Trolley Line Suburb to Milton.

S. M. Eulings, Jr., of Philadelphia, and R. H. Twigley, of New York representing interests with which M. H. Kulp and his co-workers in the Shamokin and Edgewood Electric Railway Company are about to build a trolley line from Shamokin to Sunbury, were in Sunbury Tuesday of last week, looking over the field. From the present indications, active work will soon be begun on the line, which will mean much to both the metropolis and the county seat of Northumberland county.

Rock Worker is Fatally Injured.

Claire Kessinger, driller for the American Lime and Stone Company, at Bellefonte, after drilling a hole in the rocks Friday of last week, inserted a stick of dynamite, and then used what is known as a tamping pole to push it further down.

A premature explosion took place, blowing him thirty feet in the air. He was picked up in the quarry, twenty-five feet from where the accident took place.

A large piece of the iron bar had pierced his body, and one lung was found to be punctured. There is little hope of his recovery. He is about thirty years old and has a family.

Evangelicals May Sell Property.

The trustees of the United Evangelical Centre Hall charge recently had an offer of \$800 from Daniel Daup for the parsonage occupied by Rev. J. F. Shultz. Action will be taken by the trustees on the proposition at their next meeting, and it is likely that the offer will be accepted.

When the division occurred in the Evangelical church the United Evangelical wing built the parsonage referred to and it has been occupied since by the various pastors. Later, when the property ownership was settled, the United Evangelical church, the only branch represented in Centre Hall, became the owners of the parsonage located by the side of the church. After the expiration of the present pastor's term, in March, the original parsonage will be used.

Little Girl Killed.

Mary Spieher, a little 5-year-old girl, daughter of Mr. and Mrs. James Spieher, of Cresson, and granddaughter of John Spieher, of Centre Hall, was run down and instantly killed at Cresson, Thursday afternoon of last week, by second section of fast mail. After school she was sent by her mother to the grocers, and to reach the store had to cross the railroad. She started on her errand, accompanied by her sister, and in passing over the railroad at the crossing, near MO tower, they failed to notice the approach of the fast express train. It struck the Spieher girl and hurled her from the track, while her companion escaped injury. The child was dead when picked up and an examination showed that her skull had been fractured.

The father is a conductor on the Cresson and Clearfield division of the Pennsylvania railroad, and recently moved from Patton to Cresson.

The philanthropist generally manages to be caught in the act.

ANOTHER WAD GONE.

Stores His Money in a Sheep Stable—\$1400 Disappear from Henry Eby.

A short time ago the Reporter gave an account of a robbery at Woodward at which time Michael Eby was relieved of at least one thousand dollars in cash. Now it appears that another wad of 1400 has been captured by some one who is "cultivating" good soil.

A correspondent from near Woodward writes the robbery up thus:

Another bold and daring robbery took place at the home of Michael Eby Sunday a week. It appears that in the morning Moses Eby returned a loan of \$1400 to his brother Henry, (living with Mike). They counted the money over in front of the barn to be sure it was all right. Henry then wrapped it in a paper and took it into an old sheep stable for safe keeping. During the day he prepared some other place for his money, and about dusk went to get the money, but it could not be found. They strongly suspect some parties, but as no one saw who took the money the thief is still at large.

Accidents at Centre Line.

While baling hay at Centre Line Roy Buck was feeding the machine with his foot and by so doing he received a badly crushed foot. On the same day Mr. Frank, of near Warriors-mark, was moving a hay baler and his horses frightened and ran away. He was thrown off and the wheel went over him inflicting serious wounds.

This tract has about three million feet of pine and oak timber, and Mahlon Matter has contracted to cut, saw and deliver the lumber.

BOY RUN OVER.

Sad Accident Which Resulted in the Death of a Little Milesburg Boy.

A very sad accident occurred at Milesburg Tuesday afternoon of last week, which resulted in the death of Lloyd McKinley, a little grandson of James McKinley. The little fellow was on his way home from school and seeing John Slacker driving past in a two-horse wagon, with a load of saw, boy like, he climbed on behind. In the mean time he hung his dinner pail on the cross piece under the wagon. When he got off, he ran under the wagon to get his pail, but the wagon had not stopped and the boy was caught and dragged for some distance.

The boy was taken to the Bellefonte Hospital, but his injuries were so serious that he died Thursday morning at 11:15. The remains were taken to his grandfather's home in Milesburg, where the funeral services were held Sunday morning. He was aged five years and ten months.

CARRIERS TRIED BULLDOZING.

And Now the Rural Free Delivery Service is Threatened With Overhauling.

A general overhauling of the rural free delivery carrier service is expected to follow the pending investigation of charges made by Congressmen.

In the heat of the Presidential campaign complaints were made to the President and to the Postmaster General by several members of Congress who were candidates for re-election that they were being made the victims of a systematic plan on the part of the Rural Letter Carriers' Association to defeat them unless they should accede to certain demands of the association.

One of these demands was that the carriers should have an increase of pay. A special effort was made by members of the association to embarrass Representative Overstreet, of Indiana, chairman of the Post Office and Post Roads Committee of the House, because, it is alleged, he had not done for the rural carriers what they thought he ought to have done.

By direction of the President, an investigation of the matter was instituted by the Postmaster General. It has been in progress for two or three weeks, and the intimation is given that thus far it tends to substantiate the charges.
