Had the Client Safe. A leading London lawyer says that when he was a briefless barrister he went one afternoon to read in the Inner Temple library. He had not been there long when his small errand boy appeared, greatly excited and breathless from running. "If you please, sir," the boy gasped, "a gentleman is waiting for you at the chambers with a brief. He can't get out, sir. I've locked him in." Together the barrister and the boy hurried back to the chambers and the gentleman with a brief, who was amused at his capture, afterward became a most valuable

Two of the prominent and influential members of the Fort Fairfield, Maine, Congregational church last fall invested quite a sum of money in po tatoes, privately vowing that, if they made a profit, that profit should be given to their church. The amount made was over \$900, and the pastor made the cheering announcement that that amount had been received from the transaction by the church.

Vicar and Workman.

The vicar of a colliery district in Leicestershire, England, has just accomplished the remarkable feat of re storing, mainly by his own manual labor, his dilapidated church. Since February, 1901, the vicar has labored as a workman all the week and preached to his people on the Sundays. He has worked at the church almost alone, the only assistance being a faw days by one man.

Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be permanently relieved by Lydia E.Pinkham'sVegetableCompound

"DEAR MRS. PINKHAM: - I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain, and could find no relief, but one day when visiting a friend I ran across Lydia E. Pinkham's Vegetable Compound,—she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain, and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out." -- Miss Alice M. Smith, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee, Minneapolis Study Club. - \$5000 forfelt if original of above letter proving genuineness cannot be produced.

Lydia E. Pinkham's Vegetable Compound carries women safely through the various natural crises and is the safe-guard of woman's health.

The truth about this great medicine is told in the letters from women being published in this paper constantly.

COMMERCIAL REVIEW.

R. G. Dun & Company's weekly re view of trade says:

Trade conditions were gradually becoming more general after the conclusion of political conventions, when a new disturbing factor appeared in the strike of packing house employees and allied trades. This enhanced prices of meats and added many thousands to the already large army of unemployed, weakening the purchasing power of the people still further. Aside from this unfavorable development, the news of the week contains much encouragement. Railway earnings for the first week of July are only 6 per cent. less than last year, and foreign trade at this port showed gains of \$530,286 in exports and \$1,906,724 in imports, as compared with the same week a year

Textile manufacturing plants are operating somewhat irregularly, reduction of wages by Fall River concerns having been decided upon, and this may result in the general resumption so greatly desired. Export buying has the market, stocks of heavy sheetings and drills being fairly well cleaned up In woolen goods the week has brought the opening of new lines of medium grade men's wear at about last year's prices. This fact and some resumption of clothing factories combined to increase sales, putting this industry in a better position than other tex-

nailures this week numbered 225 in the United States, against 213 last year, and 20 in Canada, compared with 10 a year ago.

Caught Alligator With a Fishilne.

While deer, duck and quail shooting have been better this season in the neighborhood of Titusville than ir several years, Rockledge, Stuart and a few other places seem to have the expert fishermen. But it takes a Merritt fisherman to catch alligators. We are told that a few days ago a seven foot alligator was caught with a fishline. The line was set and baited with a mullet, for trout. The alligator took the bait and the book fastened itself in his throat. Had the line been a rope or chain it would have been twisted apart or the hook torn out The alligator tired himself out a: was easily taken by slipping a rope over his nose, securing his flippers and towing him ashore, where he was killed with an axe.-East Coast Advocate (Titusville, Fla.).
