish.

Latest News of Pennsylvania Told in Short Order.

A judgment note placed on record at Reading resulted in the issuance of an \$800 execution against D. A. Wisser, a farmer of Greenwich Township, at the instance of his wife, Emma. The execution is based on a judgment note given by the husband last February and made payable one day after date. Attached to the note is a postscript setting forth the terms of an agreement made between them, the husband and wife, whereby the husband agreed that he will "hereafter not use any spirituous drink excessively or in any way as to cause intoxication, which has heretofore caused me to ill treat her, and if the giver of this note does not live up to the attached agreement this note is in full force, otherwise to be null and void."

A car on the Lehigh Valley Traction line struck and fatally injured William Brunner, aged 45 years, a contractor and builder of North Wales. Mr. Brunner, who was slightly deaf, had left the Bailey residence on the Bethlehem Pike, above Gwynedd. It is said he stepped on the trolley track directly in front of the car, and before the motorman had time to check the car's speed it struck the unfortunate man, inflicting injuries which resulted in his death.

Blodgett, Meritt & Co., of New York, were awarded the issue of \$882,300 worth of Pittsburgh 4 per cent bonds at a premium of \$20.25. At this price the bonds will net 3.49 per cent a year.

Justice Rick at Pottsville fined two men \$40 for catching four trout four inches long.

The eighty-first session of the Grand Lodge of Pennsylvania, Independent Order of Odd Fellows, concluded its work at Easton and adjourned to meet next May in Scranton. When the meeting opened the count of the clerks on the proposition to fix the time limit for the orphans in the Grand Lodge's four homes was announced, and it was found that the motion to establish the limit at fifteen years was defeated. The age limit was then made eighteen years. The retiring grand master, Samuel A. Steel, of Pittsburgh, installed the recently-elected Grand Lodge officers as follows: Grand master, Robert Graham, of Philadelphia; deputy grand master, Melville E. Chubbuck of Towanda; grand warden, George H. Banes, of Philadelphia; grand secretary, Joseph H. Mackey, of Philadelphia; grand treasurer, M. Richards Muckle, of Philadelphia; grand representative of the Supreme Grand Lodge, Charles Chalfant, of Danville. The new grand master made the following appointments: Grand chaplain, Rev. T. M. Jackson, Philadelphia; grand marshal, L. W. Metzgar, Philadelphia; grand conductor, Grant R. McGlathery, of Norristown; grand guardian, Joseph Cryer, Philadelphia; grand herald, Joseph H. Neser, Philadelphia.

Following is the inscription which will be placed on the statue erected to the memory of Colonel James Anderson, of Allegheny, by Andrew Carnegie, who he befriended in the latter's boyhood: "To Colonel James Anderson, founder of three libraries in Western Pennsylvania. He opened his library to 'working boys,' and upon Saturday afternoons acted as librarian, thus dedicating not only his books, but himself, to the noble work. This monument is erected in grateful remembrance by Andrew Carnegie, one of the 'working boys,' to whom was thus opened the precious treasures of knowledge and imagination through which youth may ascend."

A difference of ten cents in the amount of back salary claimed by Rev. Lewis H. Bantum against Ebenezer U. M. P. Church, Norristown has been the cause of a lawsuit. Mr. Bantum, until recently pastor of the congregation, brought suit for \$75 before Magistrate Harry. The trustee of the church protested that they did not owe the pastor the amount he claimed. They contended the amount due is only \$74.90. From expressions that the trustees made it is thought that the case will be settled.

A young man, named George Charles, while confined in a patrol booth at Harrisburg awaiting the arrival of the "black Maria" to take him to jail, tried to commit suicide by hanging himself with his suspenders, which he fastened to the telegraph wire. The wire broke and attracted the attention of the police man outside, who rescued Charles.

The Pottsville English Lutheran Church officials have hit upon a unique method to get the congregation to sing. They have made a special appropriation, a specified sum being available for every member who will study vocal music. A rivalry has been created which promises good results.

Oliver Lewis, of Richland, found a turtle on his farm with "W. H. L. 1701" cut in its shell. The letters "are hardly readable and there is reason to believe that the turtle is over 200 years old."

Thomas Hagan, a Philadelphian, was sentenced by Judge Stout to six years in the Eastern Penitentiary for robbing John Yost, his employer. Fred Willis and Robert Nelson were convicted of robbing slot machines in Bristol and each sentenced to seven years in the penitentiary.

George Kolsky, a fireman at the Reliance Colliery, Mt. Carmel, while on his way to work, stepped into a mine breach 200 feet deep. Ten feet from the surface he clutched the root of a tree and swung to and fro. He called for help, his cries being heard by inmates of several houses close by who rescued him.

The washery of Smith, Myers & Company, south of Tamaqua, which was noted for the fact that by keeping a strong guard it was able to work all through the strike, will suspend work in about a week, the banks being practically exhausted.

COMMERCIAL REVIEW.

R. G. Dun & Co.'s weekly review of trade says:

"Seasonable weather has restored normal conditions in many branches of retail trade, but the improvement has not yet extended to wholesale jobbing of manufacturing departments, except in special lines. It is difficult to find evidences of increased activity in any of the leading industries, and there is more idle machinery. Trade conditions are little changed, railway earnings in the first week falling 7.5 per cent, behind last year, and the late opening of lake navigation was further retarded by a strike. While many features of the business situation make poor comparisons with last year, it is worthy of note that few presidential years have made a better exhibit. "In the leading manufacturing industry scarcely any decline in prices occurred during the past week, but the average has fallen considerably from the best position of last year and consumers are confident that further delay will result in still more attractive terms. This impression is largely due to the recent disagreement among ore producers, yet it is stated on very high authority that provision has already been made for most of the year's requirements. "Commercial failures this week in the United States are 236, against 207 last week, 202 the preceding week and 196 the corresponding week last year. Failures in Canada number 23 against 27 last week, 16 the preceding week and 13 last year."

WORLD OF LABOR. The National Association of Amalgamated Painters, a rival of the Brotherhood of Painters and Decorators of America, is taking a referendum vote on the question of joining the American Labor Union.

A number of the most important laundry firms in Chicago have signed the \$15 minimum wage scale agreement of the Laundry Drivers' Union and will continue to employ only union members.

The International Association of Blast Furnace Workers and Smelters will shortly demand a restoration of the wages prevailing before the reductions were made during the month of December and January.

British shipwrights report an improvement in trade. The total net output of the union is 10,167.

IRON AND STEEL PRODUCTION.

Comparisons That Give an Idea of Its Magnitude.

To realize the magnitude of the production of iron and steel in this country during one year, one has to employ much larger standards of comparison than pounds and tons. For instance a blast furnace large enough to receive at one charge all the metal that passes through all the blast furnaces of the country in one year would have to be built to contain 2,000,000,000 cubic feet. Or to use the slightly more conceivable comparison, it would have to be twenty-four times as large as the great pyramid of Cheops. The coke used in the process of manufacture would, if piled up in a column 400 feet square, reach 6,500 feet up into the skies, and the iron ore from which all the products are made, would, if piled up in a column one-fourth of the bulk of that coke reach just as high as the former—some 34,636,121 tons. If all the car rails were rolled into one huge rail, the dimension would be 1 1/5 miles long, 81 feet high, 81 feet across at the base, and 43 feet across at the top being wide enough to accommodate a locomotive and its tender. One huge wire nail containing the metal annually drawn into such a form would make a column 1,000 feet high and 54 feet square, overtopping the renowned Eiffel Tower at Paris. The cut nails would reach to the heights of the Washington monument, and would far overtop the Park Row building, the highest in the world.

Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CLEMENT & Co., Toledo, O. Sold by Druggists, 75c.

Catarrh of the Stomach is Generally Called Dyspepsia—Something to Produce Artificial Digestion is Generally Taken.

Hence, Pepsin, Pancreatin and a Host of Other Digestive Remedies Has Been Invented.

These Remedies Do Not Reach the Seat of the Difficulty, Which is Really Catarrh.

Ex-U. S. Senator M. C. Butler from South Carolina was Senator for that state for two terms. In a recent letter to The Pe-ru-na Medicine Co., from Washington, D. C., says: "I can recommend Pe-ru-na for dyspepsia and stomach trouble. I have been using your medicine for a short period and I feel very much relieved. It is indeed a wonderful medicine besides a good tonic."—M. C. Butler.

The only rational way to cure dyspepsia is to remove the catarrh. Pe-ru-na cures catarrh. Pe-ru-na does not produce artificial digestion. It cures catarrh and leaves the stomach to perform digestion in a natural way. This is vastly better and safer than resorting to artificial means or narcotics. Pe-ru-na has cured more cases of dyspepsia than all other remedies combined, simply because it cures catarrh wherever located. If catarrh is located in the head, Pe-ru-na cures it. If catarrh has fastened itself in the throat or bronchial tubes, Pe-ru-na cures it. When catarrh becomes settled in the stomach, Pe-ru-na cures it, as well in this location as in any other. Pe-ru-na is not simply a remedy for dyspepsia. Pe-ru-na is a catarrh remedy. Pe-ru-na cures dyspepsia because it is generally dependent upon catarrh.

DR. WOOLLEY'S OPIUM & WHISKY ANTIDOTE. Will cure permanently at your own home. Mr. T. M. Brown, of DeQueen, Ark., says: "Over seven years ago I was cured of the opium habit by your medicine, and have continued in the very best of health since." Mr. W. M. Tunstall, of Lovingsburg, Va., says: "I am glad to say that I firmly believe in an entirely safe and permanent cure of the Opium Habit, as I have never even so much as wanted a drink in any form since I took your antidote, now 18 months ago. It was the best money I ever invested."

Mrs. Virginia Townsend, of Shreveport, La., writes: "No more opium. I have taken no other remedy than yours, and I make no mistake when I say that my health is better now than it ever was in my life, and I owe it to you and your remedy. It has been twelve years since I was cured by your treatment. Dr. Woolley has thousands of such testimonials, with permission to use them. A treatment with so many recommendations from physicians and cured patients must be good."

Dr. Woolley's Antidote has imitators, (as all good articles have)—perhaps you have tried some of them, but there is nothing like Woolley's. It has stood the test of thirty years. No man or woman who uses opium or whiskey in any form, or who has friends so afflicted, should hesitate to write to DR. B. M. WOOLLEY, 106 North Pryor Street, Atlanta, Ga., for his book on these diseases, which he will send free and confidential.
