Mistake of Word, Not Spirit. That Mme. Schumann-Heink is not always able to express herself in English as she can in song is illustrated by the following little story that is circulated at her expense: It seems that among her friends she has the reputation for remarkable tact and adaptability. Not long ago, in conversation with an intensely patriotic American, the talk quite naturally turned upon the subject of the American flag.

"Oh," said the singer, turning her rapturous gaze full upon her companion. "I do love your flag. Why, in my home in Germany we do hiss it on our house every Fourth of July," and it was not until later that she learned from an obliging friend that the word "hiss" was not the same as "hoist" in America.

Bostonian Diversion. On a trip to Boston, a native of Iowa was entertained by a Boston mother, and during the visit he was asked one day:

"Won't you please amuse the baby about five minutes?"

"I'm afraid I don't know how," replied the Iowa.

"Oh, just talk a little," said the cheerful Boston woman; "she always finds your Western grammatical peculiarities so amusing."

We have decided half a dozen cases this morning, and I have not heard a word of one of them!"

COMMERCIAL REVIEW.

R. G. Dun & Co.'s weekly review of trade says:

All measures of trade indicated the customary loss due to holiday interruption, but subsequently much of the deficit was regained, numerous evidences of increasing confidence being seen in the disposition to place orders for distant shipment. Increased consumption of pig iron is also significant, and in other leading branches of manufacture there is a steadily diminishing percentage of idle machinery. Woolen mills are busy, despite the fact that it is between seasons and the raw wool market is very strong.

Developments in the leading manufacturing industry are about equal to the most sanguine expectations. Demand is broadening in a wholesome manner, large contracts calling for a heavy tonnage of plates, wire, pipe and sheets. Orders for structural shapes were heavier than at any previous time this year, and sales of bars were made at \$2 above the list price.

Footwear manufacturers report a satisfactory volume of supplementary orders from Eastern jobbers for delivery early next year.

Failures this week numbered 213 in the United States, against 283 last year, and 17 in Canada, compared with 27 a year ago.

Bradstreet's says: Wheat, including flour exports for the week aggregated 1,454,276 bushels against 1,482,202 last week, 3,659,822 this week last year, 4,440,160 in 1902 and 4,983,734 in 1901. Corn exports for the week aggregated 148,051 bushels, against 346,927 bushels last week, 1,688,282 a year ago, 281,901 in 1902 and 629,924 in 1901.

GOVERNOR OF OREGON

Uses Pe-ru-na For Colds and Excellent

In His Family Finds It an Remedy

The Magnificent State Capitol Building at Salem, Oregon.

PRaise FROM THE EX-GOVERNOR OF OREGON.

PERUNA is known from the Atlantic to the Pacific. Letters of congratulation and commendation testifying to the merits of Peruna as a catarrh remedy are pouring in from every State of the Union.

Dr. Hartman is receiving hundreds of such letters daily. All classes write these letters, from the highest to the lowest. The outdoor laborer, the indoor artisan, the clerk, the editor, the statesman, the preacher—all agree that Peruna is the catarrh remedy of the age.

The stage and rostrum, recognizing catarrh as their greatest enemy, are especially enthusiastic in their praise and testimony. Any man who wishes perfect health must be entirely free from catarrh. Catarrh is well-nigh universal; almost omnipresent. Peruna is the only absolute safeguard known. A cold is the beginning of catarrh. To prevent colds, to cure colds, is to cheat catarrh of its victims.

Peruna not only cures catarrh, but prevents it. Every household should be supplied with this great remedy for coughs, colds and sore throats. The ex-Governor of Oregon is an ardent admirer of Peruna. He keeps it continually in the house.

A Sure Thing. A crowd standing around one of the bookmakers at Overland park, Denver, one day during the races was given an opportunity to have a little joke on that self-important person, who was interrupted in his talk to the men by a well-dressed man who forced his way to him and said something excitedly.

The bookmaker beat on the railing before him and called for attention. "Gentlemen," he shouted. "I have been asked to say that a pocketbook containing \$500 has been lost or stolen from a gentleman here who says he will give a reward of \$50 for it."

"Seventy-five dollars!" yelled some wag on the outskirts of the crowd. "Ninety dollars!" came from someone else instantly.

"One hundred dollars!" "One hundred and twenty-five dollars!" "One hundred and fifty dollars!"

In a moment the enthusiastic bids for the lost purse caused its owner to retreat to the grand stand and the bookmaker to say things which were drowned in the laughter of his audience.

Women who work, whether in the house, store, office or factory, very rarely have the ability to stand the strain. The case of Miss Frankie Orser, of Boston, Mass., is interesting to all women, and adds further proof that woman's great friend in need is Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered misery for several years. My back ached and I had bearing down pains, and frequent headaches. I would often wake from a restless sleep in such pain and misery that it would be hours before I could close my eyes again. I dreaded the long nights and weary days. I could do no work. I consulted different physicians hoping to get relief, but finding that their medicines did not cure me, I tried Lydia E. Pinkham's Vegetable Compound, as it was highly recommended to me. I am glad that I did so, for I soon found that it was the medicine for my case. Very soon I was rid of every ache and pain and restored to perfect health. I feel splendid, have a fine appetite, and have gained in weight a lot."—MISS FRANKIE ORSER, 14 Warrenton St., Boston, Mass.

Surely you cannot wish to remain weak, sick and discouraged, and exhausted with each day's work. Some derangement of the feminine organs is responsible for this exhaustion, following any kind of work or effort. Lydia E. Pinkham's Vegetable Compound will help you just as it has thousands of other women.

The case of Mrs. Lennox, which follows, proves this.

"DEAR MRS. PINKHAM:—Last winter I broke down suddenly and had to seek the advice of a doctor. I felt sore all over, with a pounding in my head, and a dizziness which I had never experienced before. I had a miserable appetite, nothing tasted good, and gradually my health broke down completely. The doctor said I had female weakness, but, although I took his medicine faithfully, I found no relief.

"After two months I decided to try what a change would do for me, and as Lydia E. Pinkham's Vegetable Compound was strongly recommended to me I decided to try it. Within three days I felt better, my appetite returned, and I could sleep. In another week I was able to sit up part of the day, and in ten days more I was well. My strength had returned. I gained fourteen pounds, and felt better and stronger than I had for years. I gratefully acknowledge its merits. Very sincerely yours, Mrs. BERT E. LENNOX, 120 East 4th St., Dixon, Ill."

\$5000 REFUND if we cannot forthwith produce the original letters and signatures of above testimonials, which will prove their absolute genuineness. Lydia E. Pinkham Med. Co., Lynn, Mass.
