FROM MISERY TO HEALTH.

A Prominent Club Woman of Kansas City Writes to Thank Doan's Kidney Pills For a Quick Cure,

Miss Nellie Davis, of 1216 Michigan avenue, Kansas City, Mo., society leader and club woman, writes: "I cannot say too

I was suffering from kidney troubles brought on by a cold. I had severe pains in the back and sick headaches, and felt miserable all over. A few boxes of Doan's Kidney Pills made me a well woman, without an ache or pain, and I feel compelled to recommend this reliable remedy."

Judge Got Back His Wallet. While sailing down the bay in his catboat the other day with a party. Judge Stackpole lost his wallet over board, near Riverhead, L. I. It had about \$35 in it. The loss was not discovered until some time later, when it came floating along while some of the party were in swimming. A few of the bills in the pocketbook had floated away. Otherwise all of the money was recovered. The person who discovered the wallet and money floating along with the current was considerably surprised. At first it was thought that the bay must have more money in it than fish, and the other members of the party made a scramble to get hold of some of the riches that appeared to be floating right into their open arms. Their joy was short-lived however, for the judge quickly discovered with his keen legal eye that the

money belonged to him.

TWO GIRLS' INDIAN ANCESTRY.

Dasis of Claims that Secured Them Valuable Tracts of Land. A romance that has come down

through several centuries has recently developed as the result of the Dawes commission awarding allotments of valuable land to two St. Louis young women, the Misses Jessie Mae and Blanche Hall.

It was necessary in the cases of the Misses Hall to trace their ancestry unmistakably to an Indian parent. The romance that has developed began when their great-great-grandfather came to America as a French voyageur.

Thomas Condray was a member of a wealthy, aristocratic French family. His health failed early in life, and the trip to America was advised by physicians and finally agreed to by alarmed parents.

He came with the view of returning to France after a few months, but a beautiful Cherokee maiden interrupted his plans; he paid court to her, married and ever afterward lived in America with his Indian wife and children.

Through Florida he had drifted into Georgia, and there met the Cherokee girl, whose blood still courses sufficiently in the veins of these two St. Louis young women to entitle them to equal rights with the full-blood tribesmen of to-day.

The ancestry was traced directly by the Dawes commission, and upon their investigation of the alleged rights of the Misses Hail was established their title to the land. They have 600 acres of as valuable land as is included in the domain of the five tribes. The young women are but 1-16th Indian blood .- St. Louis Globe-Democrat.

Advocate Lays His Complaint Before Charles C'Conor and Gets Answer. It is said that one day when Roscoe Conkling was beginning to attain some measure of success he dropped into

the office of Charles O Conor of New York, then one of the leaders of the "What's the trouble?" asked the latter, as Conkling excitedly paced the

"I've just been subjected to the worst insult I have ever received. This is the first time a client ever ob-

jected to my fee." "You know I defended Gibbons for arson and put in some tremendous work for him. He was convicted at the trial, but we couldn't help it, and I took the case to the superior court and we lost there, then on to the supreme court and that affirmed the conviction and he has been given ten years. Now, my fee only amounted to \$3,000 and the scoundrel actually has the audacity to grumble about it, saying it's too high. What do you think

"Well," said O'Connor slowly, "of course, you did a lot of work and \$3,ove is not a big fee, but to be frank with you, Mr. Conkling, my opinion, founded on mature consideration, is that he might have been convicted for less money."

#### CUMMERCIAL REVIEW.

R. G. Dun & Co.'s "Weekly Review of Trade" says: Trade has improved somewhat,

chiefly because of better crop prospects and the fact that last week's variations in prices of steel products failed to demoralize that industry. The industrial atmosphere is still disturbed by labor controversies, however, and it will be impossible to fully restore national prosperity until the proportion of voluntarily unemployed wage-earners is greatly reduced. Despatches from leading cities indicate irregular conditions, but there is increasing confidence in the future. Prospects are considered bright on the Pacific Coast, because of the high prices paid for farm products. Foreign commerce at this port for the last week was unfavorable, exports showing a loss of \$1,091,905, as compared with the same week last year, while imports decreased \$2,267,773.

Price uncertainty still dominates the iron and steel market. Various constructions are placed upon the recent reduction, but, whatever the object may have been, the result has certainly militated against recovery at a most critical time, and the hope that the father was beating her at the still more attractive quotations may prevail causes postponement in placig contracts.

Failures this week numbered 205 in the United States, against 176 last year, and in Canada 30, compared with 33 a year ago.

Bradstreet's says: "Wheat, including flour, exports for the week ending August 25 aggregate 1,084,333 bushels, against 1,703,047 last week, 3,345,056 this week last year, 5,436,530 in 1902 and 6,607,611 in 1901. From July 1 to date the exports ag gregate 10,634,151 bushels, against 25, 078,289 last year, 36,777,207 in 1902 and 54,761,506 in 1901. Corn exports for the week aggregate 763,846 bushels. against 520,362 last week, 866.320 a year ago, 115,150 in 1902 and 441,918 in 1901. From July I to date the exports of corn aggregate 4,563.319 bushels, against 8,325.295 in 1903, 754,-559 in 1902 and 8,699,021 in 1901.

Miss M. Cartledge gives some helpful advice to young girls. Her letter is but one of thousands which prove that nothing is so helpful to young girls who are just arriving at the period of womanhood as Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham: —I cannot praise Lydia E. Pinkam's Vegetable Compound too highly, for it is the only medicine I ever tried which cured me. I suffered much from my first menstrual period, I felt so weak and dizzy at times I could not pursue my studies with the usual interest. My thoughts became sluggish, I had headaches, backaches and sinking spells, also pains in the back and lower limbs. In fact, I was sick all over.

"Finally, after many other remedies had been tried, we were advised to get Lydia E. Pinkham's Vegetable Compound, and I am pleased to say that after taking it only two weeks, a wonderful change for the better took place, and in a short time I was in perfect health. I felt buoyant, full of life, and found all work a pastime. I am indeed glad to tell my experience with Lydia E. Pinkham's Vegetable Compound, for it made a different girl of me. Yours very truly, Miss M. Cartledge, 533 Whitehall St., Atlanta, Ga."

At such a time, the grandest aid to nature is Lydia E. Pinkham's Vegetable Compound. It prepares the young system for the necessary changes, and is the surest and most reliable cure for woman's ills of every nature. Mrs. Pinkham invites all young women who are ill to write her for free advice. Address. Mrs. Pinkham, Lynn, Mass.

Mrs. Estes, of New York City, says: "Dear Mrs. Pinkham: —I write to you because I believe all young girls ought to know how much good your medicine will do them. I did dress-making for years before I was married, and if it had not been for Lydia E. Pinkham's Vegetable Compound, I do not believe I could have stood the strain. There is no other work that is such a strain on the system. Oh, how my back used to ache from the bending over! I would feel as though I would have to acream out from the pain, and the sitting still made me so terribly tired and weak, and my head throbbed like an engine. I never could cat after work, I was so worn out. Then I was irregular, and had such frightful cramps every month they would simply double me up with pain, and I would have to give up working and lie down. But Lydia E. Pinkham's Vegetable Compound changed me into a strong, well woman. Yours very truly, Mrs. Martha Estes, 513 West 125th St., N. Y. City."

No other female medicine in the world has received such widespread and unqualified endorsement. No other medicine has such a record of female troubles cured. Sold by druggists everywhere. Refuse all substitutions. Remember every woman is cordially invited to write to Mrs. Pinkham, if there is anything about her symptoms she does not understand. Mrs. Pinkham's address is Lynn, Mass.
