

Whereas it has pleased God in his infinite wisdom to call to his eternal reward our co-worker in Christ and worthy brother, Wm. Lohr, and whereas the M. E. Sunday school and Epworth League of Centre Hall are deeply conscious of his faithful service and noble, christian character, therefore, be it

Resolved, 1st, That we thus express our sincere sorrow and deep loss, even though we at the same time rejoice in the glorious hope of eternal life which we believe is now realizing.

2nd, That we express our appreciation of his christian character, exemplified in daily life and in his public service in the church of which he was a member for many years, and that we take this lesson to heart, "be ye also ready."

3rd, That we extend to the children and friends our sincere sympathy in their bereavement and commend them to the tender mercies of our Heavenly Father, who said, "My grace is sufficient for thee."

4th, That a copy of these resolutions be sent to the family, recorded on our minutes, and printed in the Epworth Herald and the Centre Reporter.

The U. T. & T. New Orders.

The Commercial Telephone company tight end the screws one turn more on their Penns Valley patrons by issuing an order that no one out side of regular patrons will be permitted to use the lines without the payment of the toll charge of ten cents. This means that to talk from Centre Hall to Tusseyville, Pottery Mills, Spring Mills, etc., is no longer free to outsiders.

And what will the patrons do about it?

Robbery and Jewelry Store of J. D. Nyman Robbed.

Robbers gained entrance to the clothing and jewelry store of J. D. Nyman, Millheim, Monday night and made a wholesale haul on jewelry, clothing, boots, shoes, hats, and other gent's furnishings, the quantity and value of which cannot be accurately estimated by Mr. Nyman, but is supposed to reach at least several hundred dollars.

It is believed that the robbers were local talent, who did not have the forethought to investigate the cash drawer, which was easy of access, and contained considerable money. This latter condition was due to the fact that the proprietor of the store was absent, and the clerks failed to empty the till before closing the store for the night. Suspicion rests on one or more persons, but not enough to warrant immediate arrest, but there is hope of securing additional evidence, when arrests will be made.

The Nyman store is located in the Snook building, to the east of the Musser House, and is a brick structure. Entrance was gained from the rear, and accomplished by removing sufficient bricks to admit the lawless character, who then unlocked the rear door. The second door was opened by boring holes through the panels and removing the hook.

The robbery evidently was committed about two o'clock in the morning, because at that hour the borough high constable had occasion to pass the store building in looking after stray cattle.

Laboratory Change Arouses Protest.

A circular letter, protesting against the proposed removal of the State chemical laboratory from the Experimental Station at Pennsylvania State College to the Department of Agriculture, at Harrisburg, is being sent broadcast throughout the State urging the recipients, chiefly farmers, to petition Governor Pennypacker to prevent such a change.

Among the arguments used in the circular against the proposed change are:

"It is unnecessary. The State and the United States have joined in establishing the State Experiment Station for the express purpose of scientific investigation in aid of agriculture and it is a waste of public funds to duplicate its plant needlessly.

"It is contrary to the spirit of the law establishing the Department of Agriculture, which provides 'In the performance of the duties prescribed, the Secretary of Agriculture shall, as far as practicable, make use of the facilities provided by the State Agricultural Experiment Station.'

"It would seriously affect the work of the Experiment Station. The fees received from the department for the analysis of fertilizers and feeding stuffs constitute a considerable item in its gross income, and any excess over the cost of analysis helps to support the general work of the station in the interest of the farmers of the State. This is the only way in which the State even indirectly aids to support the station."

The circular is signed by many prominent agriculturalists throughout the State.

Niagara Falls Excursion.

The Pennsylvania Railroad Company has selected the following dates for its popular ten-day excursions to Niagara Falls from Washington and Baltimore: July 8 and 22, August 12 and 26, September 9 and 23, and October 14. On these dates the special train will leave Washington at 8:00 A. M., Baltimore 9:05 A. M., York 10:45 A. M., Harrisburg 11:40 A. M., Millersburg 12:20 P. M., Sunbury 12:58 P. M., Williamsport 2:30 P. M., Lock Haven 3:08 P. M., Renovo 3:55 P. M., Emporium Junction 5:05 P. M., arriving Niagara Falls at 8:55 P. M.

Excursion tickets, good for return passage on any regular train, exclusive of limited express trains, within ten days, will be sold at \$10.00 from Washington and Baltimore; \$9.35 from York; \$10.00 from Littlestown; \$10.00 from Oxford, Pa.; \$9.35 from Columbia; \$8.50 from Harrisburg; \$10.00 from Winchester, Va.; \$7.80 from Altoona; \$7.40 from Tyrone; \$6.45 from Bellefonte; \$5.10 from Ridgway; \$6.90 from Sunbury and Wilkesbarre; \$5.75 from Williamsport; and at proportionate rates from principal points. A stop-over will be allowed at Buffalo within limit of ticket returning.

The special trains of Pullman parlor cars and day coaches will be run with each excursion running through to Niagara Falls. An extra charge will be made for parlor-car seats.

An experienced tourist agent and chaperon will accompany each excursion. For descriptive pamphlet, time of connecting trains, and further information apply to nearest ticket agent, or address Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia.

Potter Township School Teachers May Demand Increase in Wages.

The Potter township school board has information that there is a possibility of a general strike among the school teachers in the township. A petition, it is said, is being circulated among the teachers for signature, and should a sufficient number of instructors sign, the strike will be called "on." The demand made on the directors is to establish the former graded salary system, which gave teachers of experience an advantage, in salary, over those of less experience. The teachers see an opportune time to accomplish their end, owing to the lateness and the scarcity of instructors.

The directors view the situation with considerable serenity, and rest their cause on the fact that the teachers all knew the wages each was to receive; that those holding professional certificates will receive almost \$5.00 per month more than heretofore; that the finances of the township will not warrant an increase of salary over that named in the minimum salary law, and that the board will have the support of the great majority of tax payers in fixing the salaries at not above \$35.00 per month.

It was intimated, by one well acquainted with the sentiments of the board, that should the teachers make the demand for an increase of wages, an effort would be made to secure more competent instructors from abroad and shut out less successful teachers, without reference to the character of certificate held.
